The freight earnings of the main line of the Richmond & Danville Railroad for the first three weeks in February were \$170,780, an increase of \$32,025 over the same period last year, without increase in mileage.

Mr. W. E. Hand, the druggist, has accepted a position in Atlanta, Ga., and left Thursday night for that city. His friends regret his departure, as he is a favorite with the boys of Charlotte.

Mrs. Gillon, of Cabarrus county. who some time ago was in Charlotte under medical treatment for cancer, was in the city yesterday, and stated that she was in a fair way to recovery, her condition being very greatly improved.

Mr. A. E. Hutchison, of Rock Hill, S. C., who purchased the old Rock Island factory property at the commissioners' sale in this city some time ago. yesterday paid the purchase money. \$8,000, and was given a deed by Mr. Geo. E. Wilson, the commissioner.

No Small Pox. We understand it is commonly reported in several Georgia cities that small pox is "raging" in Charlotte. For fear that some of our citizens may be quarantined if they stray down into the Empire State of the South, we will make a denial of the truth of the report. Small pox is not "raging" in Charlotte, or anywhere else in North Carolina that we know of, and it is doubtful whether there is a single case in the State at present.

Returned Home.

Mr. A. L. Butt, with his wife and father, have returned to the city after a successful six month's tour through the South and West, exhibiting the panorama painted by Mr. Butt. Among other places visited were Knoxville, Warm Springs, Chattanooga, Lexington and Louisville, Ky., St. Louis, Kansas City, Cincinnati and Washington, D. C., some five weeks being spent at the latter place. It is understood that Mr. Butt contemplates remaining at home for awhile, and painting another panorama on a different subject.

Two Vacancies Well Filled. At the meeting of the executive committee of Davidson College held Wed. nesday night, Col. J. L. Davis, of Salisbury. Col. Brown is well qualified for the

positions to which he has been assigned and it is doubtful if a better selection could be made. In our report of the meeting the election was not mentioned for the reason that our informant failed to give the information.

CUILTY OF MURDER.

Bob Jones Found Guilty as Indicted. The jury in the Bob Jones murder case, after being out a little over a day, went into court yesterday about three o'clock and rendered a verdict of guilty against the defendant, with a recommendation to the court for mercy. Sentence has not yet been passed, but perhaps will be to-day.

Immediately after the verdict was randered Mr. Covington, one of the defendant's counsel, drew up a recommendation to have the sentence commuted to fifteen years imprisonment, and every member of the jury, we are informed, signed the application. Counsel for the 'prisoner, as well as many who heard the testimony, were somewhat surprised at the verdict, as the impression was that it would be for manslaughter. The jury was undoubtedly one of the best that has ever tried a murder case in the county, and it is more than probable that their recom-

mendation will save the prisoner's life. The trial of the negro woman, Emeline Springs, is set for to day, and it is understood that the Long Creek case against the two Patterson negroes and Sloan, indicted for murder, will be disposed of to-day by two of the defendants submitting to a charge of manslaughter.

The North Carolina State Life Insurance

Company. As the stockholders of the North Carolina State Life Insurance Company recently decided at a meeting to go into liquidation, and as it is understood that the company has done a large amount of business in Charlotte and the section of country contiguous, we give some information as to the proposed closing up of the business which may be of interest to policy holders.

On the 15th of February a meeting of the stockholders was held in Raleigh, at which it was decided to go into liquidation, although a majority of the meeting was opposed to taking this step, but in deference to the wishes of the disaffected portion they agreed to the proposition, and a committee consisting of Col. T. M. Holt, Hon, Kemp P. Battle, Messrs. W. E. Anderson, W. L. Primrose and F. H. Cameron, was appointed to devise the most economical plan to close up the business of the company, and report such plan to an adjourned meeting held on the 28th ult. The following from the News and Observer of March 1st furnishes all the information that has peen made public

concerning the meeting on the 28th: At an adjourned meeting of the city yesterday, there was an unusually large representation, 1,325 shares out of the total of 1,369 shares being represented in person or by proxy. After full and careful deliberation upon the condition of the affairs of the company, it was decided by a very large majority that the company should at once go into liquidation. Alf. W. Haywood, Esq., was elected president, with instructions to wind up the affairs of the company in as speedy and economical a manner as possible. A board of directors of fifteen was also elected, and Mr. T. H Hill was continued as secretary and treasurer. We learn that immediate steps will be taken to re-insure such policy holders as may be unwilling to receive the "cash surrender" value of their policies.

The same paper of March 2d has the following:

A. W. Haywood, Esq., the recently elected president of the North Carolina State Life Insurance Company, left for the North yesterday, to interview the officers of different life insurance companies, with a view to re-insuring the risks of his own company, which under the resolutions of the late stockholders' meeting, is to go into immediate liqui-

We find after more intimate knowledge of the affairs of the North Carolina State Life Insurance Company that although we deeply regretted the re-cent action of the stockholders, we are constrained to think it was the wisest course they could have adopted, as far as their own interest is concerned. They had been without interest on the original payment of twenty per cent. on their stock for nine years, and the recent investigations of the financial condition of the company showed that but little if any of the principal remained. It could hardly be expected that the stockholders would keep up this state of affairs for simple patriotism, and hence their determination, which was

almost unanimous, to wind up. From what information we have, it seems there can be no doubt of the solvency of the company, and the interests of policy holders will be taken care of. The alternative will be given of a cash surrender value or a re-insurance in another company, which is all that can be done under the circumstances.

Car Mileage Record Office.

Mr. W. A. Moody, in charge of the mileage record office of the associated railways, formerly located in Richmond. has arrived in this city with his force of nine assistants, and for the past two days has been at work fitting up and getting his office in condition. The rooms formerly used as a telegraph office by the railroad, in the house on the west side of the track, together with the old ticket office, will be used by Mr. Moody for an office, and the waiting room in the same house will be used as an office by Capt. Gormley. The ticket and telegraph offices have been moved into the depot building, and the whole arrangement strikes us as a decided improvement on the former one.

Library Association. Miss Lula Mobley and Mr. A.S. Tanner read selections before the Library Association last night. Miss Lula Folsom assisted by others at the organ executed an elegant programme in music. A dialogue was appointed for next Friday night, and a debate for the Friday night succeeding-the subject. the necessity of macadamizing the public roads in the city and county. The committee on Library room recommended an entertainment for the purpose of raising funds in order to improve the furniture of the room, upon which action was taken and a special committee appointed in connection with Mr. A. L. Butt to arrange a programme.

Last Night's Musicale.

The young ladies having in charge the arrangement of the details of last night's entertainment, are to be congratulated on the splendid success of their undertaking, as the large assemblage which gathered in the spacious parlors of Mr. Oates' residence gave unmistakable proof of their enjoyment and appreciation of the programme. Of the musical feature of the evening's entertainment it useless to say more than that it met the expectations of those present, while those taking part are too well known in Charlotte to require special mention.
