Vatent Medicines.

Dr.TUTT'S Expectorant!

IN 25CTS. AND SI BOTTLES. Its properties are Demulcent, Nutritive Balsamic, Soothing and Healing. Combining all these qualities, it is the most effective LUNG BALSAM ever

DR. J. F. HAYWOOD, of New York, voluntarily indorses it.

of New York, voluntarily indorses it.

- READ WHAT HE SAYS:

Dear Sir—During this year I v i ed n ne hundred cases of lung d seases. In the I wer w rds of the city the c.ses were of a very severe ty e. It was there my tten ion w s called to Tutts Expectorant, and I confess my surprise at its wonderful power. During a practice of twenty years, I have never known a medicine to act as promptly, and with such happy effects. It instantly subdued the mest violent fits of coughing, and invariably cure I the disease in a few days. I cheerfully indorse it as the best lung medicine I ever used.

J. FRANCIS HAYWOOD, M. D.

A NEWSPAPER PUB. WRITES. Office, Evening News, Augusta, Ga.
Dr. TUTT: Dear Sir—My little son, was attacked with pneumonia last winter, which left him with a violent cough, that lasted till within a month since, for the cure of which I am indebted toyour valuable Expectorant. I had tried most every thing recommended, but none did any good until I used your Expectorant, one bottle of which removed the cough entirely. With many thanks, I am yours truly, JOHN M, WEIGLE.

Had terrible NICHT SWEATS.

Memphis, Feb., 11, 1871.

Dr. TUTT: Sir—I have been suffering for nearly two pears with a severe cough. When I commented to say your Expectorant I was reduced to one hundsed and surteen pounds in weight. I had tried almost everything: had terrible night sweats. I have taken half dozen bottles. The night sweats, I have taken half dozen bottles. The night sweats have left me, the cough has disappeared, and I have gained hiteen pounds in flesh. I recommend it to all my friends With great respect, OLIVER RIUE.

IMPORTANT QUESTIONS.

Reader, have you caught a cold? Are you unable to raise the phlegur? Have you an Trritation in the throat? A sense of oppression on the lungs, with short breath? Do you have a fit of coughing on lying down? A sharp pain sow and then in the region of the heart, shoulders and back? If so, our Advice is take at once a dose of Tutt's Expectorant; you will soon be able to raise the phlegar. In an hour repeat the Expectorant, place a hot iron to the feet, take two of Tutt's Pills. You will soon fall into a pleasant sleep and wak: up in the morning. cough gone, lungs working freely; easy breathing, and the bowels moving in a natural manner. To prevent a return of these symptoms use the Expectorant several days.

Do you feel that any one of your organs—your stomach, liver, beweis, or nervous system, falters in its work? If so, repair the damage with the most powerful, yet harmless, of invigorants. Remember that debility is the "Beginning of the End"—that the climax of all weakness is a universal paralysis of the system, and that such paralysis is the immediate precursor of Death.

For sale by all Druggists and Dealers generally.

Teddy O'Brien's Valentine.

Och! Nora Mayourneen, of you I'm a dhramin'
The whole blessid night, and belike the day, too;
You've stolen me heart, and you'd best take me body.
Faith Nora, begorra!
Young Teddy's the lad that is pining for you.

lt's a valentine swate that I'd write ye, alanna, To tell you with love I'm just soaked through Me sowl it is racked, and me body it's fallin'; Be-

That's a dying, swate Nora Mayourneen, for you. And if Larry McGinnis—bad cess to his picture— Comes betune us, a throublin' your favorin' view, I'il break his owld skull, the murdherin' villain; Faith! it's Teddy that's ready To wipe out the race of McGinnis for you.

Then hark to me pleadin', swate Nora, a cushla,
With grief I'm that thin that me bones they stick
through;
The love that I feel will consume me intoirely— Och, Nora, begorra!
It's Teddy that's dying by inches for you.
YOUR OWN TEDDY.

OBSERVATIONS.

The Grant feeling continues to decline, so the Blaine and Sherman organs say. This is quite different from Grant himself. Rather than decline he will accept. A new book is out bearing the strange title "A Woman After All." It is bound to sell in leap-year, and should bring comfort to every bachelor heart.—New Crleans Picayune.

Teacher in high school at —— "Are pro and con synonymous or opposite terms?" Scholar: "Opposite." Teacher: "Give an example." Scholar: "Progress and Congress."—Norfolk Country Careful Congress."—Norfolk Country Careful Congress."

