Double Stamping. For some time past the postmaster has been stamping on the reverse side of all letters received at the office here the name of the office, Charlotte, with the date of the reception of the letter at the office. This is in accordance with instructions from the pastmaster gen-eral and will aid the department in tracing the causes of delay of letters, as well as give the receiver information which may in many cases be valuable to him. An Inter-County Cocking Main.

It is now pretty well understood that there is to be a grand cocking main between chickens in Alamance and Mecklenburg counties about Christmas. The lenburg counties about Christmas. The arrangements have not yet been fully made, but there surely will be some lively fighting during the holidays. It is supposed that the pit will be made at the fair grounds, as it is against the city ordinances for this enout to be carried on within its limits.

The Grand Lodge of the Independent Order of Good Samaritans and Daugh-

About thirty delegates from different subordinate lodges in the State are present. The members of the order will have a parade on the streets to-day at 1 p. m., after which they will repair to the Methodist church where the funerals of C. N. Moore and Hattie Hunter, officers of the grand lodge, who have died recently, will be preached by Rev. Z. T. Pearsall, R. W. G., treasurer, assisted by Rev. A. D. Eaton. The lodge will be in session several days. Post Office Changes.

RICHMOND, December 10.-In the General Assembly to-day, three addi-

tional State officers were elected, viz: Corbin Reynolds, of Botetourt county, treasurer, vice R. M. T. Hunter; R. F. Walker, of Richmond City, for superintendent of public printing, vice K. E. Fra s r, and Samuel C. Williams, Jr., of Rockingham county, for superintendent of penitentiary, vice Samuel A Swann. Over three hours were consumed in the election of superintendent of public printing, the nominating speeches in the Senate bringing on partisan debate of a strong and bitter nature, which de-layed the work of both Houses. Three more offices remain to be filled to-morrow, and then the readjusters will have full control of the State government.

Revenue Appointments.

WASHINGTON, Dec. 10 .- The followng appointments of storekeepers and

gaugers in the internal revenue service have been made by the Treasury De-partment: L O. Lafin, for the sixth district of North Carolina; Jas. Polk Peeples, for the eight district of Ten-nessee; J. M. Church, for the second district of Georgia, and H. C. Buford, for the second district of Alabama.

why A it that the winners of the plizes in the Louisiana State Loticery Company always seem to be men who are pretty sharp in the ways of the world? Editors, pointers, hotel clerks, bankers, telegraph operators merchanis, and many other professions and occupations seem to have a spec-ial knack of hitting the right number. The peo-ple enumerated have the best means of fully con-vircing themselves that the statements made by the company are reliable and true, and that as sure as the sun rises on the sixteenth of December next, the semi-annual extraordinary distribution will take place at New Orieans, under the sole management of Generply G. T. Beauregard and Jubal A. Early, when over a half of million of dollars will be distributed. The full parifeliars of which can be had of M. A. Daupbin, P. O. Mrs. Winslow's Soothing Syrup. Rev. Sylvanus Cobb thus writes in the Boston

Christian Freeman:-We would by no means re-commend any kind of medicine which we d'd not commend any kind of medicine which we d'd not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Sy, p we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parent's unknown rest at night. Most parents can appreciate these blessings. Here is an article which works to per-fection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething slege, on any consideration whatever.
