Mr. Thos. McWaters advance agent for Mr. Archibald Forbes, the celebrated war correspondent of the London press, who is now lecturing in the principal cities of the South, was in the city yesterday, and thinks that Mr. Forbes may be induced to visit Charlotte some night next week. He lectured in Wilmington last night and from there goes to Atlanta where he lectures. It is much to be hoped that this distinguished gentleman may come here. His lectures are fraught with intense interest, being in great part narratives and reminiscences of his long experience as war correspondent from the Danube to Afghanistan, from Paris in the days of the Commune to Zululand where he was one of the party who rescued the body of the unfortunate Prince Imperi-

Advice to travelers.—Buy a bottle of Dr. Bull's cough syrup, the only thing to stop a Hack.

Meeting of the Library Association.

The Library Association met last night in the basement of Tryon Street Methodist church. Mr. A. C. Hutchison read a humorous selection, "Things not Worth Trying;" Miss Bettie Allison, a poem, "Trust in God," and Miss Carrie Frazier, a poem, "Somebody's Mother." All three were read with good emphasis and fine appreciation. The festival lately given by the association brought enough money, it is learned, to make the meeting room entirely comfortable for the winter, and this will be done by next Friday night, the regular time of meeting.

Neighborhood Notes.

-- The Wadesboro fair was a success. Charlotte was well represented by Happy McSmith's musical display and W. G. Berryhill's specimens of marble work.

-The second house burned since Gastonia was a town was that of Elijah Foster, colored, Monday night. -Concord is to have tar pavements. It is to be hoped they will make better

-The stockholders of the new cotton factory in Concord have had a disagreement about the site for the proposed building. If it is not settled, which it is hoped will be the case, two factories instead of one will be the probable result, says the Sun.

barrus, is dead.

The big Sugar creek bridge on the Charlotte, Columbia and Augusta Railroad was burned completely day before yesterday morning. One trifling case | yesterday. The fire was discovered in the afternoon about 6 o'clock. A freight train had passed over about twenty minutes before, and it is possible that the fire originated from the sparks of the locomotive. This is mere conjecture, however. This was the only covered bridge on the road, except the large one over the Savannah river. It was very Mr. H. I. McDuffie, of the Laurin- close, and a new one would, in all probburg Enterprise, was in the city yester- ability, have been substituted even if surface. the fire had not occurred. Numerous small accidents, such as the scraping of car tops and smoke stacks have occurred. The new bridge will be completed in a few days, as operations have already been begun. Passengers will be transferred at Sugar creek in the meantime, so there will be no interruption to travel.

An Out-of-the-Way Young Man. As a young man, yesterday afternoon, with beggar-lice on his copperas breeches, hay seed in his colorless hair, and innocence in his every glance, struggled up the steep grade of Trade street in its approach to Independence Square, it was evident to all who observed him that the satisfaction which a brand new pair of boots, uncovered to the knee, afforded him was somewhat dashed by the fact that they hurt his feet. With refreshing unconsciousness of the smiles of the people, the young Mr. Will Clarkson, of this city. man sat flat down in the middle of the has charge of the machinery exhibit at pavement, pulled them off and drew the Atlanta Exposition of the Messrs. from a paste-board box his old brogans, which he proceeded to assume instead. He seemed absolutely unaware of the current of passers, which he parted like a rock in mid-channel.

Union Court.

The Monroe Express, apropos of an The sympathy of the community | item in THE OBSERVER a day or two since concerning Judge Avery's statements as to the criminal docket of the last term of Union court, defends the town and county from the resulting implication of unusual lawlessness. exist, the Express thinks that it does not become a Judge to advertise it. On Enquirer after that not altogether in- this latter point the reporter of THE OBSERVER must do the Judge the justice to state that he was probably unaware of the fact that the remark would be made public. So much for the Judge's part in the matter. The reporter hopes the Express will pardon him for the opinion that its sensitiveness on the subject is somewhat nice-Attention has been repeatedly called in this paper to the frequency with which many terrible crimes have occurred in Mecklenburg of late years and surely the Express is not prepared to deny the fact that homicide, at least, has been deplorably common in Union during the same time.

with a woman who was thought to be A Disgraceful Hole-Attempt at Rob-

A night or two since Mr. Carlelock, a was plainly false as one of them was gentleman who keeps a beef market on Tryon street, came to Policeman Erwin saying that he had been the victim of Governor of Pennsylvania and staff an attempt at highway robbery. As he passed in the rear of the Central Hotel on his way home a fierce looking white man collared him and demanded his money. Mr. Carlelock broke loose from him and got away from the dark and disreputable hole (which that spot undoubtedly is) as fast as possible. The policeman went immediately in search of the man. He inquired of a woman who lives in one of the rooms if she -Frederick Paulding is playing in had seen anything of the man described. She said she had-that such an one had come into her room and frightened her terribly a few moments before with -Charles E. Verner's company, to be the declaration that he was a robber and would have money. The woman ine Irishmen from Dublin. They play- had none to give him and he left with-

All this sounds very sensational, but there is no doubt of its truth, and the fact that both witnesses say that the man was not drunk and seemed to be in dead earnest makes it worthy of at-

The rear of the Central is about the worst place in the city and has been the scene of much crime and many infamies. Its proximity to the most frequented place in town makes it all the more disgraceful.

The best Liver medicine known is the Hamburg Drops, and it is also a specific for Digestive ail-

INDULGENT PARENTS Who allow their children to eat heartily of highly seasoned food, rich pies, cake, etc., will have to use hop litters to prevent indigestion. sleepless nights, sickness, pain, and perhaps death. No family is safe without them in the house.

