Medical.

Rheumatism

Neuralgia, Sprains, Pain in the Back and Side.

There is nothing more painful than these diseases; but the pain can be removed and the disease cured by use of Perry Davis' Pain Killer.

This remedy is not a cheap Benzoin or Petroleum product that must be kept away from fire or heat to avoid danger of explosion, nor is it an untried experiment that may do more harm than good.

Pain Killer has been in constant use for forty years, and the universal testimony from all parts of the world is, it never fails. It not only effects a permanent cure, but it relieves pain almost instantaneously.

Being a purely vegetable remedy, it is safe in the hands of the most inexperienced.

The record of cures by the use of PAIN KILLER would fill volumes. The following extracts from letters received show what those who have tried it think:

Edgar Cady, Overton, Minn., says: "I had been afflicted three years with rheumatism, and was unable to get on my feet. I used Perry Davis' Pain Killer, which speedily relieved me."

Charles Powell writes from the Sailors' Home, London: "I had been afflicted three years with rheumatism, and was unable to get on my feet. I used Perry Davis' Pain Killer, which speedily relieved me."

G. W. Wray, Saco, Me., writes: "I experienced immediate relief from pain in the back and side, after using Perry Davis' Pain Killer."

Mr. W. J. Wray, Saco, Me., writes: "I experienced immediate relief from pain in the back and side, after using Perry Davis' Pain Killer."

Mr. W. J. Wray, Saco, Me., writes: "I experienced immediate relief from pain in the back and side, after using Perry Davis' Pain Killer."

Mr. W. J. Wray, Saco, Me., writes: "I experienced immediate relief from pain in the back and side, after using Perry Davis' Pain Killer."

Mr. W. J. Wray, Saco, Me., writes: "I experienced immediate relief from pain in the back and side, after using Perry Davis' Pain Killer."

Mr. W. J. Wray, Saco, Me., writes: "I experienced immediate relief from pain in the back and side, after using Perry Davis' Pain Killer."

OBSERVATIONS.

The worst kind of rheumatism is the spare roomism. Many an unhappy guest has crowded between his toy chest and bed of it—Burlington Hawkeye.

A little heat that can't be beat, the window open wide; a little breeze, a little breeze, and you're the dearest sixteen dollars and twenty-five cents for ten visits.

The erection of telegraph poles in Norway has, it is said, scared away the wolves. Here it has attracted whole herds of bulls and bears—New Haven Palladium.

Whatever you have to do, do it with your might. Many a lawyer has done it, and the result is a case decided in his favor—Yonkers Statesman.

Becher contends that he can cure the most rabid socialist in five minutes by giving him \$200,000. He says he has done it a number of times, and if you can guarantee a cure on one application you can send on your medicine—Lowell Citizen.

Sympathetic old lady (giving money to someone looking through a window): "Is it your inability to procure work, my good man, that causes you to peep at my window?" "Tramp—(preparing to light out), "no, no, no; it's my inability to get uphairs' to do what I please me all the time."—Boston Post.

Young Man: "It's all right for you to want to see the party. Get as much of it as you can in a decent suit of clothes. But don't imagine you own the whole lot. That's where lots of folks make a mistake."—Boston Post.

"Why are doctors called phytians, mamma?" said an inquisitive little girl to her mother, who had just been visited by one of them. "Phytian," replied mamma, "comes from 'phyto,' for a phytian is a doctor who does all day seeking fees."—

NEWS NOTES.

Disturbances continue in Ireland and the number of arrests are increasing daily.

Out of about a dozen of divorce cases disposed of the other day in the courts of Chicago, one half of them were where husbands sued on account of drunkenness of their wives.

The total amount of the fund for the endowment of a Garfield professorship at Williams College now amounts to \$35,000. An effort will be made to raise \$15,000 more.

The San Francisco Chamber of Commerce has a memorial to Congress asking for a sufficient appropriation to complete the survey of Alaska.

Extensive veins of coal have been discovered three miles south of Grand Junction, Iowa, near Chicago and Northwestern Railroad.

Emma J. Morrow, Thursday, entered suit in the District Court at Denver, Colorado, against Charles L. Davis, the actor, for \$22,000, which she claims is due her as back salary for four years' service. Davis claims that it is a blackmailing scheme.

A Frenchman arrested at Berlin on suspicion of being accessory to the assassination of the Czar or Russia will be surrendered for trial.

Since the anti-socialist law was promulgated in Germany, 225 socialist societies have been dissolved and 758 socialist publications suppressed.

Mrs. Matilda Dallas Wilkins, the last surviving child of Alexander J. Dallas, died at her residence in Philadelphia Thursday, aged 82 years. She was the sister of Vice-President Geo. M. Dallas and the wife of United States Senator and Secretary of War Wilkins.

Gen. Terry has ordered a detachment of the second cavalry from Fort Custer to the Landing on the coast of Louisiana, to protect the Northern Pacific engineers and the construction company in their work from the marauding Crow. The troops will go into cantonment at the Landing on the coast.

