HOME CHIPLETS.

But little trade yesterday.
The Big Four will furnish some solid fun to-night.

Prof. Schmitt, of this city, will give a concert to-night at Hickory.

The quleude of the city yesterday was not interrupted by a single incident of interest.

Mrs. James Griffith, living near Hebron, died Sunday morning. She was about 50 years old.

The present year, it is thought by many, will be the best Charlotte has had for some time. Rather early for predictions.

The colored people in different sections of the State are appointing delegates to the Goldsboro convention, to be held on the 29th inst.

Miss Painter, the female preacher, is in Raleigh. She will aid the pastor of Person Street Methodist church, of that city in conducting a series of religious meetings.

Mayor's court yesterday morning was unimportant. A white man was run on the rock pile to work out a fine, and a case against a negro man for a disturbance with his wife was continued till this morning.

There will be a meeting in Baltimore, March 28th, of insurance companies doing business in the States of Maryland, Virginia, West Virginia and North Carolina.

Last Saturday closed seven weeks of court in Mecklenburg. The first was the special term held by Judge Bennett, which lasted three weeks, then came a week of the Inferior Court, which was followed by three weeks of the regular term of the Superior Court.

The minstrel troupe to give a performance in this city to-night, the Dallas, Texas, Herald of the 2d says: "The Big Four Minstrel Troupe tickled the ribs of a Dallas audience last evening, in the most vigorous, yet pleasant style."

Prisoners for the Pen.
Deputy Sheriff Orr and Mr. W. F. Snyder yesterday morning started for Raleigh with the following named prisoners, sentenced at the recent terms of court for this county:

There are now 11 county prisoners in jail, one of whom is white, and of the number three are to be tried for murder. Six have been committed since the grand jury was discharged at the recent term of court.

The Paving Ordinance Passed.
It will be seen by reference to the proceedings of the board of aldermen that the ordinance introduced at the February meeting providing for the paving of certain streets in the city passed its final reading yesterday evening.

A few minutes before twelve o'clock Saturday night the jury in the case of Schenck vs. the Richmond and Danville Railroad Company returned a verdict giving the plaintiff \$3,000 damages for injuries sustained by him in this city two years ago.

It is stated that the court will set aside this verdict on the ground that a juror had a conversation with the plaintiff during the progress of the case, in which the circumstances of the accident were discussed.

The juror alleged to have had the conversation admitted the fact to the court, but the lateness of the hour at which the verdict was rendered prevented any action in the matter further than to receive the verdict, as the jury was out until 11.45 p.m.

Personal.
Col. Frank Cox and wife have returned from New York.

Mrs. H. Baruch and family have returned from an extended visit to Georgetown, S. C.

A party of young gentlemen came up from Wilmington and spent Sunday in Charlotte. The party was composed of Messrs. A. H. Green, T. H. McKoy, A. G. Conolly, J. B. Hanks, J. F. Pugh, M. Conolly, J. H. Daniel, and J. O. W. B. Glover.

They were taken in charge while in the city by several members of the Gounod Club, and now some of the Charlotte boys want to return the visit, and it is likely a party of ten or a dozen will be made up for this purpose in the course of a week.

The Charlotteans have not forgotten the royal treatment of the Wilmingtonians on the occasion of the trip of the Gounod Club to that city, and a number of the members have had a hankering after something or other in Wilmington ever since, but it is difficult to tell the exact nature of the attraction.

R. D. Wade, master mechanic of the Richmond and Danville Railroad, was in the city Sunday.

The superintendent of the Pullman Palace Car Company passed through the city Sunday in a special car with friends.

"I move," said a delegate in a Virginia convention, "our chairman take a dose of Dr. Bull's cough syrup, he is so hoarse that I cannot understand him."

Pittsford, Mass., Sept. 28, 1878.
Sirs: I have taken Hop Bitters and recommend them to others, as I found them very beneficial.

See's Women's Christian Temperance Union.

\$13,000 AS A STARTER.

THE PAVEMENT ORDINANCE PASSED BY THE BOARD OF ALDERMEN.

An Appropriation of \$10,000 to Begin Work with—\$3,000 Voted for Trade Street Between College and the Railroad—Other Business Transacted.

The board of aldermen met in regular session yesterday afternoon, with the following present: His Honor, the Mayor, Aldermen Miller, Scott, Smith, Schenck, Long, Adams, Hutchison, Osborne, Wilkes and Walker.

