The Charlotte Observer.
SUNDAY, JAN. 29, 1882.
STATE NEWS.
Salem Press: We hear of horses and drivers in the neighborhood a few miles below town. The horses were recovered.
There are seven ice pounds in and around this place.
Some of the young folks of this place have organized a private theatrical company.
A snake, three feet in length was killed in the branch, known as "The River" by Rufus Haester, on last Saturday week. Rather early for reptiles to be crawling about.
Raleigh News and Observer: There is an unusual amount of suffering among the poor.
Sufficient virus to vaccinate several thousand persons was received at Simpson's yesterday afternoon by the independent of Health. Some virus was also received which can be furnished to order.
The following sheriffs yesterday settled the taxes on the following respective counties: A. S. Haynes, Lincoln, \$5,012 68; H. O. Kearney, Franklin, \$7,119 81; Joseph G. Neal, McDowell, \$2,204 48; M. Hahn, Craven, \$8,361-40.
Asheboro Courier: High Point is moving. Mr. Causey is to add another building—180 by 90 feet to his cotton factory. The N. S. N. is proposed to start an iron foundry. He is backed by capital sufficient to surmount any obstacle and will begin work as soon as the weather will permit. Mr. Causey will draw his plan for the erection of a large sash and blind factory and its erection awaits only favorable weather. There is also a shuttle factory in contemplation. Its erection is assured in the near future.
Monroe Express: Thirty one applicants for certificates as public school teachers were examined by Maj. Ashcraft, county superintendent, on the 12th, 13th and 14th inst. Of these, 9 received first grade certificates, 11 received second grade, 2 received third grade, and 9 failed to get any grade. The superintendent makes his examination thorough and searching, for which he is certainly entitled to the commendation of the public.
We were shown by Mr. L. M. Seaton, county surveyor, a few days ago, a couple of pieces of mud slate, which was taken from the Smart Gold Mine, in Sandy Ridge township, at the depth of 33 feet, upon which were portrayed beautiful landscape views with most life-like distinctness. This phenomenon, which to us is very strange, is no doubt explained scientifically, but we are not able to do it.
Greensboro Bugle: Greensboro is soon to have gas works.
The question of a public cemetery is agitating the city commissioners.
Winston Sentinel: Wild pigeons have put in an appearance in the woodlands west town.
Maj. W. B. Stype and his son Marion have started a distillery near town, and the Collector, Mr. Everett, has assigned to them as storekeeper, a negro of the new department on the part of the Collector has raised quite a breeze among some of the faithful, and curses loud and deep are muttered from the throats of a number of good Republicans who are not living for a number of years storekeeping, guaging, or something of the kind, at the idea of a negro holding office.
Wilmington Star: The city is swarming with tramps.
The first shad of the season made their appearance here yesterday. A fortune-telling tramp, who had been here for some days engaged in the practice of his profession, in violation of the law in such cases made and provided, was arraigned before Mayor Smith, yesterday morning, who finally ordered his release on the pledge that he would immediately leave the city. He claimed to be a Petersburger.

THE PRESS ON THE SITUATION.
AGAIN THE OXY.
Dead-end politicians to the rear! We want busy, active, solid men who are worth one hundred cents on the dollar at home to run the politics of North Carolina. Poets, geniuses, talented orators, to the rear! They do not stand solid as business men at home—to the rear with them. The country wants to move on.
DESERVED.
The Wilmington Post has at last deserted the Republican party openly and comes out in its true colors. In its last issue it advises the Republicans in this State to select a Democratic leader, and follow him. What glory there would be, in 115,000 Republicans surrendering to one Democrat! That would be a superb management. The colored people can see that the Post has in-store for them. That journal is suddenly struck with a virtuous spasm. It now discovers that the Legislature of 1868 and 1869, was a bad lot, and that the movement of Gov. Holden to suppress the ku-klux, was "without warrant and by the bayonet." That sugar-coats the Republican pill for Bill Johnson and Charles Price. They can swallow the thing a little better in public now.
