HOME CHIPLETS. Yesterday being Whit-Monday, and to-day decoration day there will be no market reports until Wednesday. The storm of wind and rain last Sunday evening, did a heap of mischief to the farmers, in beating down the standing grain. Many fields will have to be mowed, the grain lying too fit to allow reaping. A meeting of the new reel company, the Harrison Watts No. 4, was held last night, and the Rev. J. A. Taylor was unanimously elected chaplain of the company. The police will soon have an auction sale of crockery ware, in the shape of a large and varied assortment of bottles, the confiscated property of the numerous drunks who have run in to the guard house lately. The livery stables were thinned out last night to furnish teams for the moonlight picnic party. They went to the house of the Rev. H. B. Parks, near Sugar Creek and had the best sort of a time. The steam shovel of the Carolina Central road, passed by here last night from Ames station, for the trestles near Lincolnton, and will be put to work filling them up. The Indian Creek trestle, where the horrible accident of 1880 occurred, will be among the trestles filled. Mr. Jas. C. Jenkins, son of ex-State Treasurer Jenkins, and who is well known in Charlotte, was married in Atlanta, on Wednesday of last week, to Miss Sue M. Scruggs, eldest daughter of Hon. W. L. Scruggs, present U. S. Minister to the United States of Columbia. Yesterday evening Dr. J. H. McAden, Dr. F. H. Glover, Mr. E. H. White, Mr. H. G. Springs, Col. A. J. Blair, Col. Chas. R. Jones and several others, left on the Wilmington bound train to attend the Grand Chapter of the Royal Arch Masons, which meets at that place to-day. Apple Dumping Eating Match. The man who originated the old saw "there's nothing new under the sun," did not live long enough, or he would have rendered it "there's everything new under the sun." The Literary and Debating club, at the close of their ice cream and strawberry festival next Friday night, will present ten boys with a dumping each and the boy who eats his first will be presented with a silver dollar. Should there be any of the gentler sex who wish to try it, a chance will be given them after the boys have done. The ladies are requested to meet at the rooms of the association Wednesday evening at 5 o'clock. To Davidson College on the Bicycle. Last Sunday Messrs. Gilmer and Pharr, two of the best bicyclists in the Charlotte club, mounted their iron steeds and put out for a spin through the country road to Davidson College. The distance is 22 miles and they made it in one hour and forty-eight minutes, and considering the fact that the road is heavy in many places and there were hills to pull over, this is good time. It is freight train schedule. On the railway, they were caught in the rain and had to leave their machines at a house along the road, making the balance of their journey home in a buggy. The "Bad" Gets off for \$20-Other Fines. Yesterday morning when the court opened his court, Uncle Jonathan, familiarly known as the "Bad Providence," was brought up from him. After enquiring into his case the mayor settled one fine of \$10 and costs upon him for using the streets as a race course, and \$6 and costs for being drunk and disorderly. The whole footed up \$20 and Uncle Jonathan was glad to get off so light, assuring the mayor by the most holy oaths that if he was not put in the chain gang this time, he would not come back to Charlotte again until after his crops are laid by. He engaged one of the policemen to act as his agent here in town, to whom he intrusted all his business and who will send him out regular supplies. Uncle Jonathan has bade us farewell and the next time he comes to town it will be in the fall and he will come in riding on a bale of cotton. The following cases were disposed of at \$2.50 fine and costs each, for being drunk and disorderly on the streets: Mark Alexander, Wm. Sprowls and R. F. Howard. Hotel Arrivals Yesterday. CHARLOTTE HOTEL.-C. R. Owens, Miss Mary Madison, Salisbury, N. C.; D. K. F. Everett, G. W. Moring, J. H. Trimble, Chas. Seel, C. C. R. A.; C. T. Welsh, Rockingham, N. C.; E. Wood, Hamlet, N. C.; J. H. Denck, Columbia, S. C.; L. C. Robinson, R. & D. R.; W. L. Wheeler, Virginia; J. M. Lineberger, Lowell, N. C.; B. F. Greer, Pineville; W. E. Williamson, Vance, S. C.; W. N. Alexander, S. H. CITY MATTERS. Special Meeting of the Board of Aldermen.-Taking Steps to Repair Johnstone's Lane.