OBSERVATIONS.
If an untruth is only a day old, it is called a lie; if it is a year old, it is called a falsehood; but if it is a century old, it is called a legend.
"Here's no place like home," repeated Mr. Benson, looking at the clock, and he heardly added: "I'm glad there isn't."

TOYS WORTH \$100,000.
How Bank Notes Become Birds, and Animals.
WASHINGTON, April 1.—"What becomes of all the greenbacks and bank notes after they have served their few years of usefulness?" is a frequent query. A bank note has just been found the same as all other things useful.

A Lardy-as Cabinetier.
A Washington correspondent says: The statement has been made by the lady correspondent of a Western journal, and the statement is accurate, that our cabinet family has taken in hand a task of considerable magnitude, viz., that of disciplining those Washington correspondents who have heretofore criticised them. The fact came to light through the application of a prominent publisher for a position for one in whom he was interested.

Her 35th Day.
IOWA CITY, IA., April 1.—Miss Hattie Deuel, today, began the 35th day of her voluntary fast. To-night she is resting easily, taking an occasional sip of warm water and afterwards a draught of ice water. She suffers some with nausea, and has occasional fainting spells. She is interested in conversation and seems to know all that is transpiring within her hearing, although she does not speak, making known her wants by moaning, shaking falling rapidly, or pulse is about 100.

HOW MILLIONS WERE LOST.
A Delay in Evoking the Law— Twelve Feet Costing \$500,000.
SAN FRANCISCO, April 2.—This morning Judge Sullivan, of the Superior Court, decided one of the numerous suits instituted by Burke against the Bonanza firm. The suit decided is that of Burke vs. Flood et al. The complaint charges the fraudulent conversion of only a few feet of mining ground, but the principles involved are very important.

The Man Killed in New Mexico Not Currie.
A special from Little Rock, Ark., says: The announcement that Currie, who was killed recently in Las Vegas, New Mexico, was the man who murdered Porter, the actor in Texas, is untrue. The man was well known in this city and all over the South. His name was James M. Currie. He was born in Madison county, Ill., and came to this State in 1857. He was a conductor on the Memphis and Little Rock road, running between this place and the former city. During the war he served in the Confederate army as a private.

Sulphuric Acid Throwing.
DETROIT, April 1.—A horrible case of sulphuric acid burning occurred yesterday at Montague, Mich. Capt. Flagstaff, inspired by jealousy, went to a hotel where a girl of 17, named Emma Drake, formerly a domestic in her family, was at work, sent for her, and on her appearance threw twelve ounces of acid over the unfortunate girl, burning her face and the upper part of her body terribly, but, it is thought, not fatally. Flagstaff was jailed.