WOULD HE?
Anon. Times.
Col. Wm. Johnson, of Charlotte, the secession candidate against Gov. Vance in 1862, and the standing candidate for any office to be gotten since, has gone over to the Radical party. Col. Johnson was a candidate for Congress in this district before the late convention at Rockingham, when Maj. Dowd was nominated. We acted as one of the secretaries, and we recollect Col. Johnson came within a few votes of being nominated. In all candor we ask him, would he now have deserted the Democratic party? If he would have, the convention made a narrow escape. If he would not have—which is far more new—the present motives are visible to the blind.
JUMPING THE FENCE.
Oxford Torchlight.
A few of the Democratic bell weather are jumping the fence. Col. Wm. Johnson, of Charlotte, ex-Speaker of the House, Col. N. A. Lenoir, and Capt. Nat. A. Lenoir, are the bell weather of Democratic dust last week. It will do no good to abuse and belittle men who have been once honored in the Democratic household. Better take out the rotten timber, put up the gap, get one but trust in alms and keep clean fodder in the rack.
CAN'T AFFORD IT.
Greensboro North State—Stalwart.
The great importance attached to the desertion from the Democratic party to the Republican ranks of Col. Johnson, Maj. Price, and a few others, is rather amusing in some respects. It looks big, probably, in Washington, to see a few Colonels and Majors come forward and announce their new allegiance. But where is the army which is to follow them? We do not want to take our leaders from the other side—put them in commission—and then place them in command of our faithful soldiers, who, for 10 to 15 years, have, in the face of ostracism, abuse and every adversity bravely marched to the polls and voted the Republican ticket. Who are these men who are presented to the President as the political bonanzas which the "barnacle navy" has so bravely gathered? Are they cherished Democratic leaders who have seen the error of their ways and now espouse the Republican cause; or are they a few disappointed and sore-headed office hunters who seek pasture new? We do not attempt to give an answer, but will conclude with one of Sydney Smith's anecdotes. Smith said that a farmer could always tell the number of a coming thief by counting the tears of joy which nature of the approaching family of swine. The witty Sydney said that there was generally a "tear" for each pig, but sometimes, through an eccentricity of nature, one or more pigs appeared that had been provided for. In this case the poor extent of the fighting, and the squabbling, driven off by the lawful possessor until driven by hunger and desperation they would at last seize on the caudal appendage of the indifferent mother, and until exhausted nature found relief in death.
We want something better than dead political pigs to add to our vigor and strength. We prefer acquisitions from the well fed Democratic litter.

Our Mines.
Asheboro Courier: The Davis Mountain mine seems to be in the hands of parties who appreciate its value; confidence begotten from developments existing thereon. The early future will bring golden tidings therefrom.
The Cagle gold mine in Moore county is now being worked by a northern company; the property has just changed owners and a practical man puts at the head of the ball of amalgam working over twenty pounds is surprising everybody. Our friends Robinson of Charlotte and Campbell of Carthage are assisting in the development.
The Branson mine on Little River, seven miles south of Asheboro, seems now to have found a purchaser. Mr. H. T. Moffitt and W. J. Page spent considerable money thereon during the last year and put the extension of a vast mass of excellent ore. Machinery is the only thing required to make a sure success of the Branson.
The latest accounts from the Hoover Hill gold mine are that the ore is rich; some of the richest ore ever found in the State—or in the South—has been found there and some of the ore has been shipped to England, to show it just as it is. A few more enterprising companies are being organized to work the outside world with the value of the mineral deposit in our State and add to the material wealth.
The Poplar Branch mine about six miles west of Asheboro is nearly ready for digging and mining. The enterprising manager, Mr. Robert Meeker, has been very busy for months past, utilizing his engine, etc., for saw mill purposes, because he required the lumber for his engine, tractive work for railroad, etc., and by his prudence has saved a large amount of money for his company. He has a large quantity of ore out ready to work and will soon be at it. His battery of ten stamps is to be as complete as any in the State and the whole equipment is a credit to him. It is quite a treat to examine it.