-The Cemetery, and Sanitary Policeman. A special meeting of the board of aldermen was held yesterday evening, all the members being present. The mayor stated that he had called the board together to see what is going to be done about Colonel Wm. Johnston's boundary line, on Fourth and Tryon streets, Colonel Johnston and the street committee having failed to agree. Mr. A. S. Caldwell and T. J. Orr, civil engineer and county surveyor, laid a report of their survey before the board. The following action was taken in regard to the matter. WHEREAS, The street committee appointed by the board of aldermen to fix, determine and agree upon the line of Fourth street from the Dryade street bridge, along Wm. Johnston's line, are unable to settle and agree with Colonel Johnston in the matter; and WHEREAS, We are anxious to avoid litigation in the matter; Resolved, That the street committee be instructed to sign an agreement to submit the matter in dispute to arbitration, the said street committee to select one arbitrator and Wm. Johnston one, and these two to select a third; who shall have authority to appoint a competent engineer to make any measurements they may desire. To which board of arbitrators the parties in dispute shall submit all deeds, papers and other evidence they may deem proper. Each party is to be represented by counsel if they deem it necessary. Before said arbitrators are appointed the street committee for the city of Charlotte and Wm. Johnston shall sign an obligation to submit the matter in dispute to arbitration, and Wm. Johnston shall himself to abide by the award they shall render. Each party to pay half the expense of arbitrating and settling the matter. In case Wm. Johnston refuses to submit the matter to arbitration as proposed, the street committee is instructed to employ counsel and upon the advice of such counsel institute suit against Wm. Johnston as the counsel may advise. Alderman Wilkes, for the cemetery committee, recommended the purchasing of 50 or 60 acres of land as an enlargement to the city cemeteries, from J. P. Erwin, with instructions to contract with the owner for same, subject to ratification by the board. Alderman Schenck offered this amendment: Resolved, That the cemetery committee be authorized to ascertain the price at which the purchase of additional lands adjoining the cemetery can be made. Subject to the ratification of the board of aldermen. Schenck's amendment was adopted by the following vote: Ayes, Scott, Miller, Frazier, Long, Smith, Allison, Schenck, No. Walker, Adams, Wilkes, Hutchinson, Osborne. Alderman Wilkes moved to strike out the word "cemetery," and substitute "special" committee of three. Lost. Alderman Schenck moved to go into the election of sanitary policeman, and the following names were put in nomination: S. N. Jamison, J. R. Rooke, Wm. Plummer, W. Hagler, and Green Henderson. Several ballots were had unsuccessfully, motions to postpone to next meeting and to adjourn being made in the meantime and lost. The chief of police stated that he had detailed a policeman to discharge this duty, as ordered, and who was now discharging that duty satisfactorily. On the motion being made to postpone the election to next meeting it was adopted, and the board adjourned. Alderman Wilkes, who had been called to the chair temporarily, dropping the gavel. Fright Predictions. All who are interested in what sort of weather we are to have next fall, may prepare for a severe autumn, if they have any faith in Vennor, and this doughty prophet has been picking up a great number of believers lately. He says that "the general outlook for the weather of the summer season in southern and southwestern sections is improving, owing to the continuance of very windy weather in northern and western sections of Canada and the United States. But a "windy spring makes a severe autumn," therefore the outlook for the autumn of 1882 is increasing "in severity." My theory of "weather relationships" is working just now in a telling manner all over the Northern hemisphere, and I feel much greater confidence in predicting the periods of the more marked disturbances. Hence, I herewith reiterate my previous statements respecting "a very cold and stormy autumn" and heavy setting in of extreme severity, with early snowfalls, this reaching to remote southerly points. We are likely to experience one of the coldest periods in a long term of years during the early part of the winter of 1882-'83, but the cold will come in a lump, and the latter half of the winter is likely to be mild and open, with an advanced spring."

