SOME HANDSOME BROCADES

Medical. Theumalism

Neuralgia, Sprains,

Pain in the Back and Side. There is nothing more painful than these diseases; but the pain can be removed and

the disease cured by use of Perry Davis' Pain Killer. This remedy is not a cheap Benzine or Petroleum product that must be kept away from fire or heat to avoid danger of explosion, nor is it an untried experiment that may do more harm than good.

Pain Killer has been in constant use for forty years, and the universal testimony from all parts of the world is, It never fails. It not only effects a permanent cure, but it relieves pain almost instantaneously. Being a purely vegetable remedy, it is safe in the hands of the most inexperienced.

The record of cures by the use of PAIN KILLER would fill volumes. The following extracts from letters received show what those who have tried it think:

Edgar Cady, Owatonna, Minn., says:

About a year since my wife became subject to severe suffering from rheumatism. Our resort was to the PAIN KILLER, which speedily reliaved her.

relieved her.

Charles Powell writes from the Sailors'
Home, London:

I had been afflicted three years with neuralgiaand violent spasms of the stomach. The doctors
at Westminster Hospital gave up my case in
despair. I tried your Pain Killer, and it gave
me immediate relief. I have regained my
strength, and am now able to follow my usual
occupation.

G. H. Walworth, Saco, Me., writes:

I experienced immediate relief from pain in
the side by the use of your PAIN KILLER.

the side by the use of your PAIN KILLER.

E. York says:
I have used your PAIN KILLER for rheumatism, and have received great benefit.

Barton Seaman says:
Have used PAIN KILLER for thirty years, and have found it a never-failing remedy for rheumatism and hameness.

Mr. Burditt writes:
It never fails to give relief in cases of rheumatism.
Phil. Gilbert, Somerset, Pa., writes:
From actual use, I know your PAIN KILLER is the best medicine I can get.

All druggists keep Pain Killer. Its price is so low that it is within the reach of all, and it will save many times its cost in doctors' bills. 25c., 50c. and \$1.00 a bottle. PERRY DAVIS & SON, Proprietors,

Providence, R. I.

PHYSICIANS, CLERGYMEN, AND THE AFFLICTED EVERYWHERE.

NORTH CAROLINA SAHEAD

BY TELEGRAPH. Arrested While Making Explosives. LONDON, Nov. 2.-A St. Petersburg correspondent of the Daily Telegraph says: "I have trustworthy information that the police have just made an implay. portant capture. Suspicions have been directed to inmates of a house in a respectable quarter of the city. Police surrounded the place at night, burst open the doors and seized a man and a

dent in the school of mines." Statham Files His Bond and Receives

woman who were preparing dangerous

His Commission. Washington, Nov. 2.—In response to the notification of his appointment the requisite bond was received at the Postoffice Department to-day from Clifford Statham, and the President thereupon commissioned him to be postmaster at Lynchburg, Va., vice J. Q. Wilson, suspended under tenure of office law. Statham's commission will hold good until the end of next session of the Senate, unless he be previously superceded by the President or be nominated and confirmed for regular

term of four years. Guarding Against the Importation of

Diseased Cattle. SPRINGFIELD, November 3 .- Gov. Cullom has forbidden the importation into Illinois of cattle from certain counties in Connecticut, New York, Pennsylvania, New Jersey, Delaware and competent veterinary surgeons. The proclamation takes effect on the 10th cattle into Illinois except on the conditions named.

Strike Among Cigar Makers. MILWAUKEE, Nov. 2.—Cigar makers in nearly two hundred shops have struck and forty-two factories have acceded to an advance of one dollar per thousand cigars which the strikers demanded. The strikers are orderly and determined, maintaining that they can exposition that one State alone could hold out indefinitely, and that the strike is likely to spread all over the Therefore all the exhibits have been

Tobacco Sales in Danville.

DANVILLE, VA. Nov. 2.—The report of the Danville tobacco association for October just submitted shows that 702,181 lbs. of tobacco were sold for \$119,479.50 being an average of \$17.01 per 100 pounds.

Steamer Sunk,

ATLANTA, Nov. 2.—The Gunby Jordan, a steamboat running between Columbus and Apalachicola, Fla., ran upon a rock below Bainbridge and sunk. No lives were lost. She had a cargo of salt on board.

Killed Over a Game of Cards. CLARKSVILLE, TENN., Nov. 2.—Geo. Suter was shot and killed last night at Cherry's station by Marlton Hatcher, in a quarrel over cards. Hatcher escap- use a hundred years.

Boston Decides upon a World's Fair. BOSTON, Nov. 2.—Decisive steps have been taken to the end of having a world and are distinctively North Carworld's fair here, and subscription books olinian. More corundum is mined here will be opened next week.