REMEMBER.
Salisbury Watchman: They are down in shaft No. 2, one hundred and seventy feet; and they are driving and stopping in shaft No. 1. The ore continues good—vein four feet wide. The concentrating works are going up rapidly—the build is 7x30, three stories. The machinery is all on the property, and it is calculated that the works will be in operation by the 10th of next month.
The North State Mining Company have assessed their stock 10 cts. per share for the purpose of erecting smelters at their copper mine in Ashe county. It is all true that is said of this mine they should pay a dividend by August.
SILVER VALLEY MINE IN DAVIDSON COUNTY.
This seems to be the Bonanza mine of the State at the present time. They employ about eighty hands and are producing about five tons of concentrated ore daily, which is reported to be worth five hundred dollars per ton. At this rate it is safe to say that this one more paying mine in the State.
A Clerical Lethargy.
BLOOMINGTON, ILL., Jan. 23.—Rev. H. O. Coffey, minister of the Methodist Episcopal church, was found guilty of seduction and bastardy by the church committee after a ten day's trial.

Changing the Mode of Appointment.
RICHMOND, VA., Jan. 28.—The Readjuster members of the General Assembly in caucus last night agreed upon a bill which provides for a change in the present system of appointing Constables in Chambers. It transfers the appointing power from the judges of the court to the Governor. Several county judges were also nominated by the caucus.
Paid the Penalty.
MANSFIELD, LA., Jan. 28.—Ed. Belton, colored, was executed yesterday for the attempted murder and highway robbery of Alfred Smith, last summer.
A WORLD OF GOOD.
One of the most popular medicines now before the American public is Hon. Hitters. You see it everywhere. People take it with good effect. It builds them up. It is not as pleasant to the taste as some other remedies, but it is a whole lot more like the old fashioned honest tea, that has made a world of good. If you don't feel just right, try Hon. Hitters—Name News.
When the skin is parched and freckled by strong northwest winds and the face becomes dry and scaly, it can be restored to smoothness and good color by Dr. Benson's Skin Cure. A perfect remedy for troublesome itching and eruptions pimples.
To promote a vigorous growth of the hair, use Parker's Hair Balsam. It restores the youthful color to gray hair, removes dandruff, and cures itching of the scalp.
AN ALARMING SPREAD OF SMALL POX.
The most potent remedy to stop the spread of this great scourge is Danter's Prophylactic Fluid, which is ready for use at all times. Persons are liable at any moment to "catch" the disease, and should get the Fluid at once and use it freely about, as places cannot be infected where the Fluid is used. Persons attending the sick or in other ways exposed to the disease will be protected by its free use.
S. S. cured me of Catarrh after all other treatment had failed; you can recommend it as a sure cure. C. C. Burns, Greensboro, Ind.
Our science has not made known a combination equal to S. S. for skin diseases, says T. L. Macaulay, Ph. G. Mason, Ga.

GOOD COFFEE.
Everybody wants it, but very few get it, because most people do not know how to select coffee, or it is spoiled in the roasting or making. To obviate these difficulties has been our study. Thurber's package coffees are selected by an expert who understands the art of blending various flavors. They are roasted in the most perfect manner (it is impossible to roast well in small quantities), then put in pound packages (in the bag, not ground), bearing our signature as a guarantee of genuineness, and each package contains the Thurber recipe for making good coffee. We pack two kinds, Thurber's "No. 34," strong and pungent, Thurber's "No. 41," mild and rich. One or the other will suit every taste. They have the three great points, good quality, honest quantity, reasonable price. Ask your Grocer for Thurber's roasted Coffee in pound packages, "No. 34" or "No. 41." Do not be put off with any other kind—your own palate will tell you what is best.
Where persons desire it we also furnish the "Ideal" Coffee-pot, the simplest, best and cheapest coffee-pot in existence. Grocers who sell our Coffee keep them. Ask for descriptive circular.
