TO ACCOMMODATE THE PUBLIC. TO ACCOMMODATE THE PUBLIC.

The proprietors of that immensely popular remedy, Kidney-Wort, in recognition of the claims of the public which has so liberally patronized them, have prepared a liquid preparation or that remedy for the special accommodation of those who from any reason dislike to prepare it for themselves. It is very concentrated and, as the dose is small, it is more easily taken by many. It has the same effectual action in all diseases of the kidneys, liver or bowels.—Home and farm.

"I'M ALL PLAYED OUT." is a common complaint. If you feel so, get a package of Kidney-Wort and take it and you will at once feel its tonic power—It renews the healthy action of the kidneys, bowels and liver, and thus restores the natural life and strength to the weary body. It can now be had in either dry or liquid fo m, and in either way is always prompt and efficient in action.—New Bedford Standard.

Health, hope and happiness are restored by the use of Lydia E. Pinkham's Vegetable Compound. I is a positive cure for all those diseases from which women suffer so much. Send to Mrs. Lydia K. Pinkham, 233 Western Avenue, Lynn, Mass.,

says: "A general complaint that spares neither class nor condition of person, is seated in the liver. It may be truly said this is our national liver. It may be truly said this is our national disease, and it gives us great pleasure to hear or read the testimony of persons of well known veracity and intelligence to prove the value of Simmons Liver Regulator, prepared by J. H. Zellin & Co., as a remedy. The printed and verbal testimony of so many friends and acquaintances satisfies us that this is one of the exceptions to the general humbuggery of medical specialties."

MANY MISEBABLE PEOPLE drag themselves about with failing strength, feeling that they are steadily sinking into their graves when, by using Parker's Ginger Tonic, they would find a cure commencing with the first dose, and vitality and strength surely coming back to them. See other

BEDFORD ALUM AND IEON SPRINGS WATER AND MASS.—The great tonic and alterative contains iwice as much iron and fifty per cent. more aluminum than any "alum and iron mass" known. Just the thing for the "spring weakness" now so general. Sold by all druggists of any standing. Prices reduced one half.

LACONIC LOCALS.

A consignment of three hundred canary birds was received yesterday by C. F. Harrison. A cold wave may be expected

this morning to last through Friday. So says old Probs. It is generally conceded that the hack drivers are the biggest men in

town-to their size. Forepaugh's circus did Charleston and turned its face Northward to winter in Philadelphia.

The sports have all gone to the Columbia fair. "Col. Cheeks, of Nash." passed through day before yesterday. A rumor reached Atlanta Tuesday night, of the death of Frederick Paulding, the young American tragedian, at Macon, where he had been lying

ill for some time with malarial fever. Mr. R. C. McGinnis, of this county, has just received letters patent for a double labor saving plow, an ingenious and valuable invention. It will be exhibited at the Atlanta exposition.

Signal officer O'Donoghue says it is probable that an assistant will be assigned to the signal office here next year and that the work of the office will be increased by crop as well as metecrological reports.

Among the entries for the races yesterday at the Columbia fair were Col. Sellers, 2 years, by Rebel, dam Aurelia Westheimer, entered by Mr. C. T. Walker, of this city, and the brown colt Rebellion, dam by War Dance, entered by Mr. Bennett Barnes, of this city.

Old Baldy, of the Central Hotel bus, was offered a place in Wadsworth's stable which it was thought he would accept gladly after his last snooze and tumble from them driver's seat, but he declined and says that he prefers to hold the ribbons for the rest of his life.

In the list of the wedding pres ents at the Nathan-Schloss marriage, yesterday, it was not intended that the towns mentioned were the only ones from which friends had sent presents. Those were mentioned from the fact that the bride's family was formerly resident in each. There were also presents from Yorkville, S. C., New York and various other places.

A Flag to the Iredell Blues. The ball in Statesville which came off in the new "Cash" warehouse of the Messrs. Jourgensen, Monday night was quite a brilliant affair. An interesting feature of the occasion was the presentation to the Iredell Blues, by the ladies of Statesville, through Miss Sallie Anderson, of a very handsome purple silk flag beautifully embroidered and decorated with the coatof-arms of North Carolina, and other appropriate designs. Miss Anderson's graceful presentation remarks were responded to in felicitous style by

Capt. Andrew D. Cowles. Crowds to the Exposition Incr. asing. Mr. Frank Gray, who has charge of the exhibit of the Pulsometer Steam Pump Company, of New York, at the Atlanta Exposition, was in the city yesterday. He reports that the crowd at the Exposition is daily perceptibly increasing. The daily attendance now averages 3,000 he says. In addition to the railroad reductions, he says, an effort will be made to have admission to the grounds reduced to 25 cents, instead

of 50 cents, as charged now.