Health of Archbishop Purcell. CINCINNATI, Nov. 2.—Archbishop Purcell, whose dangerous illness was reported, is as well as usual.

After Cannon's Seat in Congress. SALT LAKE, Nov. 2.—A. G. Campbell has gone East and will contend for Cannon's seat in the House of Representatives.

STATE NEWS.

Wilmington Star: Fox-hunting is now one of the amusements the Wil-

mingtonians indulge in. Thomas Blatchford, commonly known in this city by the name of Thomas Barton, is said to have been found in a dying condition at the house of a colored man just east of the city, a short distance this side of Smiths creek. He was sent to the hospital, under Dr.

Lane yesterday afternoon. Durham Recorder: Mr. James Norwood, of Hillsboro, was the "champion premium taker" at the last State fair. He carried off 28 premiums, aggregating about \$150.00.

One of our countrymen came to town last week to pay off his fertilizing bill. He brought his whole crop and sold it, and he lacked \$9.00 making enough cotton to pay for the guano used.

Messrs. Lea & Jones received at their warehous last Thursday and Friday, four hundred and fifty thousand pounds of tobacco. Bishop Wightman will preside over the Methodist conference which meets at this place on the 23rd of November.

The usual reduced rates will be secured on all the railroads. Raleigh News and Observer: Gov. Jarvis has ordered special terms of Superior Court for the following coun-

perior Court for the following counties: Hertford county, December 2, Judge Graves; Northampton, January 9, Judge Graves; Davidson, January 9, Judge Seymour; Mecklenburg, Janua-9, judge not chosen.

Mr. Francis Lampson, a well-known citizen of this city, who has for some years been a sufferer from disease, died Monday. He was a jeweller by trade and was in business here many years He was long foreman of Hook and Ladder Company No. 1, and the fire-men will parade at his funeral. There was a big row and fight at the depot Monday night among hack drivers, in which whips and clubs were freely used, and several were hurt. Three negroes were arrested by the police and taken to the guard house. In all six drivers of the two livery stables

were in the row, which caused great ex-On Sunday a deaf and dumb son of the late Colonel William Bingham was walking on the railroad track near Mebaneville, when he was struck by an engine and knocked off the track. No bones were fractured and he was able to walk, with support. Whether there were any internal injuries is not yet known. The young man has for some years been a pupil of the institution for the deaf, dumb and blind, in

MOTHERS DON'T KNOW MOTHERS DON'T KNOW

How many children are punished for being uncouth, wilful, and indifferent to instructions or rewards, simply because they are out of health! An intelligent lady said of a child of this kind: "Mothers should know that if they would give the little ones moderate doses of Hop Bitters for two or three weeks the children would be all a parent could desire."

It is worth remembering that nobody enjoys the nicest surroundings if in bad health. There are miserable people about to day with one foet in the grave, when a bottle of Parker's Ginger Tonic would do them more good than all the doctors and medicines they have ever tried. See adv.

At the Atlanta Exposition-A Dual Display which Distances that of Sister States-Marvelous Resources Admirably Exhibited-Commissioner McGehee's Opinion of Our Dis-

Raleigh News and Observer. We gave in Sunday's News and Observer a report of an interview with Gov. Jarvis, wherein that gentleman gave expression to his admiration of

our display at the Atlanta exposition. Yesterday we had a chat with that talented gentleman, Commissioner McGeexplosives. Socialist pamphlets were found in the rooms. The man is a stuhee, who has just returned from Atlanta, where he has been for two weeks superintending the arrangement of our exhibit. While much is on exhibition, vet new articles go to Atlanta from North Carolina every day. In response to an inquiry as to the specially merito-rious features of the display made by the Department of Agriculture, the Commissioner said they were those of our ores, minerals, building stones, woods, grains, marls, jute, wines, yellow tobacco, cotton, cotton and woolen

> There are, as has been before stated, two North Carolina exhibits, each of about the same size, one by the Department of Agriculture, the other by the Richmond and Danville Railroad. These act in perfect concert. The de-

fabrics and silk.

partment freely shared all articles col-lected, while the railway authorities showed all kinds of favors. The object of both being to show our resources, the State has a dual exhibit. sylvania, New Jersey, Delaware and Maryland, where pluero pneumonia is ment covers some 1,500 feet. The pecusaid to prevail, unless accompanied by liarity of it is its vast range of minera certificate of health, duly signed by als and metals, for while some States show large specimens of a few things only, the aim of our department has instant and makes it an offense punish- been not to show great masses, but just able by fine and imprisonment to ship enough to indicate the extent to which minerals, etc., occur and their quality. Many of our minerals have a purely scientific value. These are not shown, but only those which are proper in an industrial exposition, as showing sources of immediate wealth. Professsor Hidden has promised to send his magnificent display of gems from our mines. There has actually been an unbelief in the minds of persons at the show such a variety of mineral wealth.

