A GHASTLY DISCOVERY.

Details and Particulars of the Finding of the Body of Thomas Baskins.

At the time of the mysterious disappearance of Thomas Baskins, in December, we published all the facts as far as we were able to ascertain.

While Mr. Leroy S. Secrest and two of his sons were engaged in hunting for some missing sheep on Tuesday evening, they discovered what are undoubtedly the remains of Thomas Baskins, who mysteriously disappeared while on his way home from this place on the night of the 28th of December last.

The discovery was made in the woods about a quarter of a mile to the left of the Davis Mine road, near the old Wake house, about five miles from Monroe.
