medicine ever offered -GEO. HOOPER, Wilmington, N.C. I was suffering severely with bronchitis, and my throat was so inflamed I could scarcely swallow any food. I was advised to try your PAIN KILLER, and after taking a few doses was completely cured.-T. WILKINSON. Dr. WALTON writes from Coshocton: Your PAIN KILLER cures diphtheria and sore throat, so alarm-ingly prevalent here, and has not been known to fall in a single instance. This fact you should make known to the world. Mrs. ELLEN B. MASON writes: My son was taken violently sick with diphtheria, high fever, and cold chills. So many children have died here, I was afraid to call a physician, and tried your PAIN KILLER. He was taken on Sunday, and on Wednesday his throat was clear. It was a won-derful cure, and I wish it could be known to the poor mothers who are losing so many children. For Chills and Fever **PAIN KILLER** has no equal. It cures when everything else fails. Delays are often dangerous. A bottle of PAIN KILLER in the house is a safeguard that no family should be without. All druggists sell it at 25c., 50c., and \$1.00 per bottle. **PERRY DAVIS & SON**, Proprietors,
