Medicine

Rheumatism

Neuralgia, Sprains,
Pain in the Back and Side.

There is nothing more painful than these

diseases; but the pain can be removed and

the disease cured by use of Perry Davis'

Pain Killer.

This remedy is not a cheap Benzine

or Petroleum product that must be kept

away from fire and heat to avoid danger

of explosion, nor is it an untried experi-

ment that may do more harm than good.

Pain Killer has been in constant use

for forty years, and the universal testimony

from all parts of the world is, it never

fails. It not only effects a permanent cure,

but it relieves pain almost instantaneously.

Being a purely vegetable remedy, it is safe

in the hands of the most inexperienced.

The record of cures by the use of PAIN

KILLER would fill volumes. The following

extracts from letters received show what

those who have tried it think:

Edgar Gady, Owatonna, Minn., says:

About a year ago I became subject

to severe suffering from rheumatism. Our

doctor prescribed the PAIN KILLER, which speedily

relieved me. I have since used it several

times, and it has always followed my usual

course.

G. H. Walworth, Saco, Me., writes:

I have used your PAIN KILLER for rheumatism,

and have received the most beneficial

results. I have used it for thirty years,

and have found it a never-failing remedy for

rheumatism and lameness.

Mr. Burdett writes:

"I have used your PAIN KILLER in cases of rheumatism."

Phil. Gilbert, Somerset, Pa., writes:

"From actual use, I know your PAIN KILLER

is the best medicine I can get."

All druggists keep PAIN KILLER. Its price

is so low that it is within the reach of all,

and it will save many times its cost in doctors'

fees. 25c., 50c., and \$1.00 a bottle.

OUR WASHINGTON LETTER.

BATTling FOR THE SPOILS AND

THE LEADERSHIP.

Keogh and Mott with their Forces

Bealge the Powers that Be—A Gen-

ecort of Col. Ike Young and Col.

tain—Seymour vs. Russell—Depart-

ment Employes Credited to North

and South Carolina—Personal and

Postal.

WASHINGTON, Jan. 15th, 1882.—As a

calm follows a storm at sea, so in po-

litical warfare a period of inactivity

and suspense succeeds turmoil and

excitement. That period in the North

Carolina State patronage fight has

arrived. In the calm a survey of the

field may be made with a nearer ap-

proach to accuracy than could possibly

be attained while the smoke of battle

obscured the view. It must not be

understood that the efforts have ceased

far from it, but the bluster, the inter-

views of delegations, etc., have passed,

and quiet, effective work will now be

the order of the day. It is the same

old fight, the fight for the patronage

politics before. Who shall dis-

tribute the spoils, Keogh or Mott? That

is the question in a nutshell. Both are

fighting for the leadership and each is

backed by strong adherents. Col. Keogh

has his headquarters at the North

Hotel in room 125. There you will find

at all hours of the day and late into the

night his friends ready to entertain by

telling pleasant jokes, or if you are

convinced to indulge in a Havana, an ap-

petizing your appetite. An hour can

be very pleasantly passed here. Dr.

Mott, on the other hand, directs his

movement from the Ebbitt House, and

is surrounded by his lieutenants, Cooper,

Jennings, Ike Young and the interna-

revenue clique generally. Both Keogh

and Mott, as has been mentioned in

previous letters, have called on the

President. They have done more. Each

with his followers have called at the

various departments and asked that he

be consulted in dispensing the patron-

age of the State of North Carolina. Not

a stone has been left unturned by either

to impress the department officials that

he is backed by a Sherman. He keeps

public party in the State of North

Carolina. Dr. Mott cities, with some

show of reason, that he has the largest

support, from the fact that he is the

chairman of the Republican executive

committee of the State. He keeps the

fact prominently to the front. Col.

Keogh, on the other hand, says that

while Mott is chairman of said commit-

tee he was made so by the Treasury

department, under the Sherman. He

claims, for the help he gave Sherman

in his canvass for the Republican nom-

ination for President in 1881. The fact

that Keogh has always been a con-

sistent stalwart; in these days of stal-

wartism counts for something. Mott him-

self recognized that fact, by resigning

the collectorship he could not retain,

and putting up Cooper, who was a sort

of rice-war, milk and mush Grant

man. Keogh, who was always a stal-

wart, and aside from his politics, is a

frank man, honest and attentive to

business. What militates against

Cooper is the fact that he is indirectly

or directly interested in large distill-

eries in this State, and this fact is a

potent argument against him by his op-

ponents. Mr. Cowles, the third candi-

date in the light of a compromise can-

didate. He is a particularly ob-

jectable man, and his political objec-

tions are not particularly objection-

able. He is a party man, and he may

be struck by collectorship lightning be-

fore he returns home.

In all the other contests, the judge-

ship, the marshaling of the Western

reference to Col. Johnston's call on the

President have come to light. He and

Mr. Price called in company with Ike

Young and Henderson. This fact is

regarded as important here, being an

indication, it is believed, of the wing

of the republican party with which they

propose to act. It is regarded as cer-

tain that both have crossed the Rubicon

and are trying to force the coalition with

the opposition, that will give vitality to

stand sponsors for. What following

they will receive, what influence they

will exert, what anxiety this move-

ment will occasion, what calculations

will be the first indication of who stands

nearest the throne. It cannot fail to

have its weight in North Carolina po-

litics.

While on this subject, some facts not

known at the time of my last letter, in

President have come to light. He and
