A sad sight: Of course you cannot blame two women for kissing each other, for "sweets to the sweet" is both fitting and proper; but it dees look odd to see them kiss with a veil covering each mouth. Screened kisses must be awfully tame and unsatisfactory. Kisses are potent, however, and they may penetrate the veil.

THE ELECTORAL COMMISSION.

Its Secret History Likely to be Sooner or Later Divulged.

It is current belief that the electoral commission, by whose final vote the presidency was stolen from the people has a secret history. There exists ample ground for the belief that at one time the Republican justices in the body had decided to throw out the vote of Florida entirely, and that one of them (Bradley) reached the determination to vote to give it to Tilden and Hendricks. It has been generally understood that Bradley assured Justice Clifford of his intention to do this. Our readers, or some of them, may remember that, after the arguments, and It is current belief that the electoral member that, after the arguments, and before any votes had been taken, rumors appeared in Washington correspondence to the effect that Bradley had confessed to Clifford, the justice of the Democratic position, and stated that he would vote to declare Tilden elected. ed. The mill proprietors in Maine pay men \$7.50 a week, women \$5.50, and children from \$2.50 to \$5.40. This is less than the dreadful "pauper wages" in England, but it is the best the protective tariff can do for laboring people in the factories.
