Medical  
PERRY DAVIS' PAIN KILLER

A Never-Failing Cure for Burns, Scalds, Bruises, Cuts, Sores, etc. After forty years of trial, Perry Davis' Pain Killer stands unrivaled. It is safe! It acts immediately! It never fails!

Editor of the St. John (N. B.) News, says: In these wounds, aches, pains, sores, etc., it is the most effective remedy we know of. No family should be without a bottle of it for a single hour.

From the Cincinnati Dispatch: We have seen its magic effects, and know it to be a good article.

From R. W. Potter, U. S. Consul at Crete, Rhodes, Greece: For forty years of use, I am satisfied it is positively efficient as a healing remedy for wounds, bruises, cuts, etc.

W. W. Sharper, Valdosta, Ga., says: It is a panacea for all bruises and burns. From R. W. Adams, Esq., Me.: It gave me immediate relief.

R. Lewis says: In forty years' use it never has failed me. W. W. Lum, Nicholville, N. Y., says: I use your Pain Killer frequently. It relieves pain and soreness, and heals wounds like magic.

J. W. Dea says: For scalds and burns it has no equal. PERRY DAVIS' PAIN KILLER is not a new untried remedy. For forty years it has been in constant use, and those who have used it the longest are the best friends. Its success is entirely because of its merit. Since the Pain Killer was first introduced, hundreds have been cured of their troubles, and while to-day this medicine is more extensively used and more highly valued than ever before, every family should have a bottle ready for use. Much pain and heavy doctors' bills may often be saved by prompt application of the Pain Killer. Unlike most medicines, it is perfectly safe even in the hands of a child. Try it once thoroughly, and it will prove its value. Your druggist has it at 25c, 50c, and \$1.00 per bottle. PERRY DAVIS & SON, Proprietors, Providence, R. I.

STATE NEWS.

Greensboro Bugle: Wyatt Bowman, of Winston, was stricken with paralysis, on Sunday night last, and now lies in a critical condition.

J. W. Payne has been informed that his brother Geo. C. Payne, of Brownsville, Mo., was killed in the cyclone of last week, which destroyed that town.

Col. J. T. Morehead has on exhibition a bunch of wheat, product of one grain, which has fifty three heads, and is thirty six inches high. He also has oats—new heading—which are forty inches high.

A number of discharges were made on the Richmond and Danville railroad last week. Mostly the extra force employed during the heavy freighting of the past two months.

Newbern Nutseller: Good dwelling houses are in great demand and command a high price.

Strawberries are plentiful in the city now and selling at 5 cents per basket.

Six small schooners were lying at the foot of Brinson's wharf Saturday waiting to unload oysters for Blair's canning establishment.

Wilmington Star: Charles King, colored, sentenced at the last term of the Criminal Court to confinement for two years in the County Poor House, for larceny, made his escape on Saturday night last and is still at large. Superintendent Savage offers a reward of \$10 for his capture.

"The Masonic Grand Chapter of the State will meet in Wilmington May 30. The delegates, who are expected to bring their families with them, will be the guests during their stay in Wilmington of Concord chapter No. 1, and a round of festivities has been agreed upon, including an excursion down the river and a big dinner at Mr. Perry's new Smithville hotel, which is promised to be ready for the reception of guests on the 1st of June, the very day of their expected visit.

Raleigh News and Observer: The Right Worthy Grand Lodge of the Independent Order of Odd Fellows will meet in Wilmington May 30th, which falls on Tuesday, being the first time this important body has met in Wilmington since 1857.

We regret very much to learn of the loss of the Bonitz Hotel, at Goldsboro, by fire yesterday.

Oxford Thoroughbred: We are glad to learn from the Oxford case, of a narrow gauge road from Petersburg to Oxford is now in contemplation and eliciting some interest and attention.

The beautiful and splendid residence of Dr. Wilkins, that passengers so often look out and see upon one of the commanding hills across the river from Gaston Depot, was accidentally burned last week.

A GEORGIA MINE.

Which Would Create a Craze in California.

Georgia people do not know and do not appreciate Georgia mines. M. Sanford Cohen returned last evening from Magruder Mine in Wilkes county owned by Maj. Geo. T. Jackson of Augusta, and he says that if the mine of Magruder was taken from a California mine it would run California crazy and sell the mine for millions. Mr. Cohen lived for several years in California and is well acquainted with Western mines. He has made a specialty of this business and he pronounces some new specimens taken from Magruder mine as fine as the country can show.

A new vein has been opened at this mine, and while remarkable silver ore has been developed, it is of the richest quality. Specimens of gold ore are taken from the mine. Our people ought certainly to look into this shaft.

Republican Virtue.

In commenting upon the charge, of Judge Bond in the Eaton case, we mentioned the fact that in the first trial for a violation of the election laws in South Carolina the accused were Republicans, and "the Republican party was then in the ascendancy," we called attention to the real motive of the prosecution at that time—a quarrel of the Republican factions, between Bowen, the friend of the district attorney, on the one side, and DeLarge, belonging to the other side.

