A Perfect Corset at Last.

No More Broken Whalebones.

After spending over twelve thousand dollars in experiments, Dr. Warner has perfected a material for boning corsets called

CORALINE

Which is vastly superior to horn or whalebone.

ITS ADVANTAGES ARE:

FIRST. It cannot be broken. A reward of \$5 will be paid for every corset in which the Coraline breaks within six months ordinary wear.

SECOND. It is more pliable than whalebone and adapts itself more readily to the movements of the body.

THIRD. It is not affected by cold, heat or moisture.

FOURTH. It is the cheapest and most serviceable corset ever made.

THE CORALINE CORSET is made throughout of superior materials, and is warranted in every respect. If not found entirely satisfactory, the purchase money will be refunded. Ask for

Dr. Warner's Abdominal Corset,

With extension front. Unequaled for beauty, elegance and style. And

Dr. Warner's Nursing Corset,

The only perfect nursing corset in the market. Ask for Dr. Warner's

CROSS-BONED HIP CORSET.

We have the exclusive sale in this market of the above corsets, and will be pleased to have the trade. T. L. SHIPLEY & CO.

OBSERVATIONS.

Two Indiana brass bands are to have a competitive trial. Perhaps this is what Mother Shipton meant.

I'm not afraid of my personal safety. I know all about shot guns.—Conkling.

The Ozar has succeeded in maintaining absolute monarchy. But he is afraid to come out and see how it is getting along.

Gutless was a dead beat, a cranky religionist, and a Republican. Three vicious compounds to take possession of a man's mind.

An elephant has the strength of forty-seven men, and a trunk that wouldn't be big enough for two women.

"It is execrable taste for a waiter to wear a beard," he is, but we prefer that he should wear it, than to carry it, in sections, on his soup plates.

It is a little curious about people who buy newspapers. The worse the news the more they want the papers. Good news is nearly as saleable as bad.

We appreciate the kindness of heart of the friend who presented us with a \$200 St. Bernard dog, which we are boarding at \$4 per week, but condemn his method.—Boston.

The King of Siam has subscribed for the New York Sun. The Queen is better developed than many American women, and a small paper makes a more satisfactory bundle than she could get from the mammoth Courier.

If the foot killer could spare a few moments from his watch over Siscoom, the Chicago faster, he should take a run across to the Englishman, who has started on a walk of six thousand quarter miles in six thousand consecutive days.

An Austin man, who has been traveling a great deal over the country, furnishes the best definition we have heard yet of the eating house. He says it is a place where the train stops long enough for a pious-looking man, who wears a coat, to get out and sell some of his passenger for taking away his appetite. That is a true bill.—Galveston News.

NEWS IN NORTH CAROLINA.

Raleigh News-Observer: The blackberry crop hereabouts is almost a failure. This is owing to the dry weather, which has actually dried up the berries, both green and ripe, upon the bushes.—The consumption of mineral waters in this city is now enormous, being over two million gallons per annum. There has been a marked falling off in the use of alcoholic beverages, and even in malt liquors.—There was only one case before the mayor yesterday, hearing that of a quarrel in a vehicle, which was actually dried up the berries, both green and ripe, upon the bushes.—The consumption of mineral waters in this city is now enormous, being over two million gallons per annum.
