Who is Mrs. Winslow?

As this question is frequently asked, we will stipulate that she is a lady who for upwards of forty years, has unflinchingly devoted her time and talents to the benefit of her race, principally among children, she has especially studied the constitution and habits of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has composed a Soothing Syrup for children's teething. It operates like magic, giving rest and health, and is never known to irritate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her, especially in this case in this city. Very quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and it is now being used by thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and smile in calling her blessed. No mother has discharged her duty so fully as she has done, and that millions yet unborn will share its benefits, and smile in calling her blessed. No mother has discharged her duty so fully as she has done, and that millions yet unborn will share its benefits, and smile in calling her blessed.

WE TELL YOU PLAINLY

that Simmons' Liver Regulator will rid you of dyspepsia, purify your system, enable you to sleep well, prevent malarial diseases and give you a brisk and vigorous feeling. It acts directly upon the liver and stomach, cleansing, purifying, invigorating and fortifying the system against disease. Try it and you will be satisfied at the good results of the genuine Simmons' Liver Regulator, prepared by J. H. Zellan & Co.

A lady from Orange writes: Dr. Benoit: I think you should be presented with a charter of pure gold, for your Celery and Chamemille Pills have proved such a blessing to thousands of sufferers with sick and nervous headache, neuralgia, nervousness and dyspepsia.

JOSE BILLINGS HEARD FROM.

NEWPORT, R. I., Aug. 11, 1880. Dear Billings - I am here trying to breathe in all the salt air of the ocean, and having been a sufferer for more than a year with a rheumatic liver, I was induced to mix Hoyer's Pills with the sea, and have found the tincture a glorious result. I have been greatly helped by the Billings, and am not afraid to say so. Yours without a struggle, JOSE BILLINGS.

Holiday Goods.

THE CHOICEST COLLECTION OF FANCY GOODS, Silverplated Ware, CHINA PALACE, J. BROOKFIELD & CO.

Mr. Thos. Baskin, who so mysteriously disappeared after leaving Monroe last Friday, has not yet been heard from, or any trace of his whereabouts discovered. He was seen at about eleven o'clock on the Friday night of his disappearance by a party living at or near Monroe, and his mule was found at his home in Providence township the next morning. It is certain that Mr. Baskin had a considerable sum of cash on his person at the time of his disappearance, and his friends in this city are firm in the belief that he has been murdered and the body concealed. Had he met with an accident on the way he would have been found, as there has been a general search made of the section of country through which he would have passed had he returned home, and so far the disappearance remains a mystery, the only explanation of which is that he has either been murdered and the traces of the crime covered up or that he has left the country under circumstances that can in no wise be explained by his friends and acquaintances.

Collier drinkers should read the advertisement in another column headed "Good Coffee."

HOME CHIFFLETS.

Church notices to-day.

A little sunshine would be appreciated just at this time, as it has been very scarce so far this year.

Yesterday was one of the dull and dreary days which contribute nothing in the way of local news.

It would be impossible to find a dirier looking town than Charlotte, or a more disagreeable one to pedestrians.

The special term of the Superior court ordered by the Governor for this county will open next Monday, Judge Bennett presiding.

Joe Murphy, one of the best Irish comedians in the country, and a great favorite in Charlotte, has been in Atlanta this week.

Joe Foster, colored, was fined \$5 and costs by the mayor yesterday morning for abusing a little white boy at Wadsworth's stables.

A little son of Mr. J. T. Julian, who resides on Sixth street, yesterday fell from the banisters of the front porch and broke his left arm a little above the wrist.

There is comparatively little moving by the residents of Charlotte at the end of the year - perhaps less than in any place of its size in the country.

Rev. Dr. Bernheim, who has been in the city for a few days, left yesterday afternoon on the South train, and will make an extended tour of the South and West in the interest of his magazine, "At Home and Abroad," which is published monthly from this office.

A reporter of a State paper in an issue several days ago, remarked that it was "too cold to hunt up local items." The readers of newspapers take no such excuses. It is never too cold, too hot, too wet or too dry for the reporter, and he is expected to go, and not only go, but gather news, whether it is to be had or not. All this and much more is expected of him.