The Carolina Central Railroad Company asked permission to locate another track along A Street, from a point between Fifth and Sixth, and across Trade, to the company's property at the corner of Trade and A.

An ordinance was passed granting the privilege, but reserving the right to revoke the same at any time for failure on the part of the railroad company to observe the requirements as to keeping up crossings, running of trains, &c.

An application was made by Messrs. J. A. Vogler and H. Peyer to have remitted the \$10 tax on job printing offices, which application was referred to the finance committee.

The finance committee recommended that the cotton tax paid by R. A. Lee & Co. be refunded.

The finance committee, having examined the books, vouchers, &c., of the city treasurer, made a report showing the financial operations of the city government from May 5th, 1881, to March 18th, 1882.

The report shows the receipts from all sources, for the period mentioned, to have been \$39,237.43; the disbursements for the same time, \$22,244.16, leaving a cash balance of \$16,993.27. The report was received by the board.

On motion of Alderman Schenck a resolution was adopted requiring the Richmond and Danville Railroad Company to place a watchman at the point where Second Street crosses the railroad.

Alderman Hutchison introduced the following ordinance, which passed its first reading and was referred to the street committee:

Be it ordained, That the railroad companies be required to replace all plank crossings and bridges at the intersections of streets by the tracks with stone culverts and crossings, said culverts and crossings to extend the full width of the street, and ten feet on each side of the track; that said changes shall be made by September 1, 1882, under a penalty of \$50 per day for every day thereafter, that they shall continue the plank bridges and crossings.

Permission was given Col. Johnston to remove the building now on the corner of Tryon and Fourth Streets to the rear of the lot.

The Mayor was directed to employ a civil engineer for the purpose of having the city surveyed with reference to establishing a proper system of sewerage, &c., and to submit a plan for the same.

On motion of Alderman Walker the ordinance introduced at the last meeting providing for the paving of certain streets in the city, was taken up.

Section 1 was amended so as to require the pavement to be laid in hewn stone for a width of 26 inches in the middle, with stone pass ways in front of doors or openings, the balance of the walk to be laid in hard burned brick.

Section 2 was amended by substituting the word "shall" for "may," as relates to the employment of a civil engineer to aid in making the grades.

Section 4 was slightly amended, in relation to the entrances to cellars, not allowing them to extend over three feet across the pavement.

Section 5, after the word "ground," was amended by inserting "or such other material as shall be satisfactory to the street committee."

A new section was added to the ordinance appropriating the sum of \$10,000 for the purpose of commencing the work provided for by the ordinance, and with the amendments noted, with one or two others of little importance, the ordinance passed its second reading, and the rules were suspended and it passed the third time without a negative vote.

Alderman Schenck moved that the sum of \$3,000 or so much thereof as may be necessary, be appropriated for the purpose of grading and macadamizing Trade Street between College and the railroad, as provided by an ordinance heretofore adopted. The motion prevailed.

On motion of Alderman Osborne, the fire committee, with the chief of the department, were authorized to purchase a suitable alarm bell, the same to be of good bell metal.

The mayor read an estimate from the Brush Electric Light Company proposing to establish a tower for the purpose of lighting the city. A committee of three was appointed to investigate the matter, and report the best and cheapest electric light that can be secured for the city. Aldermen Wilkes, Miller and Schenck were appointed on this committee.

On motion of Alderman Osborne, the city clerk, together with the finance committee, was instructed to codify the city ordinances and have them printed in proper form.

Splendid Results.
Last Sunday fifty one new members were received into the Second Presbyterian church, of this city. The ceremonies were of a most solemn and beautiful character, as conducted by the pastor, Rev. N. M. Woods. This is perhaps the largest number that has ever before been received into a Presbyterian church at one time in this city, and the large acquisition to the membership must be very gratifying to the friends of the church, while it is highly complimentary to the ministrations of the new pastor, who has labored so earnestly during the series of meetings held in that church.

These meetings are still in progress, and promise to accomplish great results for the cause of the Christian religion in Charlotte.

Sunday afternoon a special sermon was delivered at the Second Presbyterian church for the children, which was largely attended.

SKINNY MEN.

Wald's Health Restorative cure for all your debility and weakness of the generative functions. \$1 at druggists. Depot J. H. McAden, 5th St.

A Toilet Luxury.
SOZODONT is a luxury as well as a necessity. Placed where it should always be upon the toilet, it adorns it, and gratifies the taste and senses. It is such an excellent perfume, and gives pleasure and health to its users.