In the case of Gleaves, Judge Bond announced that, unless the government consented to a *not pros.*, a new trial would be granted. This was done, and Gleaves, colored, was at the next election made Lieutenant-Governor, and remained in office until the downfall of the corrupt government in 1878. Langley, black, and Williams, white, so far from being sent to the "penitentiary," were sent to Columbia, where they were kept in nominal confinement. Williams was taken into the family of the jailer, and notoriously, was treated more as assistant jailer than as a criminal. Both Langley and Williams were pardoned by President Grant before the expiration of their sentences. Langley was almost immediately appointed Auditor of Beaufort county, and continued so until removed by Hampton. Williams was shortly afterwards elected Independent of the town of Beaufort, and was Intendant of the only Republican town in South Carolina at the time of his death, a year or so ago.

Wanted for False Representation and Forgery.

LYNCHBURG, Va., April 26.—At the instigation of H. Evans & Co., of Cincinnati, and Messrs. R. T. Lacy & Co., tobaccoists, of Lynchburg, Va., the authorities in several places have been instructed to arrest W. N. Glass, formerly merchandise broker, of Little Rock, Ark., as Glass has falsely represented himself to be a member of the firm of Lacy & Co., and on the 17th inst. forged their name to a draft and obtained money on it from Mrs. Green, of Jackson, Miss.

Indians Burn an Arizona Town and Massacre Thirty-Five White People.

SAN FRANCISCO, April 26.—A dispatch from Shakespear, N. M., dated yesterday, says a telegram just received from the operator at Stern's Pass, reports the town of Guaymasville, in Arizona, just over the New Mexico line, burned and completely destroyed this afternoon by Indians. Thirty-five white people were killed. The Indians are scattering into small bands and making for Chiricahua mountains. Col. Forsyth with his entire command is in pursuit.

Things Worth Knowing.

1. That fish may be scaled much easier by dipping into boiling water about a minute.

2. That fish may as well be scaled, if desired, before packing down in salt; though in this case, do not scald them.

3. That salt fish are quickest and best freshened by soaking in sour milk.

4. That milk which is turned or changed may be sweetened and rendered fit for use again by stirring in a little soda.

5. That salt will curdle new milk, hence in preparing milk porridge, gravies, etc., the salt should not be added until the dish is prepared.

6. That fresh meat, after beginning to sour, will sweeten if placed out of doors in the cool over night.

7. That clear boiling water will remove tea stains and many fruit stains. Pour the water through the stain, and thus prevent its spreading over the fabric.

8. That ripe tomatoes will remove ink and other stains from white cloth; also from the hands.

9. That a teaspoonful of turpentine boiled with your white clothes will aid the whitening process.

10. That the addition of a little sperm or a little salt, or both, or a little gum arabic dissolved.

11. That beeswax and salt will make your rusty flat irons as clean and smooth as glass. Tie a lump of wax in a woolen rag and scrub with it. When the irons are hot, rub them first with the wax rag, then scour with a paper or cloth sprinkled with salt.

12. That blue ointment and kerosene, mixed in equal proportions, and applied to bedsteads, is an unfailing bedbug remedy; and that a coat of white wash is ditto for the walls of a log house.

13. That kerosene will soften boots or shoes which have been hardened by water, and render them as pliable as new.

14. That kerosene will make tin tea kettles as bright as new. Saturate a woolen rag and scrub with it. It will also remove stains from clean varnished furniture.

15. That clean rain water and soda will remove machine grease from washable fabrics.

A Strange Phenomenon.

Raleigh News and Observer.

In a private letter from Judge Gilliam dated at Waynesville, he says: "A curious fact has been related to me. They say that if cattle be brought from south of this, from Richland county or any other in South Carolina, to this place, the cattle here, which come in contact with the cattle thus brought are soon taken with a distemper of which they almost invariably die, while the cattle brought here suffer from no disease. It is further said that if cattle are brought here from Transylvania or Bancombe, they also invariably die, while the cattle which come in contact with them are in no way diseased before or after the contact. The section so affected is small in area, and seems to be, so to speak, moving."

A Costly Wife.

The wife of Lieutenant-Governor Tabor a Colorado millionaire, has brought suit for separate maintenance, infidelity on the part of the husband being charged. Mrs. Tabor claims she is awarded the fine house on Broadway, Denver, which she now lives in, and that it be set apart for her exclusive use. It is the finest residence in Colorado, and it is valued at \$150,000. She furthermore asks for \$50,000 per year for her maintenance, alleging that her husband is worth between \$7,000,000 and \$8,000,000. It is stated that if Mrs. Tabor will sue for divorce the suit will be allowed to go by default, and she will give her the Broadway house and \$3,000,000 outright, but she will not consent to a divorce.

Lynch Gets an Offer.

Washington Star.

A prominent ex-Confederate officer, now residing in Washington, started out the other evening to find a man-servant. He met a pretty good-looking colored man and asked him if he could recommend a good servant. The colored man referred to the court and said: "What are you engaged at?"

