#### Legal Insanity.

The last productions of Guiteau given to the public are the following letter to his counsel and the address to the people, which was read in print last Thursday. He seems to prefer legal insanity to any other kind, on which he thinks he has a dead sure thing.

Mr. Scott: I had a high fever last night, the worst I have had since I was sick in July. I told Col. Corkhill's assistant I should not be able to go into court this week any way. Did you see the President? If not, see him at once and get what time he will. He is bound to help me and he will help me if you stick to him. Talk to him just as I would. Thirty days to plead and my book are the objects to be pressed now. Do not let me get into any more of my actual insanity. It would disgust the court and jury. Legal insanity is all I claim, and that is just as real as actual. I want to see the leading stailwars meet for New York last fall in my defence. This is my own testimony is about all the defense I have, as the law is with us, the law of insanity and the law of jurisdiction. See me as soon as you can. I want to get my book out at once some way.

W. D. HARPER, CHEMICAL CO., Baltimore, Md.

#### His statement is as follows:

TO THE PUBLIC—I wish to warn all persons to attempt no violence on me, as they will probably be shot dead if they do by the officials having me in custody. The United States government is bound to protect me and give me a fair trial, and the honor of the American people is at stake for my personal safety. I understand that this bitterness is kept alive by certain friends of the late President who expected office from him. They are mad about his removal, and it is irresponsible characters who are stirring up the people to do violence to me. I have no personal animosity against any man, and I have no interest in the politics of the country. I am a peace-loving man, and I want to see the country prosper and the people happy.

#### Eight Monks Murdered.

A shocking murder, says the St. James's Gazette, was committed a fortnight ago in a monastery in the town of Nyoz, Hungary. This monastery, which was inhabited by eight monks who were believed to be very wealthy, was attacked by a band of brigands, and an alarm having been given, a body of soldiers was sent to the rescue. The brigands endeavored to barricade themselves in the monastery, and exchanged several shots with the soldiers, who were more than an hour before they could force an entrance. When they did get in they found the monks lying gagged on the floor, but could find no trace of the brigands. After the monks had been set at liberty they informed their directors that the brigands had been shot dead in a room, having first stripped them of their clothes and put them on themselves. They gagged one another to deceive the soldiers, and while the latter were searching in the cellar, had made off to their fastnesses in the forest.

#### The Business Blockade at St. Louis.

All the roads leading from Chicago to St. Louis now refuse to take freight for that point, not being able to have it transferred over to the regular line of St. Louis. There is a very serious freight blockade at the latter point, because the transportation lines on the other side cannot remove it from the river. The latter are the owners of their animals suffering severely from the new disease known as "pink eye." The bridge company, which cannot take care of one-third of the freight that comes to that point, is much criticised for this state of affairs. It is claimed that it could handle all or most of the business if it desired; but it prefers to use all its motive power for the transportation of passengers, which is unusually heavy at present, and which pays it much better than the freight business. Not only are the business interests of St. Louis proper suffering severely from this blockade, but the routes centering at St. Louis are also seriously damaged, as transfers from one road to another can only be made with much difficulty and after much delay.

#### Disturbance in Ireland—Police Charging the Crowds.

LONDON, Oct. 17.—On Saturday night the police frequently charged crowds of people on Castle Bridge and Sackville street, Dublin. The mob shouted "to hell with buckshot," and cheered Father Dillon and other members of the league. Many persons were seriously injured. The severity of the action of the police is severely condemned. The Irish population of Liverpool is in a state of great excitement. All the leaders of the movement quartered in Ireland have been ordered to return to duty immediately.

#### Army Promotions.

WASHINGTON, Oct. 15.—Lieut. Col. Robt. Williams, Assistant Adjutant-General, to be Colonel and Assistant Adjutant-General; Major Thomas M. Vincent, Assistant Adjutant-General, to be Lieutenant-Colonel; and Assistant Adjutant-General Captain Van-Buren Hubbard, Assistant Surgeon, to be Major and Surgeon; Major Cyrus B. Comstock, Corps of Engineers, to be Lieutenant-Colonel of Engineers; Captain Jas. W. Cuyler, Corps of Engineers, to be Major of Engineers; and a large number of other army promotions.

#### More Virginia Adjustment.

RICHMOND, Va., Oct. 15.—A hostile meeting took place this afternoon at 4 o'clock about ten miles from Richmond between Capt. H. H. Riddleberger and Hon. G. W. Wise. Four rounds were fired by the Rebels, but the military explanations and an amicable adjustment followed.

#### Be on time for prevention is better than cure.

All colds and colds and such affections of the throat and lungs as lead to consumption are cured by Dr. Bull's cough syrup. Price 25 cents.

Attending to the various campaigns, the Wheeling Intelligencer thinks that the great campaign now upon us will exceed that of 1872, when the "dog" who phoned was in the field and fray. Time works wonders; but with some things it can make no change, as the following from our esteemed fellow citizen H. P. Behrens, will show: I have been the leading "dog" since 1872, and have never been a "dog" but I have had a number of "dog" who would not be without the "dog" for anything. Every dealer sells the same.

