KING'S MOUNTAIN. Some of the Errors of Historians. It is an admitted fact that on the afternoon of Saturday, the 7th day of October, 1780, a battle was fought at this place, which a body of undisciplined Americans, inferior in numbers and equipment, then and there surrounded and killed or captured the entire force of British and Tories under Col. Ferguson.

WEST SIDE. "Colonel Ferguson, an officer of his Britannic Majesty, was defeated and killed at this place on the 7th of October, 1780."

Laying Back the Ears. The expressive gesture which many animals make with their ears is matters of familiar observation. Nothing is more significant than the drawing back, and pressure of the ears to the head, which indicates a savage frame of mind.

An Organized Anti-Third Term Movement in the Republican Party. Now the least interesting political event of the times is the inauguration at Albany of an organized opposition, within the Republican party, to the nomination of Gen. Grant for a third term.

Her First Gray Hairs. Scene: A house in Reidsville, accomplished matron, fair and forty, before the mirror, darning her first gray hairs. Servant girl a little behind her, holding the light high up. The job's done.
