S.S.S.
MARK

OFFICE OF A. S. GILES, ORDINARY,
HONORARY COUNTY, PERCY, GA., JAN. 22, 1880.
In the case of *H. J. Smith vs. J. W. Rogers*, two negro persons confined in the jail of this county, who were very badly afflicted with that loathsome disease, Syphilis. In my official capacity as Ordinary, I employed Capt. C. T. Swift, then a resident of this place, to cure them, under a contract, to pay him out of the county treasury, as he had effected a complete and radical cure.

The Charlotte Observer.
SUNDAY, FEBRUARY 27, 1881.
STATE LEGISLATURE.
Fifty-Fifth Day.

SENATE.
Raleigh, February 24.—Bills and resolutions were introduced as follows: Mr. Blue, resolution to petition our Senators and Representatives in Congress with reference to the passage of a law for the better protection of certain citizens of the United States against fraudulent insurance companies. Calendar.

Mr. Staples, resolution to instruct the joint committee on the appointment of magistrates to increase the number of magistrates in this State. Calendar.
A message was received from the House of Representatives transmitting a communication from the Governor, together with a proposition from Governor Inboden relative to the Cape Fear and Yadkin Valley Railroad; also, a proposition to print the same. The proposition to print was concurred in by the Senate.
The bill to revise and consolidate the public school law, and to make more efficient the system of education in this State, was placed on its third reading. Mr. Davidson stated that inasmuch as the bill is so amended by the Senate, he moved the Senate take a recess of a few minutes for the sake of hearing the views of the Superintendent of Public Instruction upon the subject.
On account of the objection of certain Senators the motion was withdrawn.
Amendments were offered to section 9 by Mr. Glenn, providing that the county board of education shall determine the books to be used instead of the State board, as provided in the bill, adopted.

Mr. Finger, that the State board of education shall recommend a series of text books to be used in the public schools of education. Adopted.
Section 62. Amendment was proposed by Mr. Finger fixing the rate of taxation at 12 1/2 cents on property and 3 1/2 on the poll. This amendment provoked a good deal of discussion. The amendment was adopted.
Several amendments were offered by Messrs. Williamson, of Edgecombe, and Clark, increasing the salaries of the teachers, which were lost.

The bill as amended passed its third reading by a vote of 40 to 2.
A motion was made to reconsider and lay that motion on the table, which prevailed.
HOUSE OF REPRESENTATIVES.
Bills were introduced as follows: Mr. Sewell, to compel parents to send children to school. Referred. Mr. Pasour, to amend the law relating to the King's Mountain Mining Company. Mr. Glenn, of Stokes, submitted a report for the committee on internal improvements. The bill to charter the Danville, Mocksville and Southwestern Railroad Company was reported on favorably.

The bill establishing the maximum rate of freight and fares was taken up as unfinished business.
Mr. Rose offered a substitute for section 2, allowing the commissioners to fix the rate of fare on all the roads at a rate not exceeding four cents per lineal mile, and spoke in his favor.
Mr. Toon favored Mr. Rose's amendment. He said to the hands of the commissioners was to make them almost useless. The amendment was lost; yeas 33, nays 36.
Mr. Ragsdale said he was opposed to the bill and moved to lay it on the table. The motion prevailed; yeas 37, nays 45.

House bill 355, introduced by Mr. Thomas, was put on its second reading. It provides for the election of three commissioners every two years, who shall have power to regulate freights and fares.
Mr. Weaver moved to table. The motion failed; yeas 39, nays 43.
The special order for making appropriations for the support of the insane asylum was taken up by Mr. Rose.

Mr. Rose explained the action of the committee in reporting the bill, and also the bill. The bill then passed its several readings.
The consideration of the bill establishing a railroad commission was resumed.
Mr. Thomas made an elaborate speech in favor of the bill.
Motions to make the bill a special order for 12 o'clock to-morrow and Saturday were voted down.