"John, what odor is that?" "Cloves, love."
"But that other?" "Alispice, my beloved." "But isn't there another?" "Yes, apples, belovedst."
"Just one more?" "Raisins, my most belovedst." "Well, John, if you'd only just drink a little brandy, now, I think you would make a good mince ple."—Exchange.

KING'S MOUNTAIN MINE.

Description of One of the Most Prominent Properties on the Atlantic Coast---A Mine Which has Produced not less than Two Millions of Precious Metal-Brilliant Prospects for the Future.

The new shaft that has lately been completed has now reached the depth of 332 feet. This shaft is in two comthe clear, and the other 5x5 feet in the clear. One compartment is used entirely for pumps and pumping and lad-

The cage was tested with a heavy inches. After the test the wire cable was attached to the cage and lowered den until a few days ago.

workings, and the new crosscut and the new shaft were flooded within 70 feet of the top. Much difficulty was experienced in draining the mine from water that had accumulated in the old mine, but all difficulties have been overmine, but all difficulties have been overmine, but all difficulties have been overmine. from the point where the water broke in, a distance of 25 feet in each drift, and breaking in to the old works in both drifts, it was discovered that the main body of ore was below, and a winze was then sunk 20 feet wide by 15 feet in height, from the west drift, the winze being in ore for over a depth of a 100 feet. It was then decided to sink the shaft to its present depth, and another crosscut started from the point of 320 feet to connect with the bottom of the winze. All this work has been done and two more drifts are running. of the winze. All this work has been done and two more drifts are running. The west drift is in 23 feet and is 17 feet wide; the east drift is in 16 feet and the same width as the west drift. These two drifts are showing a very flattering body of gold ore. I have broken samples myself from the face of the west drift in the last few days that contained particles of free gold as large as a pea, and are the handsomest gold quartz specimens that has ever been done and two more drifts are running. There were others who accompanied him to the H street reunions.

There were others who frequented the house more or less frequently, accompanied by female companions, but who now profess entire ignorance of the location and its surroundings.

The names of the women who frequented the house are not known, but among those who are known are some of highly-respectable connections, whose

the way it has been equipped, with new tramway from mine to mill and a new lot of ore cars, that the managers will the names of those concerned. Threats be able to make this the best paying mine on this coast, and they will save at least fifty per cent. of what was expended heretofore. They know that they can mine and mill the ore with greater facility and at less cost than a second the tables turned business, have found the tables turned business, have found the tables turned business, pretty thereughly ingreater facility and at less cost than and themselves pretty thoroughly inany other company in this country, as they have the finest 40 stamp mill in the gold belt, without a doubt, and the mine and mill are at present booming There is a constant hoisting of car loads of ore day and night. The ma-There is a constant hoisting of car loads of ore day and night. The machinery is in good working order. A fine Cameron steam pump is stationed at the 270-foot level for operation in case of emergency. mine. I will assure every one that | hold effects, funiture, etc., were insured takes an interest in visiting such places for \$900 in the Underwriters' Agency. that he will never regret a visit to this | He also lost a fine collection of minerals. mine. The managers will take great | probably the best in the State, for which pleasure in showing the visitors all points of interest, and there will be none who sees the property but will go away convinced in his own mind that it is was valued at \$2,000, upon which the the best mine in the country.

A Compliment to the Weather Bureau. The German Government recently paid the highest compliment to the United States by addressing, through the German minister at Washington, a letter requesting to be exactly informed as to the processes by which the Signal Service Bureau so promptly collects at the War Department the meteorological reports from all parts of the United States—an extent of territory greater than Europe-and so rapidly drafts and publishes them upon the printed daily weather map. These maps are issued three hours after the records are read at the distant stations. When it is remembered that the request comes from a government noted for its skilled chartographers, and standing first in Europe, the fire was discovered in time to be the value of the compliment will be appreciated. It is understood that the German Government proposes to ad-German Government proposes to ad-vance in meteorological work. The in-he sleeps, and where the attempt was

A SHAMEFUL STORY.

A Congressional Scandal-The Sound of Revelry in a House on H Street.