### NOON TELEGRAMS.

Early and Mahone—Mahone Writes to a Letter.

RICHMOND, Va., Oct. 17.—The following is published in the *Why?* newspaper: A speech of Gen. J. G. Early in Richmond, Oct. 11th, has been read by me. So far as it refers to myself, the rank of Gen. Early in the Confederate army entitled the speech to that much. It brings me to decide whether I shall demand satisfaction from Gen. Early for what was intended by him as an insult. After years of unprovoked malice and indignation he presents the issue squarely and grossly. It admits of no discussion, and would neither be met nor evaded by recrimination. I so accept it. My decision arrived at advisedly and maturely is that the rank of Gen. Early, which is his sole claim to recognition, does not outweigh other considerations which forbid such recognition. The public of Virginia need no apertifications of facts concerning Gen. Early, on which I rely for this action. I only desire to make it known that I am not ignorant or neglectful of his speech. He could give me no satisfaction and I can have none even in describing him as a hero. I have no objection to his therefore proceeding with his falsehoods, and would be insults of impunity so far as I am concerned.

#### Gen. Early made a speech here a few evenings since, grossly abusing Mahone. It was said in the appearance of the publication accorded to Early that Gen. Mahone wrote a challenge to Gen. Early and referred by letter to friends here saying he would adopt either alternative suggested by them. Their advice was to take no notice of Early's tirade. The above letter is probably the outcome of the matter.

#### New York Stock Market.

NEW YORK, Oct. 17.—The stock market opened generally firm but in early dealings prices declined 1/2 to 3/4 per cent.; speculations, however, soon became strong and an advance of 1/4 to 1/2 per cent. was made. The Michigan Central, Denver & Rio Grande, Mar. & Cincinnati were preferred. Colorado Coal and Wabash were most prominent. Cleveland, Colorado, Chicago & North Western, 1/2 per cent. to 7/8, fell off to 95 1/2 and recovered to 96 1/2. Manhattan Elevated, which closed on Saturday at 42 1/2, opened at 40, receded to 39 1/2, advanced to 40 1/2, fell off to 39 1/2 and rallied to 40.

#### Charlotte Invites the Count De Grasse and will Decorate the De Grasse Tomb.

CHARLOTTE, S. C., Oct. 17.—Major Courtney, on behalf of this city, has invited Count de Grasse to visit Charlotte, on which I rely for this action. A. J. G. de Grasse died and were buried. On Wednesday, while the ceremonies are in progress at Yorktown, the de Grasse tomb here, which is now being restored, will be decorated with the magnificent arches of evergreen and the mound coronated with flowers contributed by the citizens.

#### In the Senate.

WASHINGTON, October 17.—Teller was relieved from further service on the committee on privileges and elections upon his own request. Sherman called up his resolution directing the Secretary of the Treasury to transmit to the Senate a copy of the report of James T. Mellon and urged its consideration, but it went over until Friday.

#### The Iron Hand—John Dillon Arrested.

DUBLIN, Oct. 15.—John Dillon, member of Parliament for Tipperary, was arrested at 4 o'clock this afternoon on the charge of treasonable practices and lodged in Killmainham jail. Sexton was arrested Friday afternoon.

#### Stearns Displeased.

NEW YORK, October 17.—The steaming Crescent City, while in the dry dock at the foot of Clinton street, was capsized this morning, being badly damaged, but the exact extent of injuries are unobtainable till she is righted.

#### Burnett's COCOAINE.

Unlike All Other Hair Dressings.

Is the best for promoting the growth of and beautifying the hair, and rendering it dark and glossy. The Cocaine holds in a liquid form, a large proportion of deodorized Coconut Oil, prepared expressly for this purpose. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair.

#### MOTHERS DON'T KNOW

How many children are punished for being unclean, filthy, and indifferent to instructions or reprimands simply because they are out of health! An intelligent lady said of a child of this kind: "Mothers should know that if they would give the little one moderate doses of Hop Balm, for two or three weeks the children would be all a parent could desire."

#### IT WON'T PAY

after so much labor and capital has been expended to build up this medicine, to allow it to deteriorate. You can take Simmons' Liver Regulator with perfect faith, as it is made by no adventurers who pick up the business of concocting medicines, but by educated, practical druggists who have made the study of medicine, and its compounds the labor for a lifetime. The care, precision, neatness and perfection exhibited by the very appearance of the regular product is to be the best prepared medicine in the market, and J. H. McAden & Co. fully carry out their motto: "Purissima et Optima curam et studio."

#### Mrs. Winslow's Soothing Syrup.

Rev. Sylvanus Cobb thus writes in the Boston Christian Freeman:—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. Great credit is due to the inventor of this Syrup, for his knowledge in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents untroubled rest at night. Most parents can appreciate these blessings. There is an article which works to perfection, and which is harmless; for the sleep which follows the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of a teething, his mother is relieved from the anxiety which she would not be without it from the birth of the child till it had finished with the teething stage, on any consideration whatever. Sold by all druggists. 25 cents a bottle.
