SOUTH CAROLINA NEWS.

The Legislature meets next Tuesday, The Charleston News and Courier will henceforth issue a Sunday edition Since September 1st 3,482 bales of cotton have been shipped from York-

The mails and freight are now delivered at the river on the Chester & Cheraw Railroad. Mr. John Gordon was thrown from

his wagon near Mr. D. C. Wolf's gin, in Indian Land township, Lancaster county, on the 13th instant, and seriously if not fatally injured.

The Chester Bulletin reports this singular accident: Jim Anderson, a colored man, living on the plantation of Mr. R. M. Dodds, received a wound from the accidental discharge of a pistol last Tuesday. He was drawing water, when the windless slipped out of his hand and struck a pistol which was in his pistol pocket. The ball entered the fleshy part, of the thigh, and, ranging downward, lodged below the knee cap.

sions occurred—the first at 11:50 p.m., out. the second at 11:55 p. m., and the third at 12:20 a. m. The men were changing shifts at the time of the first explosion. Seven Chinamen have been taken out, all horribly burned. Twenty-four dead remain in the tunnel. A Chinaman named Ah Wo was taken out, burned about the chest and injured internally. He was found dead in his cabin an hour afterward, strangled with a silk scarf. The gas prevents any attempt to recover the bodies at present. The work will be delayed for months.

Docun't Believe the Yarn About the Speechless Darkey. To the Editor of The Observer:

My Christian Triend, Rev. J. F. Butt, in this morning's issue of THE OBSERVER, sends the Register a message, and makes a few Scriptural quotations which are good, and should be kept constantly in mind by Bro. B. and the rest of mankind. The information is that we are the "Ananias" referred to.

We stated, in last week's Register, that Bro. Butt had informed THE OBSERVER of a negro who had been struck speechless for blacking boots on Sunday; that the nigger was anxious to day; that the nigger was anxious to create a religious sensation, and that Bro. Butt was willing be should do it. He would have difficulty in finding be-

lievers in his speechless humbug.

We made no accusation against Bro.
Butta He says that we accuse him of "owning a nigger" which is "Ananias" language. We believe in God with as much ferver as does Bro. Butt. We believe that the people in the days of Noah, and in the days of Lot, were Noah, and in the days of Lot, were skeptical, without a message from the reverend gentleman being necessary to inform us. We believe that God sometimes makes His power felt by the children of men, but we don't believe the absurd tale of that negro—that he was struck speechless for blacking boots on Sunday.

We would call Bro. Butt's attention to the fact, when he says "Remember Lot's wife," that she did not suffer for the sin of a skeptic, but for disobe-

the sin of a skeptic, but for disobe-dience, a weakness of which humanity is full. It was love for her friends. When he says to us "Remember Ananias and Saphira," we would remind him that they suffered for lying. In our article we did not make an accusation against him, hence we did not lie, and hence we would say to him, just as kindly as he did to us. Remember A. and S., especially in your mission of mercy. Keep these things constantly in your mind, and be certain when you see the statement of a negro fanatic doubted by your friend, haste not, in publishing him a false accuser, to make yourself an "Ananias."

COLORED EMIGRANTS. A Band of Sixty on Their Way to In-

diana.

About 1 o'clock yesterday some fifty or sixty colored emigrants arrived in this city from North Carolina. Upon arrival at the Baltimore & Potomac depot the leaders of the party proceeded to the office of the Emigrant Aid Society, at No. 934 B street, and requested assistance in continuing their journey westward. Some of the emigrants had been able at the time of their departure from home to purchase through tickets to their destination, but by far the larger number of them lacked sufficient means to continue their journey from this place. The society's funds at the present time are quite limited, but the emigrants were made comfortable at the Baltimore & Ohio depot for the night, and an effort will be made to-day to provide each of the destitute ones with an emigrant's ticket to northern Indiana, where friends and correspondents of the socie-ty are securing homes and employment for those sent out under its

auspices.
They are clean, intelligent looking people, and will not detract in any way from the respectability of the commu-nities in which they may locate.

A Great Sale. Greensboro Patriot. A number of our citizens went down Chester Bulletin: We are informed by a gentleman from Lancaster that Mr. James C. Adams, the husband of the maniac mother, is lying in a critical condition at the residence of his father in Lancaster county. His indisposition was occasioned by the fearful shock he received when informed of the horrible work of his wife. Our informant says that when he last heard from him his that when he last heard from him his life was despaired of.

Dr. Mebane bought one horse at \$111, and another was sold immediately thereafter for \$110. A little four months old calf brought \$6, and the best price paid for cows was \$70. Six hundred bushels of wheat were sold at \$1.38 and \$1.45 per bushel. The sales of the first day alone amounted to \$2,500. The cash came down for everything on the spot, and taking it on the whole,

about 2,700 feet from the mouth of the tunnel, which caused an explosion of the gases generated by the filtering of coal oil through the roof and sides of the tunnel. Twenty-one Chinamen and two white men were at work in the tunnel at the time. Immediately about twenty more Chinamen rushed into the tunnel with torches to aid their comrades, and when they had penetrated about 1,500 feet their torches caused a second explosion more violent than the first, shaking the mountain to its centre. The white men—Lindle and Johnson—were brought out terribly burned, and about ten Chinamen, all seriously injured. As near as can be learned some thirty Chinamen were killed. The second explosion wrecked the engines and ond explosion wrecked the engines and Radical sheets style the poor, downworks.