There is some dissatisfaction at the nature of the reductions on the lines of the associated railways, but they will increase the attendance from them to some extent. Every day a larger and larger proportion of the passengers on board passing trains report themselves bound for the Exposition.

M. V. Bailey Removed. M. V. Bailey, the popular railway mail service superintendent of this, the third division, has been removed, and C. W. Vickey, of Washington, appointed to temporary charge of the office. It

is thought to be Billy Mahone's work

The Richmond Dispatch says:
Mr. Bailey gave great satisfaction to the business public in the discharge of his duties. Every complaint made to him was always promptly investigated. So far as known, he performed every duty well. With politics he never meddled. He never busied himself opposing Mahone, and the readjuster grievance, if any, must be that he did not pronounce in favor of the coalitionists, and for that reason, it is supposed, his

official head was cut off.

Telephone Office Open All Night. It is suggested that the closing of the telephone office at 10 o'clock at night abridges its usefulness very greatly. The most urgent occasions for the use of the telephone occur at night, such as the calling of the doctor, a policeman, or the like, in sudden emergencies. By placing the instrument near the bedside the bell would not fail to wake an ordinary sleeper. Besides this night is the time when people are less disposed to walk and most inclined to use the phone for their business. The expense of keeping the office open all night would, it is thought, be trifling in comparison with the increase in the number of subscribers which would result. And all the reasons which apply for keeping it open all night apply with much greater force for keeping it open, at least, until 12 o'clock.

Committed for Forgery. Constable Means and Mr. Robert F. Stokes, clerk with T. L. Seigle & Co., arrested about 7 miles from the city in Crab Orchard township, yesterday afternoon, Alec McManus, a young, well dressed white man who last Friday uttered a forged order for \$32 worth of goods on T. L. Seigle & Co., with Mr. J. M. Caldwell's signature. The young man was brought to town and lodged in jail. He will have a preliminary Waring. He said he found the order, side of the coin is just as it came out of and would not have passed it had he not been drunk Friday. He is from Randolph county about three years. All the goods were recovered.

FATAL AFFRAY AT FORT MILL Tracks by James Sutton-Sutton Es-

A fatal shooting affray occurred at Fort Mill, S. C., twelve miles from here on the Charlotte, Columbia & Augusta road, yesterday afternoon about three o'clock, between James Sutton, a prominent young planter of York county, living about three miles from Fort Mill, and Nathaniel Gibson, constable of the township, five years ago a citizen of Charlotte. The latter was killed almost instantly, receiving two wounds, either of which, it is thought, would have proved fatal, one ball passing through the chest and the other entering just above the mouth and lodging against the back of the skull. Whether or not Sutton was wounded is not known, he having made his escape immediately and no blood being observed upon his person, although one or two people claim to have observed the marks of a bullet upon the lappel of his

From citizens of Fort Mill, who came to the city yesterday on the 4 o'clock train, which left about 10 minutes after the shooting, an OBSERVER reporter was able to gather the following par-

Last Sunday Gibson, in his capacity of constable, visited the house of Mack Hayworth, a brother-in-law of Sutton. The house had been attached and closed up by Gibson with an execution issued upon a judgment for debt against Hayworth. When Gibson reached the house he discovered James Sutton and a man named Dinkin bearing a chest away, presumably filled with goods from the house. Gibson entered the house in the face of the protestations of Sutton and Dinkin. He reported that he discovered that all valuables had been removed. Sutton and Dinkin returned after depositing the chest and attempted to beat Gibson, which would have been done, but for the interference of by-

standers. On Monday an attempt was made through an attorney in Rock Hill to re-

lieve the attachment on the house. Yesterday afternoon, about ten minutes before 3 o'clock, Sutton rode into Fort Mill, accompanied by his brother, Stephen Sutton, and Mack Hayworth, who had been absent during the cir-

sumstances narrated above In a few minutes after their arrival Nat Gibson was seen walking toward the postoffice which he entered. James Sutton, accompanied by Stephen Sutton and Hayworth, passed toward the postoffice a few seconds after him and also entered, and parties outside heard seven shots fired in a very short while after the entrance of the latter party.

