BUSINESS NOTICES.

LIEBIG CO'S COCA BREF TONIC. "Gives more tone than anything I have ever used or prescribed," says Professor H. GOULLON. M. D. Physician to the Grand Duke of Saxony,
Knight of the Iron Cross, etc.

"The effect of the Coca borders upon the marvelous, and if not clearly authenticated by scientists of undoubted veracity would be altogether beyond belief," says Dr. Wm. S. SEARLE, Brooklyh,

It is invaluable in head affections, weaked mem ory, dizziness, determination of blood to the head, sick and nervous headache, Also highly beneficial in palpitation of the heart and other forms of heart disease, in neuralgia, dropsical affections, paralysis, dyspepsia, monthly suffering and biliousness. Beware of worthless imitations.

"Incomparably superior to the trashy article which are paimed upon the public," is the verdict of Professor DUNCAN CAMPBELL, M. D., LL. D., (President Boyal College of Physicians and Surgeons, Member General Council, University of Adinburgh, etc., etc.,) in regard to the Lieuty Co's Arnicated Extract of Witch Hazel. It cures Piles, Salt Rheum, Catarrh, Bheumatism, Neuralgia, Paleful Monthly Flow, Fore Throat, Varicose Veins. Beware of counterfeits. Sold in fifty cents and dollar sizes.

ABSURDLY STUPID AND FOOLISH to allow prejudice or ignorance to get the better of good judgment. It has been amply shown and conclusively proven that constipation, bad breath, dyspepsia, kidney affections and all diseases of the liver, stomach and bowels have been cured and can be cured by simply taking Simmons Liver Regulator. It is harmless; not unpleasant and easily procured—so there is no reason to be ignor-ant of a true remedy. If you suffer, you have no excuse, for this medicine places certain relief and

Who is Mrs. Winslow?

As this question is frequently asked, we will sim-ply say that she is a lady who for upwards of forty years, has untiringly devoted her time and tal-ents as a Female Physician and nurse, principally among children, she has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge. obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup, edge, obtained in a literature spent as nurse and physician, she has compounded a Soothing Syrup, for children teething. It operates like magic—giving rest and health, and is moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—try it now.—Ladies' Visitor. New York City. Sold by all druggists. 25 cents a bottle.

MANY MISERABLE PEOPLE drag themselves about with failing strength, feeling that they are steadily sinking into their graves when, by using Parker's Ginger Tonic, they would find a cure commencing with the first dose, and vitality and strength surely coming back to them. See other

LACONIC LOCALS.

Don't forget to send in church notices to-day. Which will draw the most select crowd, a circus or a public hanging?

The streets are in perfect condition for driving now, and the late afternoon temperature is equally fine. The young man from Providence

went up for \$5 and costs yesterday. The mayor pro tem. is mild. The station house was full three

deep last night and they were still being run in as we went to press. Even those who sat still all day resterday complained of being tired

The county commissioners meet Monday. There will probably be a renewal of applications for license to retail spirits.

The occasion of the detention of the circus train yesterday from the South was the giving out of water on the engine of one of the sections.

large crowd. Business and the circus are distinct facts. One of the female equestriennes of Forepaugh's circus is a sister of the famous rider Bob Stickney who used to be with Old John Robinson. Every-

body recollects him. As an indication of the crowd n the city yesterday the fact is cited that 175 people boarded the train at Pineville yesterday. There were 20 from one plantation, all coming up to

see the big show. A family of eight colored people assembled in front of this office yesterpassed shivered.

Pinkeye, the rare horse disease, has not appeared here yet, although its arrival is feared. It has attacked several horses in Greenville, coming from the South, Atlanta having suffered from t some time before Greenville.

The rumor prevailing to some extent here yesterday that a row had occurred in Spartanburg the day before between citizens and showmen, was entirely without foundation, as we heard directly from Spartanburg.

The complimentary tickets issued by Forepaugh's circus bear the inscription, "Report me and my cause aright," from Hamlet, and "Base is the slave that pays," from Ancient Pistol. They serve to keep the bearerduly humble in the presence of the show-

Mr. Ed Roseborough the genial and popular baggage man, has had Conductor DeSaussure's train Ed is in big luck even beyond this well merited compliment, for while out on his trip, night before last, a friend threw a chance for him in a raffle for a fine watch and chain and won.

Water Works for Greenville.

The Greenville News publishes the substance of a proposition from Chas. E. Robinson and others to the authorities of Greenville for the construction of water works there. The rates offered to private persons for the use of water are the same as those for the city of Raleigh. Mr. Robinson it was who made the contract for water works here. The proposition is in many respects similar to our own contract.

Accidentally Shot.

Charley Keuster, a 15 year old son of Mr. F. Kuester, the well known gunsmith, was yesterday exhibiting a 32calibre Smith & Wesson pistol to a customer. His father, who was working at a vice about three steps away, called Charley's attention to the fact that the pistol was loaded. Charley passed the who cocked it and thoughtlessly returned, without uncocking it. Charley attempted to draw out some part of the machinery and he pressed his finger unconscionsly against the trigger. The pistol exploded and an exclamation from Mr. Kuester followed. The ball entered and lodged in his thigh making a painful but by no means dangerous wound. Even if the ball is not extricated, the doctor says the wound is not

Trade Improving.

