We cannot help that it is so one-sided this morning. We would not help it if we could. A Democratic victory in Ohio in October ought to be as certain as Hancock's election in November. About Indiana we have no apprehensions whatever. As a matter of pride it would please us to see Ohio a Democratic State

torial review of a speech delivered at Marion, Ind., by ex-Governor Hen-dricks, in which General Garfield was charged with fraud in preparing the Presidential election case at New Orleans, in 1876, for his party and making a pretended examination of it at Washington. In the speech Mr. Hendricks said he considered him more responsible for the great outrage on the American ballot than any other living man.

In commenting on the speech the Jour-nal, which is the State organ of the Republicans, said if this, charge against Mr. Garfield could be substantiated Mr. Garfield would be disgraced; unless Mr. Hendricks can prove this charge he is disgraced. Last night the Democrats held a mass meeting in the Indianapolis Wigwam, which was to have been addressed by John W. Shaw (colored), editor of the New York Suffragist, but he consented to give Mr. Hendricks an epportunity to reply to the Journal, and merely made a few remarks himself at the close of the meet-MR. HENDRICK'S REMARKS.

Referring to the Journal's editorial Mr. Hendricks said that if he did not prove every particular of his charge he would ask no man to vote against Garfield; but if he did, the Journal's own admission would make him a disgraced man. He recounted the circumstances that led to General Garfield's visit to duced its debt and doubled its wealth New Orleans, and, according to reports since the robbers of the carpet-bag regime were driven out. SECRETARY SHERMAN IN REPLY.

On his way here from Cincinnati this morning Secretary Sherman read a re-port of the meeting and determined to answer it, and to-night in the Grand Opera House he took up the speech of Mr. Hendricks, He said:-

While on my way here in the cars to ge sman will be returned from this morning I noticed in the Cincin-Ohio at the coming election. nati Enquirer extracts of what purported to be a speech made by Governor Hendricks last evening at Indian applis in which he is reported to have said: "I said that Garfield went to New Orleans immediately after the election four years ago; that he participated in the manipulating of the evidence and in preparing the case for the returning board, and that upon the evidence which he and others prepared, amendment—which means an emphatic the returning board made returns

Sherman's Defense of Garfield.

The Shermans were always an impulsive race: we suspect the secretary will see presently that he has gone too far. The less the Republicans say in praise or justification of the Louisiana returning board the better for them. Mr. Sherman has persistently stood by those shameless swindlers, by no means to his own credit and its amusing to see how easily Mr. Hendricks has now drawn him into a controversy which is pretty sure, if it is continued, to damage the Republicans. It is not product age the Republicans. It is not prudent stery of the Louisiana returning board.

But even his opponents must admire the secretary's readiness to stand by his returning board friends. He has never failed them from the time he returned to Washington from New Orleans.

There was at that time an amusing story current of his zeal. He remarked

English is very strong and is directing the contest with great skill, and Landers is a host on the stump, and will sweep the State in October by 20,000. Death in the Mine.

London. Sept 9 .- It now seems that the dead in the Seaham mine numbers between 130 and 140. There are some corpses in the lower seams which are supposed to be lying a mile from the shaft. The air there is so foul that it is thought to be impossible that any can have survived.

The exploration of the Seaham mine was continued throughout the night. The statement in the dispatch from Seaham last night was that 16 men had been recovered alive is now confirmed. The number of men in the pit is still uncertain, but 250 lamps were given out Tuesday night. No hope is entertained for those in the mine. The fires were discovered in the mine during the night and extinguished. Every effort is now being made to clear the shaft lumber out and get the cogs at work.

NORRISTOWN, Sept. 7.- To-night the gooms of the Democratic Association were growded with Democratic and Republican Germans, who were addressed in German by A. Kneule, of the Bouerd Freund, and C. F. Mr. Kneule stated that the only German Republican daily paper in Cincinnatti, Abend-Post declared against Garneld last week. While Mr. Kneule was speaking Mr. Louis Scharff, proprietor of the large terra-cotta works below Norristown and a life-long Republican, entered. He was greeted with applause. When Mr. Kneule ceased Mr. Scharff was introduced and received with trememdeus applause. He spoke amid
