HOME CHIEFLET.

There were more ladies on the streets yesterday than in any one day within a month.

Rev. L. Holmes has accepted a call to the rectorship of a church at Kittrell's, N. C., and has left the city for that place.

Mr. S. Wittikowky, who for some time past has been confined to his room by sickness, was yesterday able to appear at his business house.

The Lutheran congregation, at its meeting Sunday, postponed the election of a pastor for that church, on account of a majority of the members being absent.

Several cases came up at the city court yesterday morning, but were all continued except one, that of a colored man for whipping his wife, for which offence a nominal fine was imposed.

In justice to the writer we wish to state that "F. L." was ignorant of the sex of poet number one at the time her reply was written.

The street work yesterday did some good work in scraping up the mud and throwing it in heaps on Tryon street.

In a local notice in Sunday's Observer in which attention was called to the advertisement of the Mutual Life Insurance Company of New York, we omitted to state that Capt. F. Nash is the agent of the company in Charlotte.

Needs Expediting.

We understand that the horse mail route between Monteth's mill and Davidson College is in serious need of "expediting."

The American Exchange in Europe. Mr. Henry F. Gillig, the founder and now general manager of the American Exchange in Europe, of London, Paris, Geneva, &c., was in town on Saturday.

Mr. Cyrus M. Wolfe brought to the city yesterday about fifty penny weights of pure gold, which he carried to the mint for assay.

Hotel Lease—Improvements, &c. The Metropolitan Hotel, in this city, has recently been leased to Mr. L. W. Scoville, who is now operating a line of hotels from Washington to an extreme Southern point.

Sudden Death. Mr. George W. Miller, an old resident of Charlotte, died suddenly at his home at an early hour yesterday morning.

Mr. Miller was a native of Rowan county, having removed to this city some thirty years ago.

WHERE IT ORIGINATED. Springfield, Tenn., April 12, 1881.

IMMIGRATION.

What is Being Done by the Bureau of the Associated Railways.

Below is given a letter from A. Pope, Esq., in relation to the efforts being made by the Associated Railways of Virginia and the Carolinas to induce immigration to the sections of country traversed by the railroads named.

The board of county commissioners met yesterday in monthly session. The greater part of the day was taken up in passing on claims against the county.

By an order of the board School district No. 68, in Providence township was abolished, and the amounts due that district \$47.41 for white and \$46.11 for colored children—ordered to be credited to the respective apportionments for white and colored children of school district No. 18.

Referring to the matter of immigration to North Carolina, and the efforts that are being made by this bureau to foster it and accomplish material results, I beg to say that among the many purchases of land occurring to my knowledge from week to week, and settlement thereupon made by immigrants arriving within the State's borders and proposing to remain, a notable case in point has recently occurred.

On Friday night, the 3d inst., ten negroes called at my boarding house for twenty-five cent meals, which I had prepared for them, and they neither objected to the quantity nor quality.

Very Respectfully, C. DOWD.
