HOME PENCILINGS.

Monday being a legal holiday all the banks in the city will be closed There will be communion services at the St. Peter's Episcopal church this morning.

There will be an important meeting of the Gounod club, at Mrs. Dewey's, to-morrow evening.

The police were busy yesterday summoning witnesses to appear at the mayor's court to-morrow morning to cholera, and now the cry ascends testify against Elliott & Remley for continued violations of the prohibition "clean up." ordinances.

The Central Hotel.

Poles and scaffolds have been erected on the north-east corner of the Central Hotel to be used in the erection of the contemplated tower to be added to that building, and it has been suggested that this would be a good place for a new city clock. The old one is in a comparatively out of the way place, and can be seen by a very few people.

Meeting of Stockholders.

The Statesville Landmark says: "The An old colored woman, aged 77, died the Atlantic, Tennessee & Ohio Railroad will be held in this place next Thursday, 7th inst. We do not know that any changes in the officers of the road are contemplated. The road is officered now in a manner entirely satisfactory to our people." We were asked several days ago to make no notice of the meeting, but as the matter has become public property there is no longer any reason why we should still withhold the bare mention of the fact.

A Tax-Payer's Complaint.

To the Editor of the Observer: What is the duty of the police of this city? Are they employed to stand around the doors of wholesale liquor dealears and intimidate persons who desire to buy a gallon of whiskey for themselves and families? Such seems to be the case, as it was very manifest yesterday. Ought this to be tolerated in a free country? I think not. When men have paid their taxes the community at large should protect them. If we have no rights that should be respected let it be known.

Who and What Guitteau is, Regarded in Chicago as Insane, a "shyster" by Profession and a "Dead Beat" Generally.

CHICAGO, July 2.—Charles J. Guiteau who shot the President this morning has been known in Chicago for the past 12 years, and for much of the time been considered as more than half insane. He may have had French blood in his veins, but was to all appearance an American; he wore his hair brushed up in front, giving his face a startling look. When he first arrived in Chicago he began practising law. He married a sister of Geo. Scovell, a well known lawyer here and lived about Union Place, men of this nation that do not suffer from some but being of shiftless character he became a nuisance and was finally forbidden his house by Scovell. After living in a precarious fashion here for some time he went to New York only to return in 1878. He then professed to have been converted and began lecturing under auspices of the Young Men's Christian Association. He was next known in connection with a scheme to buy out the Inter-Ocean and run it after the pattern of the New York Herald. As Guiteau had no capital and no backing, his scheme collapsed and he returned to his former practice of "dead beating." His reputation has never been of the best, and his name was connected with several scandals. He sank so low that no notice was taken of him whatever. About six months ago he disappeared from his usual haunts and has not been seen in Chicago since. Guiteau is described by lawyers here as having been while here what is known as "shyster," whatever practice he had being in the lower Criminal Courts. He was regarded as of weak mind and at one time was a fanatic on temperance, and delivered lectures at the First Methodist church on that subject. Failing to pay the Tribune for its advertisement of the lecture, that paper wrote him up as a fraud and was sued by him for libel. The suit never come to issue. He wrote a pamphlet on the second coming of Christ, which was ipublished by Jansen & McClurg as a curiosity. Very little is definitely known of the man, and that little is unfavor-

able in every way.

ANTI-PROHIBITION.

Organization of a County Association .-- Appointment of an Executive

Pursuant to the call for an anti-pro-hibition convention by Mr. J. J. Sims, as a member of the State anti-prohibition executive committee, published in THE OBSERVER day before yesterday a crowd composed of about three-fourths col red people and one-fourth white, assembled at the court house yesterday, at half past 12 o'clock.

The meeting was called to order by Mr. Sims, who explained its object and nominated Col. Wm. Johnston for chairman, and Mr. J. C. Long for secretary. These were elected and the meeting thus organized.

Col. Johnston on taking the chair addressed the meeting at some length, the well-known arguments against prohibition being elaborated upon, but no new points being brought out.

At the conclusion of his address a

committee of five were appointed to draft resolutions to submit to the consideration of the meeting and retired for that purpose. While they were out a call for speeches was made and responded to by several colored men. After a short absence the committee on resolutions reported through their chairman, Mr. C. Walker, the follow-

Resolved, That an executive committee consisting of five be appointed to act in conjunction with similar committees from the different townships for the purpose of organizing a county executive committee,

Resolved. That this committee be instructed to confer with the county commissiones and ask that in their appointment of judges we be allowed an equal representation as allowed by law.
We suggest the following as suitable persons to constitute this committee

with power to organize: J. J. Sims,
President; S. W. Davis First Vice-presdent; J. W. Edwards, Second Vicepresident; J. A. Elliott, corresponding
Secretary; J. C. Long, Treasurer,
A vote on the report resulted in the resolutions being received and adopted and the appointment of the committee

recommended. Further speeches were then called for, but no one seemed inclined to respond until the name of Manuel Lord rent the air. Remarks from this quarter, which appeared to be imminent were, however, averted for the time by a quick motion to adjourn on the part the members of the State anti-prohibition executive committee, which was carried. The colored portion of the audience were not ready to break up yet, and they continued in the court house while any one could be found to speak. Manuel's turn finally came and he had his say.

Gen. Longstreet took possession of the office of United States marshal of Georgia Friday.

Who is Mrs. Winslow?

As this question is frequently asked, we will simply say that she is a lady who for upwards of forty years, has untiringly devoted her time and talents as a Female Physician and nurse, principally among children, she has especially studied the constitution and wants of this numerous class, and as a result of this effort and gractical knowledge. constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup, for children teething. It operates like magic—giving rest and health, and is moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless here especially is this the case rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thous-ands of children have been saved from an early grave by its timely use, and that millions yet un-born will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—try it now.—Ladles' Visi-tor, New York City. Sold by all druggists. 25