> ties, and also the exact per centage of mineral in each ore. These labels all bear Professor W. C. Kerr's signature, so that both in quality and variety we verify them. The arrangement is as artistic as possible, though more space is needed. Ten days ago additional space was secured, and last week yet more room was obtained, and still our exhibit goes forward. In the way of ores shown are extremely rich gold, copper, iron, etc. Of marbles and granite building stones there are ten choice specimens.

given distinct labels, indicating locali-

all highly polished. The more beautiful marbles are from Cherokee, Macon and Swain counties. The extreme beauty of these attracts attention. The famous mill stones from Moore county, said to be the equal of any in the world, are noteworthy. It is said that in Moore one of these stones has been in Corundum, that rare and valuable mineral, is shown in its choicest condition. This and the mica exhibit are among the finest ever made in the

tance, and this State is almost the sole source of supply. As yet no coal is shown, but some is on the way from the Chatham mines. Of woods no less than 112 varieties are admirably exhibited. These are from the live oak of our coast to the white pine and balsam of our mountains. This display of wood is another feature of the exhibition, for no State

than in all the other States. There are

no less than 56 mica mines of impor-

comes near it in extent, variety or Marl, that valuable fertilizer, in which our State has so much wealth, is shown from no less than thirty counties, ranging from Carteret to Johnston. The agricultural value of each specimen, exactly calculated, is placed upon the vessel containing it. Besides these are blocks of marl exhibited. This portion of our exhibit is also un-

approached.

The jute exhibit is especially meritorious, specimens grown in several counties being shown. They equal in size and quality the best India jute, as is evidenced by comparison with the latter, which is shown in abundance. Some specimen stalks are 25 feet in

The exhibit of grains is especially noteworthy. It is not made for quantity, but for quality. That of wheat attracts unusual attention for marked excellence. Repeated inquiries for the North Carolina wheat, for seed, are made. Alamance, Mecklenburg, and Cabarrus show the finest specimens, the first named county taking precedence perhaps, though some from Cabarrus weighs sixty pounds to the bushel. Low-land rice is shown in grain and in the sheaf, and is as choice as the choicest.

Upland rice will also be exhibited. The exhibit of corn is also as yet incomplete, but will be a remarkably fine one.

The pre-eminent exhibit is that of our famous yellow leaf, "bright" tobacco. This is shown from no less than ten counties, embracing the whole "golden belt" extending from Madison to Granville. In this North Carolina stands incontestably alone. At least one hundred specimens are shown. Blackwell & Co. allow the use of fifty magnificent specimens. This firm gives the department warm support, and S. M. HOWELL'S. makes the finest exhibit of manufactured tobacco ever seen in the world. It is georgeous, surpassing those heretofore made at Philadelphia and Paris. Duke also has a splendid display.

In wines we are likewise unapproached and unapproachable. Green, Garrett and Hunt also have splendid specimens of champagne, claret, hock, port, etc., as well as cognac brandy, which only needs age to make it equal to that of France. This wine exhibit is commented upon by every visitor to the exposition. In all some ten varieties are shown. The elegance of the display equals its excellence. There are numberless inquiries about our wines, par-ticularly by the Northern visitors. In cotton goods the display is admira-ble, and will bear comparison with that

of any State. The products of ten mills are shown. The department will have on exhibition ten bales of cotton, each thought worthy to compete for the great prize of \$1,000. The choicest woolen goods are not yet displayed, but they are of the highest quality. There are cassimeres of high degree of excellence, zephyr, and beautiful colored yarns.
Finally, the silk exhibit is marvelous.
All stages, the cocoon, floss silk, and

spun and reeled silk are shown in a glas

case six feet square. Six of our counties make exhibits in this peculiar article,

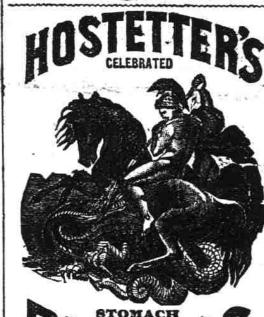

and again is North Carolina pre-emin-

ent, for the only other silk shown is some in cocoons by Texas and Kansas Taking the wide range of our exhi-bition our State is easily and undeniably first. So says Director-General Kimball, and such is the verdict of the

U. 8. District Court.

Yesterday was the day for the assem-bling of the U.S. District Court, in this city, but His Honor, Judge Brooks, did not make his appearance. Marshal J. B. Hill being present, telegraphed to Elizabeth City and received a reply to the effect that Judge Brooks was sick at his home in that city. The defendants, witnesses and others interested will be duly recognized for their appearance at next term pearance at next term. It is the general impression now that no court will be held this term.