"I am not doing anything just now," he replied. "I am waiting to be engaged in Congress in a few days. My name is Lynch, and I am contesting the seat of Gen. Chalmers."

Good and Bad Culture.

A South Carolina farmer, writing to the Columbia Register, demonstrates the difference of good and bad culture by showing that on land of the same fertility, an intelligent farmer raised 50 bushels of corn to the acre, while a thrifty man raised only 5. This richland farmer says in conclusion: "I have never bought any corn or hay since the war, but have always enough at a cost never exceeding twenty cents per bushel. As to long forage, or roughness, the only difficulty with me has been how to consume the accumulations on my hands." Such a farmer is worth more to the South than a Congressman-at-large.

Native Mineral Water!!

ROCKBRIDGE (VA.) ALUM WATER —CURES— Dyspepsia, Indigestion, Torpid Liver, Chronic Diarrhoea and Dysentery, Skin Diseases, Rheumatism, etc.

It is a powerful Alternative Tonic and is ANTI-MALARIAL in its effects. Read certificates from eminent physicians in our pamphlet.

[From Andrew's American Queen.]

CLEOPATRA

OR THE QUEEN OF SHEBA'S BEAUTY

WAS BUT SKIN DEEP.

The renowned Queen of Sheba, with all her royal pomp, magnificent apparel, and brilliant retinue, would never have appeared within the presence of the greatest of the monarchs of the past, had she not also possessed that which it is the crowning glory of the female person—skin unblemished for its original softness and its almost translucent purity. Cleopatra, the Egyptian empress at bay, and ruling empires by her wiles, had quickly lost her charm and power by one attack of blotches or pimples, or of horrid tan and freckles.

WOMAN RULES THE WORLD by her beauty, not less than by her purity of character, loveliness of disposition and unselfish devotion. Indeed, in the estimation of perhaps two men beauty in a body takes precedence over every other consideration. Beauty thus forms an important part of woman's "working capital," without which too many, if not bankrupt in what relates to influence within the circle where they move, are powerless for great good. Hence we see not only the propriety but the duty of every lady preserving in as cautious care that which to her is essential to success, and influence, and usefulness in life. And, since "beauty is but skin deep," the utmost care and vigilance are required to guard it against the many ills that flesh is heir to. Among the great and annoying enemies of beauty,

OF EITHER SEX, as well as of comfort, happiness and health, are those pestiferous and horrid skin diseases—tellers, humors, eczema, (salt rheum), rough and scaly eruptions, lice, pimples, and all diseases of the hair and scalp. For the cure of all these, Dr. C. W. Benson, of Baltimore, after years of patient study and investigation devoted to diseases of the skin, has already by his celebrated SKIN CURE, which has already by its marvelous cures, established itself as a great remedy for all diseases of the skin, whatever be their names or character. Its success has been immense and unparalleled. All druggists have it. It is elegantly put up, two bottles in one p. e. age. Internal and external treatment. Price \$1.00.

EVERY ONE PAIRS. Dr. C. W. Benson, of Baltimore, has a new and improved skin cure, which he has already by its marvelous cures, established itself as a great remedy for all diseases of the skin, whatever be their names or character. Its success has been immense and unparalleled. All druggists have it. It is elegantly put up, two bottles in one p. e. age. Internal and external treatment. Price \$1.00.

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.,

Woman can sympathize with Woman.

For all these Painful Complaints and Weaknesses as common to our fairer population, it will cure entirely the most form of Female Complaint, all ovarian troubles, inflammation and Ulceration, Falling and Displacements, and the consequent Spinal Weakness, and is particularly adapted to the Change of Life.

It will dissolve and expel tumors from the uterus in an early stage of development. The tendency to cancerous humors there is checked very speedily by its use. It removes flatulency, restores the appetite, relieves all craving for stimulants, and relieves weakness of the stomach. It cures Bleeding, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion.

That feeling of bearing down, cutting pain, weight and backache is always permanently cured by its use. It will at all times and under all circumstances act in harmony with the laws that govern the female system. For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND prepared at 23 and 25 Western Avenue, Lynn, Mass. Price 50 cents per bottle. Sent by mail on receipt of price, \$1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlet. Address as above. Ladies use this.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box. Sold by all Druggists.

TUTT'S PILLS

A DISORDERED LIVER IS THE BANE OF THE

Of the present time, and its attendant, RICK-HEADACHE, BRUISEMENTS, DYSPEPSIA, CONSTIPATION, PILES, etc., that TUTT'S PILLS have gained a world-wide reputation. No remedy has ever been discovered that acts so gently on the digestive organs, giving them vigor to assimilate food. As a natural result, the Nervous System is strengthened, the Humors are developed, and the Body Robust.

Chills and Fever.

A RIVAL to Plaster of Paris, Dr. J. C. Rival, a chemist at Bayon, France, has discovered a new and improved plaster of Paris, which he has called "Rival's Plaster." It is a white, soft, and pliable material, which can be used for all the purposes for which plaster of Paris is used. It is sold by all druggists.