All the witnesses to the actual shooting are said to be friends to Sutton, and the following are all the particulars which could be learned. It is said that Hayworth began the quarrel with Gibson and that Sutton became involved in the wordy battle. In about half a minute both he and Gibson drew their weapons almost simultaneously and began firing. One fired three shots and the other four, but those from whom the reporter gets his information could not say which fired first or the extra shot. Gibson being twice wounded as described, took a step or two toward the door and fell without speaking, Sutton came out and walked away. Dr. Massey, the town marshal, started toward Sutton to apprehend him and was caught, it is said, and hindered by Hayworth, while Sutton disappeared behind Durant's store. Hayworth joined him and they left the village together, going up the railroad, which led to the presumption that they would take the train for this city, which left almost immediately after the shooting. A telegram was received by the chief-of-police here yesterday afternoon to search the train for Sutton. This was done but he was not aboard. His friends think he will surrender himself to the authorities at Yorkville, although passengers yesterday afternoon report that in the few minutes after the shooting and before the train left a party was being organ-

ized for his apprehension. Sutton is a perfectly sober and very hard working farmer, having made a crop of 80 bales of cotton last year. He is said not to be anything of a brawler, although a man of reckless and desperate character when aroused. He is a son

of Mr. Aleck Sutton, well-known in this Gibson was, six years ago, a saloon keeper in this city and quite a popular man among his acquaintances here, as he was also in Fort Mill. He is said to have been also a very gamey man. He leaves a family.

German Immigrants. The gentlemen of the Teutonia Colonization society, whose prospecting visit to Western North Carolina was noted in these columns some six weeks ago have, it is learned with pleasure concluded negotiations for about 1,000 acres of land in Henderson county. They passed through this city and went via. the Spartanburg and Asheville to Henderson county. They will, it is thought, settle a number of German immigrants on their new purchase at an

A new mode of defacing silver coins has come to light. It is not for gain, but for advertising purposes. Within the past two months a large number of silver coins have been put in circulahearing this morning before Justice tion for such advertising purposes. One mint. Hands Going South.

Messrs. Rice and Coleman, of Asheville, who have taken a contract on the Macon and Brunswick road in Georgia, passed through the city night before last with about twenty hands from Western North Carolina bound for Georgia. About seventy-five hands from Salisbury under charge of Capt. Wise, of Cahill and Wise, contractors, passed through yesterday en route for the phosphate beds near Charleston.

To-night is the occasion for the appearance of Thomas W. Keene, the rising young tragic star at the Char-

lotte Opera House. "Richelieu" has been chosen as the play after consulting public opinion. It has never been presented here, and this fact will add to the large house which would greet Mr. Keene on his own merits, which are acknowledged to be extraordinary, even by adverse critics. The Chicago Herald says: Those who saw Keene when he made

his debut last year as a star in such parts as Hamlet, Richelieu, Shylock and Richard III, were compelled to make a very flattering comparison between him and our American tragedians when they recollected the raw, inharmonious work of those tragedians before they had had years of experience. Mr. Keene has not had years of experience yet, but he gave substantial indications last night in his performance of Richelieu that his one year's work had effected a most beneficial change and his assumption of this role will stand favorable comparison now with that of any actor on the American stage. It does not yet possess the subtlety, the nice details, the light and shade in the first two acts which are distinguishing features of the Richelieu of Booth; but the dramatic opportunities of the third, fourth and fifth acts are seized with far more effect by Mr. Keene than they are by any other actor upon our stage.

County Affairs,

The county commissioners were again in session day before yesterday with a full board.

It was ordered that the county treasurer be authorized to pay all orders from the township trustees for the cost of tools used in working the roads-A. Burwell was allowed \$150 for services as attorney for the year ending the first Monday in December, 1881.

Sheriff Alexander was allowed \$200.25 for feeding prisoners in the county jail during October. The monthly of report Rev.W.T.Waller, superintendent of public instruction for the county, was received and

filed, and the superintendent was allowed \$45 for 15 day's services. H.M. Wilder was allowed \$30 for six day's service as an expert in the case of State vs. John Farrington, by order of Judge Avery; also, \$10 for two day's

in case of State vs. Allen Johnston. The boundary lines of the school districts No. 11, of the white and colored races in Steel Creek were made identical, and the portion of the district cut off by the changed was added to district No. 69 of the same township.

Holders of these tickets may return upon them singly, within the period of their validity, provided they are the original purchasers, and identify themselves accordingly.

An office for the identification of purchasers and stamping of return-coupons has been established at the Union Depet in Atlanta. It will be open 30 minutes prior to the departure of trains.

None of the conditions of these tickets will be changed in any respect.

Investigation of the appliances for personal comfort, lodging, and food, means of transit between Atlanta and the Exposition grounds, authorizes the assurance that all elements exist contributing to a pleasant and economical visit.
