Pain in the Back and Side. There is nothing more painful than these diseases; but the pain can be removed and the disease cured by use of Perry Davis' Pain Killer,

This remedy is not a cheap Benzine or Petroleum product that must be kept away from fire or heat to avoid danger of explosion, nor is it an untried experiment that may do more harm than good. Pain Killer has been in constant use for forty years, and the universal testimony from all parts of the world is, it never fails. It not only effects a permanent cure. but it relieves pain almost instantaneously. Being a purely vegetable remedy, it is safe in the hands of the most inexperienced. The record of cures by the use of PAIN KILLER would fill volumes. The following extracts from letters received show what

those who have tried it think: Edgar Cady, Owatonna, Minn., says:

About a year since my wife became subject to severe suffering from rheumatism. Our resort was to the Pain Killer, which speedily relieved her.

Charles Powell writes from the Sailors' Home, London:

I had been afflicted three years with neuralgia and violent spasms of the stomach. The doctors at Westminster Hospital gave up my case in despair. I tried your Pain Killer, and it gave the immediate relief. I have regained my strength, and am now able to follow my usual occupation.

G. H. Walworth, Saco, Me., writes:

I experienced immediate relief from pain in the side by the use of your Pain Killer.

E. York says:

I have used your Pain Killer for rheumatism, and have received great benefit.

Barton Seaman says:

Have used Pain Killer for thirty years, and have found it a never-failing remedy for rheumatism and lameness.

Mr. Burditt writes:

It never fails to give relief in cases of rheumatism.

Phil. Gilbert, Somerset, Pa., writes:

A Noted Outlaw Hanged in the Court

House Yard at Durand, DURAND, WIS., Nov. 19.—At 2:15 this afternoon Ed. Maxwell, alias Williams, was hanged in the court house yard in Durand. His examination was to have taken place this forenoon. He would that he should waive examination, and the matter was postponed until 2 p. m. The fact that he was not at once sent back to jail gave rise to the suspicion that there was a movement on foot to take him from the officers. From noon until 2 p. m. the people from the sur-rounding country came into Durand in squads, and at the latter hour the court house vard was thronged with men and house yard was thronged with men and women. The prisener made statement confessing the shooting of the Coleman Brothers, and what he claimed to be the facts connected with the affair. Immediately thereafter a rope was thrown around his neck. He made a thrown around his neck. He made a feeble effort to extricate himself, but was instantly ferked down through the aisle of the court room to the stairway and thence to the ground.