Philadelphia Record. A special dispatch from Washington to the Evening Telegraph, of this city, dated on Saturday, says: The scandal, in which a number of Senators and Representatives have become deeply implicated, by forming a joint stock company, to facilitate their indulgence in the vices for which the capital is becoming somewhat noted, is attracting much attention here. For the past twelve days the matter has been in the hands of the detectives, whose services were called into the case by the Secretary of the Treasury, the latter having been informed of the rumors in circulation, in which it was stated that a number of the female employes in this department had been seen visiting the congressional assignation house, accompanied by the lawmakers in question. The police are extremely reticent as to the results of the investigation, and throughout the whole affair it has been patent that extraordinary exertions were being made to choke off all inquiry and hush the matter up. The facts, however, thus far ascertained are

substantially as follows: About a year ago a Senator from one of the most noted Southern States formed a liason with a remarkably beautiful girl here, the connection being countenanced and encouraged by the mother. Following the usual custom of congressional Lotharios, a position was secured for the young woman in the Treasury Department, where her peculiar conduct soon attracted the attention of her associates. By drafts upon the Senator's purse the residence of the mother was furnished luxuriously, and soon a series of cosy wine suppers was inaugurated, which drew together a gay the Senator's purse the residence of the group of young girls, whose presence necessitated the Senator's calling in a few of his friends and associates from

the capitol. Thus things went on, and the quiet neighbors were shocked by the sounds partments, one measuring 4x5 feet in of midnight revelry, and the groceryman over the way puzzled over the problem of so many carriages standing from midnight till early dawn before der ways. The other is used for hoist- the staid-looking house on H street. ing the cars of ore. This shaft is the best timbered in the State; the timbers herself at the desk in the department, are of sawed material and well framed, until some weeks ago, when she sudare of sawed material and well tramed, Sx10, all oak. The Cornish pump that is in use is a 9 inch pump, and gives perfect satisfaction in draining the mine. The new safety cage that has just been placed in the shaft works like a charm. The pump that I have mentioned and the cage were built by Capt. John Wilkes, of Charlotte.

The cage was tested with a heavy Ugly rumors were now in circulation, and, to cut off further comment, the Senator secured the transfer of the frail loaded car, and when the rope was cut it dropped and caught inside of three Smithsonian Institution, where, under

was attached to the cage and lowered to the lower level, full of men.

In the new shaft, at a point of 270 feet they started a crosscut, and when in 135 feet, had struck the vein, showing very rich ore, and on running 10 feet more, they broke through into the old workings, and the new crosscut and the workings, and the new crosscut and the little house on H street. As soon as this seandal became, the subject of gencome, and after drifting east and west from the point where the water broke from Tennessee was another to whom

as a pea, and are the handsomest gold quartz specimens that has ever been taken from a mine. The hanging wall is well defined and permanent. As yet we have not been able to ascertain the weloped.

width of the vein.

There is no doubt in my mind, from the present condition of the mine, and the present condition of the mine, and whether such notice will be taken of vestigated.

Fire in Wilmington.

prospect of former days into one of the most promising mines on the Atlantic coast. The rate of progress, however, has been very satisfactory to the owners of the mine, and I will claim that it is one of the best managed mines in the State. It is under the superintendence of Mr. Arthur Macy, the right man in the right place, with two very able assistants.

On the 21st there is to be a celebration near the King's Mountain gold mine, and the ceremonies will take place within five minutes, walk of the mine. I will assure every one that owners had no insurance. Mr. Bunting estimates his loss on furniture at about \$200, upon which there was no insurance. This does not include a loss in money of from \$50 to \$60, which Mrs. Bunting dropped or had stolen from her as she was leaving the building, and which was not recovered. Mr. T. E. Love, owner of the property occupied by Sheriff Manning, estimates his loss between \$300 and \$400, upon which there was no insurance. Mr. L. Vollers estimates the damage to his dwelling and kitchen at about \$250 or \$300, which was covered by insurance in the Phœnix, of Hartford,

An attempt was made about 2 o'clock Thursday morning to burn the store of Mr. R. C. M. Alexander, of Chester, but made to fire the building by means of

CLOTHING SALE!!!

GREAT BARGAINS ARE IN STORE

FOR those who have delayed in making their Winter Clothing purchases. We prefer to turn our Stock into Cash, open each seas in with the newest designs in fabrics, and increase the solid reputation we have already achieved for keeping in every respect a first-class Stock. And we have decided to clear out all heavy Goods, they are to be sold, and we know the only way to make quick and rapid work is to make a price low enough and the public will respond. We have had a successful year's business and we intend to make a clear and thorough sweep of all Winter Goods on hand. Remember the first comes secures the best selection, and such inducements as we will now offer happen but a few times in any person's experience. We never make any promises that we do not fulfill, the verifications of these facts can be seen on our tables. Our prices are all marked in plain figures, and we repeat again the Goods are to be sold.