Upwards of 4,600 bales of cotton were weighed on the city scales during the month of October last. This is considerably more than for the same month last year, so that the gloomy anticipations of our trade for this fall and winter, based as much on the very slim receipts of the first few weeks of the season as on the fears of the drought, were. it seems, premature. The receipts of cotton are daily increasing. Tuesday they were 473 bales-72 more than any day up to date. In spite of the rain all Thursday morning 274 bales were weighed. The cotton compress is also at work nearly all the time now, and the railroads are transporting fully as much cotton as could be expected. For the last ten days there has been a proportionately heavy increase in the city's trade. M. rchants report much larger sales in all classes of goods. Everybody is decidedly more cheerful and the out-

look for a season, equally as good in

propertion to the crop of the country,

as that of last year is first rate, and

then it has rained, besides, and that

adds to the general buoyancy.

CIRCUS DAY.

An Immerse Crowd and Many Drunks--.in Excellent Show,

The biggest frowd since the centen-

Independence, and the biggest crowd which has ever attended a circus in Charlotte, except Robinson's in '72, or thereabouts, during the fair of the Carolinas, was in town yesterday. It was to put it mildly, a rather heterogeneous one. The darkies were in the majority, as it is their privilege to be when the big show comes. It was a fine minstrel show all day to watch their grotesque salutations, their pantomimic gesticulations, their reverence for the showmen, their primitive flirtations. Their quarrels, their drunks and their delight at the gaudy paraphernalia of, the street parade made up a day of delight for the many who never grow tired of the exhibitions of negro characteristics. But besides the negroes there was an interesting assortment of rural and village folk, from the broad-brimmed white-hatted ruffian full of tangle-foot, and long ing for a foe, to the quiet honest old farmer unconscious of anything but his own business. The bloods in store clothes, heavy overcoats and slouched hats, jostled the citizens in red-mud-inhats, jostled the citizens in red-mud-ingrained breeches, faded coats and shirts through which might be seen the heaving breasts of their indifferent proprietors. Whiskey was the regulating agent and the diffusive and cohesive agent and the diffusive and cohesive in the street and western super \$4.75a\$6.50; city wills, super \$5.75a\$6.50; family \$7.75a\$8.00; Hio brands \$7.50a\$7.502; family \$7.75a\$8.00. A gentleman of the city remarked, "I wonder where all these people come from, one never sees them going about. The circus crowd is certainly "sui generis." The drunks were somewhat too numerous to mention,

and the policeman's lot was not a hap-Trade, Tryon and College streets were crowded all morning long with this variegated mass-surging, jostling"cussing." The circus was behind time and the parade did not appear till about 1:30 o'clock, "Liquoring-up" became the popular diversion, and exhausted victims of J. B. Corn stood not on the order of their lying down.

But finally the gorgeous street pageant which the great Adam Forepaugh had promised dawned upon the expectant multitude. Gilded chariots, painted cages, fourteen elephants, two brass day and devoured a frosted watermel- bands, a calliope, a typical female in the on with a relish that would do credit to stars and stripes, surmounting the globe. the middle of August. Everybody who | whose pride had to stoop for the telegraph wires; and last but not least, the \$10,000 beauty, who smiled and smiled, and from her velvet throne upon the monster mammal's back, scattered burning glances o'er the waiting crowd -all these were there, and more.

The street parade was displayed only only on Tryon street and doubled back upon itself. It was really quite attrac-

The morning performance began about 2:30 o'clock and the evening performance at 8 o'clock. Between 2,000 and 3,000 people attended each; and it can truthfully be said that the circus was the best ever seen in Charlotte. To be sure there were only 10, instead of 20, trained elephants forming the pyramid, as advertised; but even with this bisected number it was a wonderful sight and a great feature for any traveling-show. Why the proprietor should take the trouble to advertise more than he really showed is curious. It was entirely unnecessary. But this particular was, if our recollection is correct, the only feature not up to the advertisements, and the tumbling and especially the acrobatic features surpassed expectation. To be sure the firing from the cannon is a humbug-but everybody knows, or ought to know, that beforehand. The bicycle riding was marvellous, as were also the performances of Zuila-including the riding of a ve-

locipede across the high wire. It is curious in illustration of the diversity of taste-or possibly the perversity of disposition-that a great many people pronounced the circus a failure. It did not so strike the writer. It is decidedly the best traveling circus it has ever been his good fortune to see.

Liver Pills for Poultry.

A lady of the city who had lost many fine chickens, Plymouth Rock, Cochin China and other breeds, at length killed and opened one and found that the liv er was much enlarged. Her chickens continuing to die, none recovering which once showed symptoms of the disease, she at length administered to one of them a liver pill such as she used in the family. The experiment proved successful, the pill acting with fully as much benefit as upon a human being. She is confident that the ordipistol over the counter to the customer | nary liver pill is as good for chickens as for men.

A metropolitan exchange says of Keene to appear here next Thursday

"Mr. Keene is an actor who gives as much promise as any upon the American stage. This good opinion was entertained of him last year by all who visited the opera house during his engagement, and it is certainly confirmed by the manifest devotion to his art that has in the space of a single season tened down the roughness then displayed and rendered his performance of Richelius one of the most even we have ever "Mr. Keene is an actor who gives as lieu one of the most even we have ever witnessed, at the same time retaining that exhibition of virile force so essentially characteristic of this young actor.
