STATE NEWS.

A battery is to be organized at Salisbury.

A Forsythe man measures 6 feet 10 inches in height.

In Robeson court last week Peter Leach was convicted of murder.

The mayor of Raleigh disposed, Monday morning, of an even dozen cases of d. and d.

Capt. S. W. Vick, for several years a commission merchant of Wilmington, has moved to Charleston.

The Raleigh Observer says that in a certain part of Wake county water is so scarce that it is sold for a price.

A negro woman assaulted a negro man in Wilmington Saturday night, inflicting a wound in his head which may prove fatal.

The Winston Leader learns that Mr. Elijah Stafford, of Forsythe, was thrown from his buggy a few days ago and had an arm and thigh broken.

Mr. John Burton is still living in Person on the road leading from Hillsboro to Roxboro, at the advanced age of 98, in full possession of all his faculties.

Roxboro claims to have one of the largest and best operated cigar factories in the Southern States, owned and managed by Messrs. S. P. Satterfield & Co.

There is a young man in this town, says the Durham Recorder, who is in such distress at not hearing from his "girl" that he takes purgative to make him sleep.

Raleigh Observer: We can begin to form some estimate of the fishing interest of Beaufort, when we know that a hundred dollars a day is required to pay the freights.

Hale's Weekly says the condition of Adjutant-General Johnstone Jones is not improved. He is still confined to his bed in the University Hospital in Philadelphia.

Raleigh News: It is understood that General John C. Gorman and Colonel A. W. Shaffer are applicants for appointment as supervisors of the census in this State.

Rev. and Mrs. B. H. Hester celebrated their golden wedding in Oxford last week. Early children and grandchildren, with more than sixty friends and neighbors, were present.

Hale's Weekly: During the past week there were four deaths, two white, two colored, two males, two females. The deaths thus far in November have been ten, five white, five colored. There are a few sporadic cases of diphtheria, and a number of cases of whooping-cough.

Rev. Dr. Skinner, pastor of the First Baptist church in Raleigh, lately received from Mr. Pierre Lorrillard, of New York, a present of a box containing 1,000 cigars, worth \$1 each and a \$1,000 bill. Mrs. Skinner is a cousin of Mr. Lorrillard.

Winston Leader: The charter for the Winston, Salem & Madison Railroad Company was obtained on Thursday last. Mr. E. E. Gray went to Raleigh and had the papers fixed up. It looks like business when Winston raises a subscription of \$32,000, and pays in the 5 per cent.

When the Frayne-Tiffany Combination reached the fourth act in their play presented in the Wilmington opera house Monday night, the gas gave out, leaving players and audience in utter darkness, but the latter were so much pleased that they insisted upon the play going on, and it was finished by the light of a few candles and kerosene lamps.

The correspondent of the Robesonian states that Rev. H. Martin was installed pastor of the Presbyterian church of Shoe Heel, last Sunday night. Mr. Hill, of Fayetteville, preached the sermon and propounded the constitutional questions. Mr. Coble delivered the charge to the pastor, and Mr. Lacy the charge to the congregation.

Whooping cough has broken out in the Oxford orphan asylum and Superintendent Mills publishes a card announcing the fact and asking for contributions to assist him. He says: "The friends of the orphans are invited to send us bed covering, flannel cloth, yarn socks and stockings, and any kind of warm clothing. We shall also need fat pork and beef, meal, flour, hominy and peas; strong food being essential to bodily vigor."

Lumberton Robesonian: Last Friday night about 7 o'clock the turpentine distillery of Messrs. Biggs & Collins, situated near this town, was observed to be on fire. The flames spread rapidly, and ignited the stables near by, containing two mules and a horse. The stock were driven out before they were injured by the flames, but they wandered off to the railroad in time for two of them to be killed by the 7:30 through freight. The fire is supposed to have been the work of an incendiary. Loss about \$500.

Winston Leader: The long bridge over Muddy Creek known as Alsbaugh's Bridge, broke down on Tuesday evening last. A train of 16 engines and 15 cars was crossing at the time, and, fortunately only one was caught in the ruins. The mules, wagon, driver and all were in the fall and strange to say, no one was killed, the animals not tripping and the wagon was somewhat smashed. The wagon was loaded with whiskey, part of which was lost. The team was safely got out and the others crossed on the other part of the creek. The county was somewhat considerable damage in this accident.

Durham Recorder: On Monday morning last, just before the arrival of the train from the west, that is, between 2 and 3 o'clock, a lad who was walking on the track discovered that a bar of iron had been placed under the rail in such a position that the flange of the wheels of the engine would catch it, and throw off the train. With great promptness and presence of mind, the lad ran up the road to a field in which there was a stack of fodder, and taking a bundle, ran back to the train, struck a match and ignited the fodder just in time to stop the train which had then come in sight. The young man's name is Crabtree.

Blue Ridge Blade: Last week while Mr. Larkin Thomas was traveling the public road leading from Moore's Cross Roads to Piedmont Springs he saw four boys upon the road, just before him. He went back to the former place and got a large crowd of men who with a number of dogs went in pursuit of the boys, which they overtook about twenty miles from where they were first seen. The largest bear, full out of the tree and after killing and crippling most of the dogs it went for the crowd, who beat a hasty retreat. Mr. Thomas leading a party of men, captured the bear and shot it dead. The boys were taken to the Sheriff and Co. Marshall, Mich., was an agent in this county at once at a salary of \$100 per month and expenses paid. For full address as above. 1015-17.

A VICTORY WON!

When a noble deed is performed, a great battle fought, an important assembly convened, thereforth the place of their occurrence becomes famous. The noble result follows whenever a great enterprise is originated or carried on. This holds true in commercial enterprises; certain portions of a city become known as the centre of important enterprises. The history of our house is a practical illustration of this fact, for who does not know that the

DR. C. McLANE'S

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the

edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the

head, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are constipated, sometimes with laxity; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of energy, and the patient is unable to do his usual work.

A slight, but constant, weariness and aching in the limbs, and he complains of a prickling sensation of the skin; his spirits are low; and although he is sensible that exercise would be beneficial to him, he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy.

Several of the above symptoms attending the disease, may occur in a single instance of the liver, after death, has shown the LIVER to have been enlarged.

Dr. C. McLane's LIVER PILLS are the best cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequalled.