LIEBIG CO'S COCA BEEF TONIC. "Superior to any tonic I have used or prescribed," says Prof. E. M. Hale, M. D., Chicago Medical College. It is prescribed by the most eminent physicians for weak lungs, falling out of the hair (applied to the scalp), weak and irritable throats, asthma, shortness of breath, chronic coughs, and all paryons affections. all nervous affections. Beware of counterfeits.

Railroad Sparks.

-The Richmond and Danville officials in Atlanta have been notified by a general order, issued from their headquarters in Richmond, Va., that in assuming control of the Virginia Midland railroad, Col. A. Pope will act as general passenger agent of the new acquisition and Mr. Sol Haas will act as general through freight agent.

-The Gastonia Gazette says of the progress of work on the Chester and Lenoir Narrow Gauge: "Capt. Waddill is grading at Lincolnton with a force of about thirty hands, all of whom are excellent workers. He expects to have the track laid to Main street by to-day (Saturday.) A bridge has recently been erected over Long creek instead of the old trestle. Mr. George Morgan superintended its erection and deserves credit for the skillful work done. This road has its own officers and mechanics, and does nearly all its own repairing with home born and reared men."

Mining News.

The Salisbury Watchman says that at the Gold Hill mine all is activity, they are constantly taking on hands as occasion requires, and have just received one of the improved "Buckeye" Engines. It is a seventy-five horse-power and in quality is the best in the market. Also a Beckett & McDowell twenty stamp mill with all requirements. The water is pumped down to the 175 foot level, and they are working a force of English miners.

At Beaver Dam, in Montgomery county, a new mill house has just been erected. The engine and boiler has been placed and the arrival of the How-

land pulverizer is awaited. Some very rich gold ore has been brought to Salisbury by Mr. Samuel Harrison from his Belle Mine in Moore county. He has a large barrel of it and each piece of ore in the barrel shows free gold in large quantities. He says they have plenty of this ore in the mine and at present forty tons out on the

The Rymer is still producing good ore, work is progressing smoothly and indications tend to make this one of the standard mines of our State.

The Propagation of Fish.

The propagation of fish by artificial means was begun in North Carolina in March, 1877. Their culture is new in this country, and while the public are aware of the value of artificial propagation in other countries, and the immense outlays annually made for its sustenance, there is yet a large mass of people who await actual results for confirmation. It was not till 1880 that a general distribution of shad was begun. Mr. S. G. Worth, State fish commissioner, tells the Raleigh News-Observer to recommend to persons in the interior to cultivate the German carpin ponds. The carp grows quickly, and almost every farm affords suitable conditions for supplying one or more families with fish. They have been distributed to about four hundred parties in the State, and have been delivered free of cost. These are obtained in Washington, D. C., and deposited at Raleigh as a central point for distribution. No fish has ever been cultivated so profitably. They are growing at a marvelous rate. In giving them freely to all who apply, the board requires them to be placed in ponds free of other fish. The number at present is limited and this

provides against their destruction. Mr. Worth has recently been making extensive inquiries of those who have been furnished with carp by the Board of Agriculture, and only six out of all the parties supplied have lost any. They report the growth of the fish as astonishing, being about fourteen inches on an average, while some have reached twenty inches. In several instances they have spawned. They were distributed last February, and the facts seem to prove that they spawn before they are a year old.

The midnight marauder should not be banished from our dwelling any more quickly than should a cough or cold of any kind be driven from the system. Dr. Bull's cough syrup quietly yet positively places all colds under its control. Price 25c.

PIRATICAL FABRICATIONS, Dangerous fabrications from time to time are gotten up to cheat the public and to sell on the name and reputation of Simmons Liver Regulater. In five legal decisions perpetual injunctions have been decreed by the courts for the protection of the public and the suppression of these frauds. Therefore beware of these hurtful deceptions and take only Simmons Liver Regular, manufactured by J. H. Zeilin & Co., in White Wrapper, with the large red Z and mortar thereon.

Women are everywhere using and recommend ing Parker's Ginger Tonic because they have learned from experience that it speedily overcomes despendency, indigestion, pain or weakness in the back and kidneys, and other troubles peculiar to the sex.—Home Journal. See adv.

BURNETT'S COCOAINE,

Unlike All Other Hair Dressings. Is the best for promoting the growth of and beautifying the hair, and rendering it dark and glossy. The Cocoaine holds, in a liquid form, a large proportion of deodorized Cocoanut Oil, prepared expressly for this purpose. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. The superiority of Burnett's Flavoring Extracts consists in their perfect purity and great strength.

Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for all those painful complaints and weaknesses so common to our best Send to Mrs. Lydia B. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

A Down Town Merchant, Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homocopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a porchild. During her absence he administered a por-tion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and hap-py. The mother was delighted with the sudden and wonderful change, and although at first offendand wonderful change, and although at hist offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.

There are political outbreaks so popular with the whole people that the state dare not interfere. The breaking out of pustules, pimples, tetter and the like on the face, can be pleasantly cured by Dr. Benson's Skin Cure. Also good for the hair

and scalp. Thousands of women have been entirely cured of the most stubborn cases of female weakness by the use of Lydia E. Pinkham's Vegetable Compound. Send to Mrs. Lydia E. Pinkham, 288 Western Avenue, Lynn, Mass., for pamphiets.

FADED OB GRAY HAIR gradually recovers its youthful color and lustre by the use of Parker's Hair Balsam, an elegant dressing, admired for its purity and rich perfume.