Senate bill 120, introduced by Mr. Thomas, was put on its second reading and passed.
Mr. Day offered an amendment, providing for three commissioners.
Mr. Granger moved to take the bill from the table, which was reported by the special committee. The motion failed—yeas 46, nays 48.
Mr. Hicks moved to amend by requiring the commissioners to be of each political party.

Mr. Granger moved to lay the amendment on the table. This would have carried the bill with it. The motion failed—yeas 39, nays 64.
Mr. Glenn, of Stokes, renewed the call for the previous question, which was sustained.
Mr. Bledsoe moved to adjourn, which motion failed.
Mr. Hicks' amendment was adopted—yeas 68, nays 20.

Mr. Day's amendment, as amended by Mr. Hicks, was adopted—yeas 46, nays 20.
The bill as amended passed its third reading.

Latest Celebration of Washington's Birthday.
Last Tuesday was George Washington's birthday. The day was not generally celebrated here. It was not, however, in the city of Washington. The celebration there was a grand one, and was presided over by the pastry department, displayed at the store door, with an appropriate sign, a large Washington pie, veiled with grapes. His name was at once proclaimed as the day and deploring the demise of the father of his country.

The School Bill.
The following is the substance of the school bill as it passed the Senate yesterday, on its third reading.

1. It is the duty of the State board of education to recommend a series of text books to be used in our public schools, but that only one book of an author shall be prescribed.
2. It is the duty of the county examiner and superintendents of the county board of education to examine and select the best methods of instruction to be used in the public schools. This officer is to be selected by the county board of education and the board of county justices. He is required to examine and select the best methods of instruction to be used in the public schools; to advise with teachers as to the best methods of instruction; to distribute the required blanks to school commissioners; to collect school statistics; to counter sign all orders on the county treasurer for school moneys; hold teachers institutes; and make the reports now required from the register of deeds and county examiner to the State Superintendent of Instruction. For these duties he is to receive a compensation of \$2 per day for each day engaged—to be paid out of the unappropriated school fund of the county.

3. It requires that the school funds of the county shall be apportioned on the first Monday in January in each year, and shall be based on the actual amount of money in the hands of the county treasurer, and not on the amount levied on the tax list as the law now stands.
4. The county board of education may annually apportion \$100 out of the public school moneys to defray the expenses of teachers' institutes, and where it is deemed practicable or advisable a number of counties may unite in one institute.
5. The school year is changed so as to correspond with the county fiscal year, and will therefore end November 30 in each year.

6. Two and a half cents is levied on each \$100 valuation of property for school purposes, and if this, with the capitation tax of 3 1/2 cents, fine, etc., shall be insufficient to maintain one or more schools in each district of the county for four months in the year, then the county board of education is required to levy a special tax to meet the deficiency.
7. Additional safeguards are thrown around the collection, handling and disbursement of school moneys, and school moneys are required to be deposited for all school house sites purchased by them, which must be regularly probated, recorded and deposited with the county treasurer for safe keeping.

8. School committees are authorized to pay full cost of school house sites, and also full cost of building, repairing and furnishing school houses.
9. The State board of education is required to apportion on the first Monday in January the school moneys in the State treasury.
10. Certificates from the county superintendent of instruction to teachers will be valid as follows: To first grade teachers for three years; to second grades for two years, and to third grades for one year.
11. No teacher can be employed who does not produce a certificate from the county superintendent, and first grade teachers cannot receive more than \$3 per day; second grades more than \$2 per day, and third grades cannot receive more than 1 per day.

Midnight in the Sanctum.
It was past midnight and the lights in the *Jackeye* sanctum shone brightly on the brave men of this assembly. The editor reached over for the brush to fasten a paragraph down over its credit.
"It paste to be honest," he murmured.
"Especially when you are accessory to the act," said the city editor.
"But this," said the editor, lifting up the old stove polish cut from a pile of loose manuscript, "is what gives the paper weight."
"And this," said the associate, holding an original poem on "Winter" in the gas jet, "is what lends it an airy lightness."
"Nary lightness it is," said the news-editor, "for there's pounds and pounds of it in the draw."
"Take up the pounds," said the city editor, and the pencil take care of itself.
"I should re-mark," said the proof-reader, as he called for a revise.
"And I should dollar," said the business manager, coming in with a half of manuscript.
"Now you're shouting," sang the chorus, "say your piece."
"I have come to co-operate with you," said the business manager. "See! These are the new ads."
"Put a pic head on him," said the foreman.
And longer had they sung, but with a frown the funny man impatiently rose, and remarking that this was a noisy party, took off all further debate, and the forms went down.