Willis Hookaday, a colored barber, has been arrested at Louisa, Ky., for the murder of the Gibbons children and Miss Thomas last Friday night. The theory of the detectives is that Gibbons, the father of the children, was the murderer, and that he had driven his machine in the Ohio river. This theory is based partly on the fact that a skiff was stolen up the Kanawha river before the crime was committed, and a man was seen riding down the river in it.

A White Horse Romance.

A writer in the Paris Figaro tells a romantic story concerning Miss Emma Thurstby. While she was singing in Stockholm, Sweden, a sudden storm came up one evening, and when she left the concert hall, a servant attired in elegant livery bowed to her and informed her that his master had ordered him to place his carriage at her disposal. Miss Thurstby hesitated, but the carriage was there, with two handsome white horses attached, and finally she entered it with the person attending her. While she remained in Stockholm the same elegant equipage was always at the door at her disposal. She went to Copenhagen. The first evening, as she was about to leave her hotel for the concert room, the same horse and carriage and servant were at the door awaiting her. She traveled through Sweden and Norway, and stopping at the principal cities, found in each the mysterious equipage. At length she was about to return to Paris, and three days were to pass before she should quit Scandinavia. Then she received a call from Mr. X., the owner of the carriage and the employer of the servant who had attended her. After the matter was explained on his part and her thanks had been expressed, "Mademoiselle," said he, "will you do me the honor to become my wife?" Miss Thurstby replied that it would be impossible, and in explanation, said that on leaving her parents she had promised two things. The first was to sing in a theatre or become a member of an opera company, and the second was that she would not marry any but an American. The first promise she had kept, and the second, notwithstanding the circumstances, she would not break. "And you are not an American," she added. Mr. X. reflected a moment, and then asked, "And if I became an American?" "In that case," was the reply, "I can act my own pleasure." "Two days later," said the writer, "Mr. X. returned to Paris to make his adieu. Said he, 'Tomorrow I depart for the United States. I hope with the credit at my disposal to become promptly naturalized as an American citizen. I shall then return to Paris to realize the fulfillment of your promise to be my wife!'

A Grotesque and Horrible Scene.

The imagination of the most sensational of French romance writers never conceived of a scene more grotesque and horrible than was witnessed in Jersey City, N. J., Monday last. A young man, patient escaped from his home in a delirious condition and died in the streets. Two drunken men, supposing the dead man to be in the same condition as themselves, walked a little way, picked the body up, and supporting it between them, walked it to a police station two blocks distant.

NEW YEAR'S BRINGING GOOD RESOLUTIONS.

The idea of a thorough reformation commencing with a New Year in all affairs of life, is as old as ideas as the world itself; but when the year closes a retrospective glance always tells of intentions not carried out. To those who have thought it wise to delay an essay of fortune's favoring by sending one or two dollars to St. A. Dunham, New Orleans, La., in time for the 10th drawing of the World-famous Lottery, before the year closes, the idea must come: "Delays are dangerous!"

ITEMS OF INTEREST.

The sunshine of many a happy home has been turned into dark despair by the death of loved ones caused by neglected colds. Dr. Bull's cough syrup has saved innumerable lives by its timely use.

PREMATURE LOSS OF THE HAIR May be entirely prevented by the use of BURNETT'S COCAINE. No other compound possesses the peculiar properties which so exactly counteract the various conditions of the human hair. It softens the hair when harsh and dry. It soothes the irritated scalp. It affords the richest nutriment. It prevents the hair from falling out. It promotes its healthy, vigorous growth. It is not greasy nor sticky. It leaves no disagreeable odor. It kills dandruff.

Burnett's Flavoring Extracts are known to be the best.

Patent Medicines.

30 DAYS TRIAL ALLOWED.

DYE'S ELECTRO-VOLTAIC BELT.

WE WILL SEND, ON 30 DAYS' TRIAL, DR. DYE'S Electro-Voltaic Appliances TO MEN

suffering from Nervous Weakness, General Debility, Loss of Force or Vigor, or any disease resulting from Arterial and Organic Causes, or to any one afflicted with Rheumatism, Neuralgia, Paralysis, Spinal Difficulties, Kidney or Liver Troubles, Lame Back, Rupture, and other Diseases of the Vital Organs, who are troubled with disease peculiar to their sex.

Steady relief and complete restoration to health guaranteed. These are the only Electric Appliances that have ever been constructed upon scientific principles. Their thorough efficacy has been proven through the most wonderful success, and they have the highest endorsements from medical and scientific authorities. They have been used by thousands of men, and have been quickly and radically cured by their use.

Send at once for Illustrated Pamphlet, giving all information free. Address, VOLTAIC BELT CO., Marshall, Mich.

JULY 18

GREAT GERM DESTROYER.

DARBY'S PROPHYLACTIC FLUID.

SMALL POX ERADICATED.

Contagion destroyed. Sick rooms purified and made pleasant. Fevered and Sick Persons relieved and refreshed by bathing with Prophylactic Fluid added to the water.

Scars removed by applying Darby's Fluid to the sores.

Impure Air made harmless and purified by spraying Darby's Fluid about.