In yesterday's OBSERVER it was stated that Constable Orr arrested the negro woman Emeline Wilson. We understand the arrest was made by the coroner, though Mr. Orr had the warrant in his possession at the time. It is also stated that John Wilson, the father of the child killed by Emeline Wilson, who is also wanted, was in the city yesterday, but the officers failed to overtake him.

The Janitor of the First church was thrown into a murderous state of excitement yesterday morning by some one telling him that a complaint had appeared in THE OBSERVER about the coldness of his church Sunday. He made a break for this office, but his agitated manners caused inquiries to be made by his friends, when it was told that the complaint had been made about the opera house and not the church. His informant had not read correctly.

Election of Officers.

The Charlotte Chamber of Commerce held a meeting Thursday evening at which the following officers were elected for the ensuing twelve months: President - Gen. T. F. Drayton. 1st Vice President - W. C. Morgan. 2d " " - Geo. H. Brockenbrough.

Sec. and Treas. - R. N. Tiddy. Directors - S. A. Cohen, W. W. Pegram, W. C. Morgan, Chas. B. Jones, Walter Brem, M. C. Mayer, Jno. L. Brown, D. M. Rigler, Wm. Ritterhoff.

The Superintendent of the Mint.

The next Republican fight which will be of local interest to this city will be for the superintendency of the Charlotte mint. Rumor has it that a petition is in circulation urging the appointment of Col. W. M. Norment in place of Col. Cowles, who has been resting quietly in the position for some time past, and that it is getting a large number of signatures. It is now in order for the Colonel to start a "subscription" list, but it may be that petitions go for naught with the powers at Washington.

Bishop for North Carolina.

Rev. C. H. Pinkney Northrop will tomorrow be consecrated at the cathedral in Baltimore as Bishop of North Carolina. The Sun of that city says the occasion promises to be one of the most notable affairs of the kind celebrated in that city for some time. Pontifical high mass will be said at 10 o'clock, during which Archbishop Gibbons will perform the ceremony of consecration. Right Rev. John L. Keane, of Richmond, will, in the absence of Bishop Lynch, Charleston, who is indisposed, deliver the sermon. It is expected that all the bishops of the provinces of Baltimore, and several from other provinces, will be present. The greater portion of the clergy of the city and vicinity, as well as the students of the seminary of St. Pauline, will also be in attendance. The music will be Beethoven's mass in C, with a full choir under the direction of Prof. Joseph Wernig, and a complete orchestra.

The Mysterious Disappearance.

Mr. Thos. Baskin, who so mysteriously disappeared after leaving Monroe last Friday, has not yet been heard from, or any trace of his whereabouts discovered. He was seen at about eleven o'clock on the Friday night of his disappearance by a party living at or near Monroe, and his mule was found at his home in Providence township the next morning. It is certain that Mr. Baskin had a considerable sum of cash on his person at the time of his disappearance, and his friends in this city are firm in the belief that he has been murdered and the body concealed. Had he met with an accident on the way he would have been found, as there has been a general search made of the section of country through which he would have passed had he returned home, and so far the disappearance remains a mystery, the only explanation of which is that he has either been murdered and the traces of the crime covered up or that he has left the country under circumstances that can in no wise be explained by his friends and acquaintances.

To catch and at the same time to catch in the hands of the law, a man who will reach you, call on the "Good Coffee."

NATURE'S SURE WAY.

The kidneys are the most delicate and most important organs of the human system. They are the great filters of the blood, and if they become diseased, the whole system is affected. It is therefore of the highest importance to keep them in good health. The best way to do this is by using a natural remedy, such as the "Good Coffee," which acts directly upon the kidneys, and restores them to their normal condition. It is a simple, safe, and effective remedy, and is sold in all drug stores.

Wonders on the Catholic Church.

