Observations.

The spots on the sun do not begin to create the disturbance produced by the frolics on the daughter. An Iowa lawyer reached out towards a big instant while addressing the court, and the nearest man promptly knocked him down. Colonel Fred Grant is represented by the Boston club as a successful manager, but his father is generally called upon for an advance. Scientists claim that smoking injures the eye-sight, but this is not true. The boy with a stump in his mouth can see his father ten square away.

The people of a New Hampshire town are so fearful of the negro that they have organized a committee to watch him. The committee has a list of names of the negroes in the town, and they are determined to watch them. The committee has a list of names of the negroes in the town, and they are determined to watch them.

The Monroe Enquirer has entered its eighth volume. The census will give Fayetteville a population of about 4,000. A negro convict made his escape from the penitentiary last Saturday.

The Burke Blade says the darkeys employed on the asylum in Morganton are on a strike. Capt. Octavianus Coke has been appointed chairman of the State executive committee, vice S. A. Ashe, Esq.

Bishop Atkinson, who has been in Baltimore for a month past, is much improved in health, and will shortly return to this State.

The Raleigh Observer says Mrs. Mary Bayard Clark will read an original poem at the Oxford asylum, on the celebration of St. John's Day.

The Raleigh Observer says the Radicals in the State are down on the fifteen delegates from this State who voted against Grant at Chicago.

The Progress says Lincoln county is about out of debt. The board of commissioners at a recent meeting ordered the treasurer to pay the only debt against the county.

Monroe Express: It is said that Col. O. H. Dockery will oppose Maj. Dowd for Congress. He will lead a strong force, but it will be with the expectation of being rewarded hereafter.

The New York correspondent of the Raleigh News says Misses Tucker and Grimes, of Raleigh, last week graduated with first distinction from Mrs. Reed's school, in New York.

Raleigh News, 19th: The delegates to the Democratic State convention have nearly all returned home, and we trust carried with them the pleasant recollections of Raleigh as the City of Oaks preserves of them. A more orderly, intelligent and good looking set of men were never gathered together than those, which met in Capitol Square Thursday morning.

Raleigh Observer: The cotton receipts this season, up to Friday, were 48,770. Up to the same date last year they were 46,021 bales. The total increase is, therefore, 2,745 bales. The best judges estimate the cotton now stored in this city at 1,400 bales. This alone will bring the receipts to 60,000 bales. The increase of the quantity of cotton may come in from the country. This may be a considerable quantity. It may be assumed, therefore, that by the first of September we will have received near 51,000 bales.

Willamington Review: Pender county is certainly a land of snakes. We have now in our office the skull of a rattlesnake which measured 7 1/2 feet and had 13 rattles when killed, and now there comes a report of the capture of his big brother from the same section, by Benji Pickett, colored, the same man who killed the other snake. Benji, rendered hazardous by previous encounters, determined to take this snake alive, and after a desperate struggle succeeded. He then tied him to Mr. Gibson James's wagon, which was driving on the line, and started with him for home, some eight miles distant. But the snake, preferring death to captivity, struggled so violently as to choke himself to death. This monster snake measured 8 feet in length, and was 4 inches round the body. We think his skin and rattles may be preserved.

Politics and the Revenue Service. Morganton Blade. This CHARLOTTE OBSERVER, which is one of the best Democratic dailies in the State, comments on the fact that shortly after the inquiry as to the revenue service had been sent out in the sixth district, and replies received there, many were removed. It does strike us as singular that all we know of who answered that they were Democrats have been removed or rather, cannot get an assignment, while those who allowed their love of government to lead them to reply differently have assignments and can store-keep at their own sweet will.

This thinning out in the number of employees is a process which is only applied to Democrats, so far as we can learn, and the Wilmington Free Call attention to the same fact, and desires to know if it is "official business," and if the collector of the sixth district has the right to use the envelopes of that department in the prosecution of such inquiries.

The Express in the Case: Acquittal. AUGUSTA, GA., June 19.—The jury in the case of the State of South Carolina vs. Walter S. Lynch, Express messenger, charged with the larceny of \$25,000 from the Southern Express Company, tried in the Court of Sessions at Hampton, South Carolina, brought in a verdict of acquittal last night.

A CARD. To all who are suffering from the errors and infirmities of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you. It is a purely vegetable remedy, and is sold in all parts of the world. Price 25 cents per bottle. Sold by all druggists.

A Notable Debate. A notable debate of the contest in the Kentucky Democratic State convention, Thursday, over the unit rule, was a very eloquent debate between two brothers, and also near relatives of the late John C. Breckinridge, both are brilliant speakers. The audience was immense, and the debate was a very interesting one. The debate was a very interesting one. The audience was immense, and the debate was a very interesting one.

Fast Mail Service.

Saving a Business Day Between Boston and New Orleans. WASHINGTON, June 18.—There will be a meeting of the managers of the Southern railroads and of the railroads between here and New York city tomorrow, to consider a plan, to be submitted by Mr. Thompson, General Superintendent of the Railway Mail Service, for a further considerable increase in the speed of the railroads between Washington and South to New Orleans. The plan is to accelerate the speed on what is called the New England train, which leaves Boston at six o'clock at night, so that that train will arrive in Washington at its present station of nearly 1 p. m., at present, the proposed increase of speed is to be entirely between New York and Washington, as the Post Office Department does not contemplate leaving New York city at an earlier hour by the morning train. It would be possible to take on the New York papers. If this project is carried out, as there is reason to believe that it will be, it will be possible for Congressmen and business men to leave Boston for Washington before Congress assembles the next morning. The difference in the time will be very much more marked South, as it is the intention to so increase the speed of connecting Southern lines that the Northern train will be delivered at New Orleans at 7:30 in the morning, instead of at 9:40 in the evening, as at present, thus saving an entire business day. The Southern people are rapidly beginning to appreciate the advantages of the new plan, and the advantages are extended to their section. The same relative distance in time is to be made to Savannah and Jacksonville.

Our Candidate Leader. Raleigh Observer. Capt. Octavianus Coke, the newly elected chairman of the State executive committee, was born at Williamsburg, Va., on the 4th of October, 1840. On the 1st of arms in 1861 he joined the Third Second Regiment of Virginia Troops of the 1st Division, Army of Northern Virginia, and served in this regiment with distinguished gallantry throughout the four years' struggle, and during its continuance was twice badly wounded, once at Sharpsburg and again at Gettysburg. At the close of the war Capt. Coke addressed himself to the study of the law, and having obtained license, settled in the town of Edenton. He became a citizen of North Carolina on the 28th of August, 1868. Through his efforts he spoke before the Seymour and Blair Club, of which he had been made a member, and his service to Democracy has been continuous.

In 1871 the Democrats at Chowan called on Capt. Coke to lead their forlorn hope as a candidate for the convention, and he responded at once to the call. He was defeated, as every one in that hopelessly negro-ridden county knew he would be, but his vote was largely in excess of that cast for the convention. In 1872, as candidate for elector from the first Congressional district, he paved the way for the higher honors which awaited him. In 1875 he was elected to the State Senate from the first Senatorial district, which had never been carried by a Democrat except on the civil rights issue. Capt. Coke carried this district by three hundred and nineteen majority, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important work probably ever brought before a body of the kind, the subject of this sketch was first among the issues of the Legislature, and the very day after his election he was elected to the Senate of that Legislature, to which was committed the most important