Garfield Getting Ready.
A special from Painesville, to the *Cincinnati Commercial* says: The arrangements for Garfield's departure for Washington, and will probably be definitely settled this week. The President-elect will leave for Washington on Monday, February 28. His wife and many of his children are at home. Mollie, Irwin and Abram, will accompany him, and probably a few very intimate friends besides. Prominent Republicans throughout the district are negotiating for special trains to be run to meet Garfield on the day of departure, to give Garfield's old constituents an opportunity to see and hear him before he takes his final leave. Hon. A. L. Tinker, of Painesville, will make the farewell speech in behalf of the district, to which Gen. Garfield will reply briefly. The Lake Shore road has now joined in the universal assault upon the President-elect, and by a recent order all express trains of that road will stop at Mentor, Ohio. Garfield will stop for a few minutes at Mentor for Washington. This, of course, only tends to increase the number of visitors, which is already prodigious. Since the nomination of Garfield in June he has paid \$204 for postage on his letters into the West Mentor post-office.

A Dead Hog Executes Lynch Law on a Negro.
Morton Lamp Post.
Last week Mr. Noltett, in the upper city of Richmond, county, employed a negro man to help him kill hogs. The negro came back and borrowed one, and had gotten some distance on his way home, when coming to a fence he laid the hog upon the fence, balancing it until he got over. Attending to shoulder it, it fell on the opposite side of the fence, and the gammon-stick, which he had neglected to take out, caught him around the neck and fastened him. Next morning he was found dead, the hog on one side and the negro on the other side of the fence. The first gammon stick that ever hung dead hog and dead negro at the same time.

Who is Mrs. Winslow?
As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years, has unvaryingly served her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and as a result of a life of practical knowledge, obtained in a lifetime spent in the study of medicine, she has compounded a Soothing Syrup, for children, which she operates like magic, giving rest and health, and is moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do not grow up and die; especially in this case. First quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and she sincerely trusts thousands of children have been saved from an early grave by the use of this medicine. It is a blessing upon all who use it, and she prays that it will share its benefits, and unite in praising her blessing. No mother has discharged her duty to her children as fully as Mrs. Winslow's Soothing Syrup. Try it, mothers—try it now—Ladies' Visitor, New York City. Sold by all druggists. 25 cents a bottle. Feb 18—dwt 1/2.

FEES OF DOCTORS.
The fee of doctors is an item that very many persons are interested in just at present. We believe the schedule for visits to \$5, which would tax a poor man to a great deal, and in need of daily visits over \$1,000 a year for medical assistance, is a heavy one. It is a pity that the fee of \$5 is taken in time would save the \$1,000 and all the year's sickness.—Foot.

It is a Well Known Fact.
among physicians that Buchu Juniper and Pareira Brava in combination are the best remedies in the world for any disease of the Bladder or Kidneys, and that no less than one half of the human family, both male and female, suffer from derangement of these organs and neglect or failure to use proper remedies hurry many to untimely graves. Numerous combinations have been tried for gravel, Bright's Disease, Kidney Disease, Weakness in Back and Blips, produced by derangement of Bladder and Kidneys, but none with such happy results as Buchu Juniper and Pareira Brava. If you suffer from any disease of these organs, get a bottle—one or two will relieve you. Prepared only by Hunt, Rankin & Loomis, Atlanta, Ga. Sold by Wilson & Burwell, and L. R. Winston & Co.

A CARD.
To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of vitality, or any ailment that will cure you, FREE OF CHARGE. This great remedy has been discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City, Apr 27—dwt 1/2.