Mr. W. H. Chick, the ornamental painter of Charlotte, has recently finished a neat piece of repairing in the Catholic church of this city. The frescoing and finishing of the interior of the church was done by the Kruegers, of Baltimore, and since the completion of the work one of the timbers of the building decayed, causing the plastering to give way the full length of the piece. The repairs have been made in such manner as to reflect much credit upon the workmanship of the job, and it is now difficult to discover that any break ever existed.

Murder in Virginia.

The postmaster at this place has received a postal card which gives the information that one W. A. Davis, of Orleans, Fauquier county, Virginia, recently shot and killed Leonidas Triplett, in cold blood, and that after being arrested Davis made his escape. It is supposed that he has gone or will go West, and a large reward is offered for his arrest. The murderer is described as being "a young man about 23 or 24 years of age, with thin visage, red cheeks, light blue eyes with grayish cast, receding chin, two gold plugs in his front teeth with one corner broken off, light waving hair, smooth face, weight about 140 pounds, height about 5 feet 9 inches."

Pronounced Crazy.

The Concord Register says the statement made in an issue of THE OBSERVER this week to the effect that many mortgages given for fertilizers purchased in that town had not been registered is pronounced crazy. The information was given as received, and while one firm may be out of the difficulty, it does not necessarily follow that the rest of the dealers are. The information was received from a gentleman who is in a position to know much in relation to the question, and we will wager our next big turnip that the statement is not void of truth.

The Library Association.

At a meeting of the Library Association of Tryon Street Methodist Church held last night it was decided to offer three prizes to the three members securing the largest number of books for the Association, the articles to be given and their value to be fixed by a committee which was appointed for the purpose. Readings were given by members of the Association as follows: Miss Louisa Wriston, "Thoughts of the Past"; J. B. Berthune, "Energy and Adversity"; A. C. Hutchinson, "The Old Year"; J. H. McClammon, "Douglas and Marmon"; Miss Gray, "The Bridge."

The want of a quorum prevented an election of officers last night for the ensuing term, and this action was postponed until next Friday night.

Furnishes for School Purposes.

It is understood that the school committees in some of the counties have been purchasing charts, globes, etc., under the supposition that they are embraced under the head of school furniture. It is said that their authority to make such purchases is very doubtful. Whenever the school committees make any such purchase, they ought not to give the order on the county treasurer before the articles are delivered, for perhaps they may never be delivered. It is very true that such an order on the county treasurer, no matter whether accepted by the treasurer or not; no matter whether endorsed by the seller of the goods or not; no matter whether or not in the hands of an innocent holder, who may have paid much money for the order, cannot be legally and lawfully paid if the school committees ought not to have given it, or if the goods are not delivered according to contract. Ample protection is afforded the funds in the hands of the treasurer, who is not justified in cashing such an order if it ought not to be paid. But in cases where such an order is issued improperly, the person receiving it from the committees may sell it to some unlucky man, and, having gotten his money, may let him whistle. We merely wish to call attention to the fact that orders on a county treasurer are not always legally good for the money. They are not commercial notes, drafts or bills of exchange, and if not good in the hands of the original holder, are not good in the hands of any purchaser or subsequent holder, no matter how much money he may pay for them.

Neighborhood Notes.

Very heavy guano shipments are reported to be making to points along the railroads south of Charlotte.

A bridge across Coddie Creek, in Cabarrus county, gave way last Wednesday and precipitated a wagon and two mules into the stream, which was very much swollen. The wagon contained a colored family, of which one little child was drowned, and washed away. One of the mules was also drowned.

Concord's cotton receipts from September 1, 1881, to January 1, 1882, were 5,000 bales, and it is thought there is sufficient in the hands of producers to run the receipts to 8,000.

The Concord Sun has donated a new head-gear, and we can "look at it as an improvement."

Julie Morris, colored, was killed on the railroad near Harrisburg the other day, by a land slide, while digging gravel.

Mad dogs are reported to be plentiful over in Cabarrus just now. Dr. Miller's fox hounds were attacked in his yard by a rabid dog, and he afterwards had the whole pack taken to the woods and shot, though they were highly prized by the veteran hunter. The Concord Sun says six rabid dogs were killed at Harrisburg in one day by one man.
