The excursion to Atlanta Tuesday will probably be the biggest excursion of the season. The train will leave the Air-Line depot at 5:30 o'clock Tues-day morning. The hotels in Atlanta have agreed to furnish board to the ex-

cursionists for half fare. Mrs. Mary A. Harrison, the venerable mother of Mr. Charles F. Harrison, died at the latter's residence in this city at 9 o'clock last night. The fune-ral will take place from the residence at 10 o'clock this morning.

Mrs. P. C. Wilson has been called away from home very suddenly to the tedside of Dr. E. H. Greene, who is seriously ill at Sabina, Ohio. Dr. Greene is well and favorably known here in

Charlotte, where a residence of some ten years has made him many friends. The registration book for the third ward will be kept at the residence of S. H. Hilton until within a week of the election, when it will be

removed to the court house and kept open at that place the remainder of the time, giving ample opportunity for all to register for the August election. For the benefit of our chess players, among whom partiality induces us to believe there are several champions,

we mention the fact that Spartanburg is to have a big chess tournament the 19th of July. For further particulars those desiring to be contestants are requested to communicate with Mr. J. S. Thompson, of Spartanburg.

MECKLENBURG PRESBYTERY. Eighth Annual Convention -- Pro-

gramme of the Convention. Mr. F. Scarr, chairman of the executive committee of the Mecklenburg Presbytery announces that the eighth annual convention of the elders and deacons, of Mecklenburg Presbytery will be held in the Presbyterian Church in Monroe, the 2d day of August, 1881, the session opening at 10 o'clock A. M.

These conventions possess no legisative power, but meet for the purpose f considering and discussing subjects pertaining to the interests and enterprises of the church, and a free interchange of views in regard to the duties of its officers tending to systematizing friends in Durham.
their labors, and rendering them more There is a move

To this end, the following subjects are presented for the special consideration of the approaching convention: 1. The duties of the elders of the church. The elders assigned to its dis-cussion are: F. Scarr, J. D. Petts, J. R. Hutchison and R. I. McDowell.

2. The necessity of systematizing the mode of collecting funds for the support of the ministry, and for sustaining is so well and favorably known to all mode of collecting funds for the supthe enterprises of the church, and the manner of doing it: E. importance and the manner of training them for active labors in its service: Jno. H. Young, G. B. Hanna.

It is not to be understood that this list of subjects is to preclude the consideration of any important question which may be introduced by any elder or deacon in attendance, nor that the discussion upon the subjects presented will be confined to the members designated to introduce them. It is desired that every church in the Mecklenburg Presbytery be represented by elders and deacons. Every elder and deacon in attendance will be enrolled as a member, and entitled to a full participation in the proceedings of the convention.

To be Carried to the Supreme Court.

It is learned from the legal representatives of Mr. W. R. Cochrane that suit will be instituted in his behalf in the Supreme Court of the United States against the city based upon the clause in the 14th amendment to the constitution which provides that "no person shall be deprived of his property with-out due process of law." They claim that the prohibition ordinances passed by the board of aldermen which deprived him of his license and virtually confiscated his stock of goods, was not such "due process of law" as is here in-

W. J. JENKINS, Postmaster.

A Correction.

The statement made yesterday that subscribers for lock boxes at the postoffice in this city paid \$5 for their boxes at the outset, in addition to a further fee of \$4, yearly, indirectly did injustice to Mr. W. W. Jenkins, the present postmaster. The statement is true of a majority of the subscribers, but they bought their boxes before Mr. Jenkins's time, of his predecessor in office. Mr. Jenkins put a stop to this practice when he came into office and deserves credit for having done so. Not a single box, he states, has been sold by him or his assistants since the commencement of his term of office. The set of new boxes recently put up at the office cost him \$250 and they are turned over to subscribers for the usual yearly rent, without any other requirement except the deposit of 50 cents to secure the re-turn of the key when the subscriber is done with the box. We gladly do Mr. Jenkins the justice to make this explanation.

