the successor of Senator Thurman. VIEWS OF THE RESULT IN WASHINGTON.

WASHINGTON, Oct. 15.—Over the Republican headquarters there were suspended several brooms, indicating that | The Second Day-A Novel Procession a clean sweep had been made. The result is unquestionably a surprise and disappointment to the Denograms. While for a week or two past they have been satisfied that Ewing's chances were slim, they have had the most perfect confidence in their ability to carry the Legislature . The Legislature has indeed been considered the prize of the contest. That it has been wrested from the Democrats under such favorable circumstances for them is conclusive that the people of Ohio have tired of that the people of Ohio have tired of the theore is a feel-

There are not a few of the broader and more sagacious Democrats here who consider that the Democratic defeat is a blessing, and not altogether in disguise, either. Had Ew ing been elected Governor the softmoney Democracy of the West would have come into the next national convention with wild chimeras, and if they had not been able to control that body they would most likely have caused a

LIVER PILLS

CELEBRATED

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPERSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax: the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been exten-

DR. C. McLane's Liver Pills, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequaled.
