PERSONAL NOTES.

Chauncey Smith, aged 80 years, a clerk in the postoffice department since 1837, died at his residence in N. C.

Mr. Gamble, having charge of the North Carolina division in the post-office department, says not within his recollection has he known so many applications on the part of the citizens of the State for a postoffice chief clerk of the department.

There is considerable causing going on now over the chairmanship of the Democratic Congressional committee. Only three names are mentioned, ex-Speaker Randall, Mr. Flower, of New York and General Rosecrans, of California.

If it is consulted it is expected that Mr. Randall will get it, for what his enemies may say about him, he is a strong man and can command the sneers of war.

General Rosecrans though a very busy man has had more experience in the field than in the forum. As a prince of big livers and as an epicure, Mr. Flower is immense, but he is now having his first experience in politics. It is intimated that his big livers have not been entirely unuseful in his object.

Philadelphia Record.

Vanderbilt, Gould, Sage and other lights of Wall Street, say stocks are going up. When three or four men can make a market go up or down at will, unsophisticated birds may safely expect to lose their feathers in the long run, whether they buy or sell.

At Point of Death.

WASHINGTON, March 13.--Representative George B. Black, of Georgia, is not expected to live through the afternoon.

FOUR LIVES SAVED.

Dr. Bull's cough syrup relieved four of my children of a most alarming attack of Whooping Cough, so as to prevent them from swallowing anything but their own tears. I have never known anything so good as this. One bottle, in one night, saved their lives. Geo. V. SHAW, Captain of Police, Baltimore, Md.

We would call special attention to the advertisement in this issue of Geo. A. Stone, the well known nurseryman, of Rochester, N. Y., who is in want of a few more seedlings to sell his now famous Focklington Grape, and other new favorites in nursery stock.

Bronchitis.--Throat Diseases often commence with a cough, cold, or unusual extension of the voice. These indicate symptoms are allayed by the use of "Brown's Bronchial Troches," which if neglected often result in a chronic trouble of the throat.
