

IMPORTANCE OF VACCINATION.

Some days ago a correspondent called attention to the importance of vaccination in our own community...

It is probably not necessary to maintain in an enlightened community the efficacy of vaccination as a preventive of small-pox...

We believe there has been no systematic vaccination in Charlotte in twelve years, nor for that matter, in any other town in North Carolina.

We submit, then, that the city authorities should take the matter into consideration. No plan other than that which is compulsory will be worth anything at all.

In reviewing Gov. Jarvis's message to the Legislature, THE OBSERVER took occasion to say that there was nothing to justify the extension of the charitable feature of the State University beyond the present limits.

Some days ago allusion was made in these columns to the fact that a forthcoming decision of Judge Woods, in the Circuit Court of Atlanta, involving the question of the right of the Legislature of Georgia to regulate freight rates on railroads...

"In most of the Southern States, if not in all of them, the county commissioners or supervisors have authority to fill such local offices by appointment as becomes vacant by the failure of the officers-elect to tender proper bonds...

Tennessee has been about as unfortunate as North Carolina, with respect to her railroad interest. It is stated that there are about 1,700 miles of railroads within the limits of the State...

Oliver and Grow, the two principal competitors in the Pennsylvania Legislature for the United States Senatorship having withdrawn, it was thought that the dead-lock would be broken.

The prohibition question is by no means confined to North Carolina. Politics having cooled down sentimental questions have been rekindled, and this being always more or less warm, has immediately begun to boil all over the country.

FAILURE OF THE TELEGRAPH.

WASHINGTON, Feb. 12.—SENATE.—Morgan, on behalf of the committee to consider the state of the law in relation to the election of President and Vice-President, stated that, though anxious to bring forward some proposition in reference to this very important subject, the committee felt that it would be in vain to do so at this late stage of the session...

CHARLESTON, S. C., Feb. 11.—Thursday afternoon's 4.40 fast mail Coast Line train in three hours behind time. It collided with the south bound through freight at four this morning, between Lynchburg and Mayfield.

RAILROAD ACCIDENT.

Collision on the Coast Line.—The Mail Carrier Hurt.

CHARLESTON, S. C., Feb. 11.—Thursday afternoon's 4.40 fast mail Coast Line train in three hours behind time. It collided with the south bound through freight at four this morning, between Lynchburg and Mayfield.

North Carolina Outrages. St. Louis Republican.

"North Carolina is guilty of still further outrages. In addition to kidnapping and moonshining, the State has fifty-seven cotton factories in operation, with all they can do. New England manufacturers should be looking after this."

Dr. Mary Walker's Raid on the Treasury.

WASHINGTON, February 10.—Dr. Mary Walker has returned to haunt the national halls of legislation. The immediate object of her reappearance is the proposed passage of a bill to give her \$300 out of the Treasury, being pay for one year's services she never performed.

Edgar Allan Poe—Literary Interment.

New York, February 11.—A grand entertainment was given at Booth's theatre this afternoon, the proceeds of which are to go toward purchasing a statue of Edgar Allan Poe, the poet to be placed in Central Park.

The New Orleans Overflow.

NEW ORLEANS, Feb. 12.—Midnight. No material change in the condition of the water in the overflowed districts is reported. Ten thousand persons were supplied with food yesterday by the relief committee.

FIVE WEEKS IN A TRANCE.

The Fatal Suffering of a Girl Who Feared She Would be Buried Alive.

Physicians in Newark have been deeply interested lately in a curious case of hysteria in that city. For five weeks Miss Anna Ward, the 16 year old step-daughter of Alexander Johnson, of the Mutual Benefit Life Insurance Company...

Dr. Wm. O'Gorman, the family physician, called Dr. A. N. Dougherty and Dr. Seguin, of New York, to consult with him. It was quickly determined that the strange disease was not cataplexy, for the patient's arms, when raised, fell back upon the bed, instead of remaining where placed.

She said she was conscious, but had only one thought, and that a terrible one. She felt that she was being buried alive, and she would be buried alive. She had no physical pain, but this dread was agonizing. In vain did she try to speak. She could not even move her lips.

Miss Calhoun's Thanks.

To the Editor of The Observer. Will you thank the Hornet's Nest band for me for their serenade. The compliment was rendered doubly expressive from their having to stand in the rain to play. I wish I could do something to show to them my appreciation.

The Long Talked of Nuptials.

LONDON, February 12.—The Baroness Burdett-Coutts and Wm. Ashmead Bartlett were married this morning at Christ church, in Downing street, Piccadilly.

A CHEERFUL WAY.

Sheborgan Falls (Wis.) Sheborgan Co. News. Cheerfulness discounts gloom every time. We never saw a happy smiling man or woman but we mentally praised them as public benefactors.

The Florence Nightingale of the Nursery.

The following is an extract from a letter written to the German Informer Messenger, at Chambersburg, Penn.: A Benefactor.

Do not fail to call on your druggist for a bottle of that pure, sweet, and delicious blood purifier, Smith's Eucalypti Syrup.

Call on your druggist before it is too late and get a bottle of Smith's Eucalypti Syrup. From B. F. Moore, A. M., President of Moore's Southern Business University, Atlanta, Ga.—This is the best medicine I have ever used for my family for several years, and can recommend it to all my friends.

Take "BLACK-DRAUGHT" and you will never be bilious.

Customer—"Why are 'Malt Bitters' so popular?" Druggist—"Because as a Food Medicine, they enrich the blood, harden the muscles, quiet the nerves, perfect digestion."

WINE OF CARDUI for Ladies only.

To all who are suffering from the errors and indiscretions of youth, nervous debility, early decay, loss of manhood, etc. I will send a recipe that will cure you. FREE OF CHARGE. This great remedy is sold by all druggists.

IN A BAD WAY.

Females whose nervous energies are exhausted, who suffer from indigestion, costiveness, headache, irregularities, suppression and Menses, whose organs cannot be cured by medicine, but Dr. Figg's Improved Liver and Stomach Pad never fails to restore to perfect health.

Beauty, health, and happiness for ladies in "WINE OF CARDUI."

NEW ADVERTISEMENTS.

LOST.—In going to the Central Hotel to visit my mother, I lost my Central Hotel key, with "Louise" engraved on it. A suitable reward will be paid for its return to Mrs. J. B. Burch's.

Miscellaneous.