Tom made a demand upon him for it. He refused to give it up when Tom knocked him down and taking the money from him, fled. This young rascal has been a standing nuisance in the city for a number of years, having committed numerous offenses the consequences of which he has hitherto escaped on account of his youth. It is probable, however, that advantage will be taken of the present opportunity to put an affectual stop to it, if he is caught.

All Healing Springs, KING'S MOUNTAIN, N. C.,

July 8th, 1881. To the Editor of The Observer. Your correspondent is a Mecklenburg man who has been sojourning at this

health restoring retreat for the past two weeks, and in the interest of humanity sends you a few observations. There is a fitness in communicating to the public the special virtues of these waters through your columns, because the facts show that Mecklenburg county, and Charlotte particularly, has taken a deep interest in their success. While a constant stream of Mecklenburg citizens is setting towards this fountain of health, we are, at intervals, literally inundated by a flow from Charlotte, and be it said to the credit of your city, its representatives have been mainly from the most solil, and valuable class of the community.

It was only accidentally that I first heard, a few weeks ago, that these springs were opened to summer visi-tors. I had known personally for ten years, and by tradition for a half century, that there were healing waters of singular virtue somewhere in the forests near Crowder's and King's Mountains, but that Southern enterprise had

My first impressions were that the place must be too new, the plans too immature, and the accommodations for in the postoffice for the week ending June 6th:

necessarily inadequate, to secure the requisite quiet and rest for the feeble sufferer, and on this account my visit was only an experiment. Experience, however, has proved that the sedative effect of the waters, and the cool night air, have combined to promote sound and refreshing sleep and it is a com-mon remark of the visitors that they

feel sleepy much of the time. When we consider that only three months ago, the ground was first broken for opening up this new "Pool of Bethesda" in these mountain forests, one can hardly realize that so much comfort and home life could be attainable in so short a time. The rooms and furniture are of course all new, clean and well ventilated, the food is of good quality, the cooking, especially the bread, excellent, and the waters are pleasant, light, easily digested and appetizing.

You will observe that I purposely use the plural number in speaking of these healing waters for the public may not know that there are already three dis-tinct springs, (a sulphur and a chaly-beate spring in addition to the all-healing), now open here for the use of in-

valids, and how many more may be developed in future remains to be seen. The sulphur spring has been discovered since my arrival.

Let us hope that North Carolina may yet furnish in this locality a Saratoga for the South—a true "All-Healing" fountain where every variety of mineral waters may be found suited to mineral waters may be found suited to every type of human disease. At pres-ent the reputation of the waters here rests mainly upon the cures they have effected in cases of dispepsia, general debility, cutaneous diseases and ulcers of various kinds. Of course, no one remedy can cure everything, but it is stating the proposition mildly to say that all who are troubled with any of the afflictions would do well to try these waters.

These notes, Mr. Editor, you may think are already sufficiently extended, but in simple justice to all concerned you will allow me to add that while this establishment belongs to a joint stock company the presiding genius is Dr. F. M. Garrett, whose indomitable energy, accommodating spirit and and genuine kindness to everybody, makes it easy to accept the situation, and impossible for any right-minded man to complain of evils that cannot be remedied. The Doctor is a large hearted man, with large views and large plans, and his whole soul is in the work of making these springs a bless-ing to the country. He expects to enlarge and improve his premises from year to year, until he has established and his large experience in the hospitals of New York City, in the hospitals of our late war and in his extensive practice since that time, seem to offer a full guarantee for his final success.

DIED. In Seguin. Texas, on Thursday, June 29, Bev. John M. Wilson, in the 72d year of his age. The deceased was a native of Mcklenburg county and a histhet of Mr. Joseph H. Wilson, of this city.
In this city at 9 o'clock last right, Mrs. Mary A. Harrison. The funeral will take place from the residence of Mr. C. F. Harrison, on Church street, at 10 o'clock this morning. The friends of the family are invited to attend.