NORTH CAROLINA COLLEGE. Meeting of the Board of Directors.-Degrees Conferred.-College Affairs. The board of directors of the North Carolina College, met at the call of the chairman, on the 23rd inst., and on calling the roll the following members answered: Revs. S. Rothrock, S. T. Hallman, R. W. Pettes, Dr. L. A. Bikle and G. D. Bernheim, Maj. L. G. Hellig, D. R. Hoover, G. E. Ritchie, Dennis Barrier and C. McAllister. Rev. T. H. Strohecker came forward and was qualified as a member of the board. The minutes of the last meeting were read for information and corrected. This being the time for the re-organization of the board an election was held and resulted as follows: President, Rev. S. Rothrock; vice-president, Maj. L. G. Hellig; secretary, H. C. McAllister. The financial condition of the College was then discussed and it was, on motion of Rev. Strohecker Resolved, That the president of the board of trustees appoint a committee of three to address a letter to each and all of the clergy of the North Carolina Synod, giving a true statement of the condition and requirements of the College. The president appointed the following as the committee: Rev. T. H. Strohecker, chairman, Rev. Dr. L. A. Bikle and Rev. Dr. G. D. Bernheim. Dr. Bernheim reported that Prof. H. T. J. Ludwick had accepted the chair of Mathematics, and C. G. Hellig the position of Tutor of the College, and suggested the name of Rev. H. Dysinger as Professor of Languages, and on motion Dr. Bikle was authorized to cast the unanimous vote of the board for Rev. H. Dysinger. On motion of Dr. Bikle the degree of D. D. was conferred upon the Rev. S. L. Harkey, of Pennsylvania, Rev. Jacob Hawkins, of South Carolina, and Rev. C. F. Banchener, of Florida. Also on the recommendation of the Faculty the degree of A. M. was conferred on L. W. Barrier, Dr. C. A. Misenheimer and Dr. S. J. Welsh, of the class of 1879. On motion the Faculty have permission to use two rooms of the wing building for Stuart's Hall. On motion of Rev. T. H. Strohecker the board received the College buildings from the outgoing Faculty without holding them responsible for any repairs to the same. Resolved, That Dr. Bernheim be authorized and requested to collect money and put the College buildings in a comfortable condition. Resolved, That H. C. McAllister, Maj. L. G. Hellig and Dr. Bernheim be a committee to settle with the outgoing Faculty. On motion the secretary was ordered to furnish each member of the board with a copy of the charter and constitution. On motion of Rev. T. H. Strohecker the secretary was ordered to publish the action of the board in regard to Mr. Mamer in Our Church Paper and Lutheran Visitor. Also a copy of the proceedings of the present meeting. Adjourned to meet the first Wednesday in October. Burglars at Work. After a brief season of rest it would seem that the old enemies of Charlotte-the burglars-have gone to work again. Saturday night one store was entered and robbed and an attempt was made to rob another. The store of Messrs. Sifford & Freeland was entered some time during Saturday night and a good wagon load of provisions, composed of four sacks of flour, a number of hams and brooms, together with all the cash to be found in the money drawer, was carried away. There was only a couple of dollars in the drawer, but the thieves scraped up every copper of it. Perhaps other things were stolen, but the firm has not missed anything else yet. The entrance was made at the back window, the shutter being prized open with a big piece of iron. The burglars then crawled into the room through a broken pane of glass. That there was more than one, circumstances plainly show. An attempt was made the same night to enter the store of T. L. Seigle & Co. through the back window. The shutter was broken open, but the formidable looking iron grating that they encountered balked them and they went away unsuccessful. If this thing of burglary the stores is to open up again in Charlotte, and indeed it appears to be that way, our merchants should have their premises carefully guarded against raids. One or two loads of buckshot, judiciously injected, will be found to have a wonderfully cooling effect on future operations. A Gold Mine in Edgefield. Edgefield S. C. Chronicle. About four years ago a boy while crossing a field belonging to Mr. B. W. Timmerman, who lives only two miles from Pleasant Lane, picked up what he supposed to be a piece of brass. He showed it to Mr. Timmerman, and asked him what it was. Mr. Timmerman, told the boy that he did not know, but that he (the boy) might have it. It afterwards proved to be a solid piece of gold in its natural state and the boy sold it for forty dollars. There was considerable excitement about it at the time and some prospecting was done. The circumstance was almost forgotten however until Monday of last week when Mr. Timmerman plowed up another gold nugget weighing about five or six ounces, and worth probably \$150. Death of an American Genealogist. LONDON, May 29.-Col. Joseph Lemuel Chester, American genealogist is dead.

While Other "Folks" are Now Sowing WE ARE ALREADY BUSY MOWING! While a Good Many Merchants are now Arranging the TWO PURCHASES THIS SEASON, WE HAVE ALMOST COMPLETELY DISPOSED OF OUR Mr. BARUCH.
