STRONG FACTS!

A great many people are asking what particular troubles BROWN'S IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drive but all disease.

A Lady Gured of Rheumatism. Baltimore, Md., May 7, 1880. My health was much shattered by Rheumatism when I commence taking Brown's Iron Bitters, and scarcely had strength enough to at-tend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all. I cannot say too much in praise of it. Mrs. MARY E. HRASHEAR, 173 Prestmanst.

Kidney Disease Cured.

Christiansburg, Va., 1881. Suffering from kidney disease, from which I could get no relief, I tried Brown's from Bitters, which tured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to est child. be able to eat at all. I gave him Iron Bitters with the happiest results.

Heart Disease.

T Disease. Vine St., Harrisburg, Pa. Dec. 2, 1881. After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bos-tles and never found anything that gave me so much relief. Mrs. JENNIE HESS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it. 81

esterday received a letter from Thos Faucett, of Milville, Miss., enquiring about some rust proof wheat which he had seen exhibited at the Atlanta Exposition and wanting to get ten bushels of it. He says that they are raising rust proof oats down there with the greatest success, but rust proof wheat is unknown and he wants to introduce it. The wheat he speaks of having seen at the Exposition was sent there

by Capt. Jno. Wadsworth, of this city.

Conventions To-Day.

There will be two conventions of the Democratic voters of Mecklenburg county in the court house to day. The first to assemble will be the primary convention for the third and fourth wards of the city, and it is called to meet at 10 o'clock, a. m. At 12 oclock the county convention to nominate delegates to the State and Judicial conventions, will convene. From what we can hear, the delegates will be instructed to vote for Bennett for Congressman at large, Shipp for judge, and Grier for solicitor.

The nominating convention for the Sixth judicial district will meet in the court house in Charlotte, on Wednesdaynext, 28th inst.

Proposed Graded School Building.

The Graded School commissioners are discussing the propriety of purchasing the large building on the corner of Tryon and Sixth streets, and better known as the "old jail," for the Graded School which is to commence next September. The building can be made to suit the purpose admirably with a few changes. After the matter has been decided it is probable that an effort will be made to raise a part of the purchase money by private contributions, and in that event the proprietor of THE OB-SERVER, besides contributing to the fund will undertake to interest the people of Charlotte generally in the matter. The question will not be decided until the arrival of Professor Mitchell, the new superintendent, and the inspection of the location by him.

Moonshiners in Randolph.

The Ashboro Courier says that the OBSERVER'S report of the capture of illicit distillers in Randolph is not correct, and characterizes it as a slander upon the good people of that county. Capt. James W. Ballard, who captured the stills and stood the fire of the moonshiners gave the OBSERVER the facts in the matter. We cannot understand why the publication of the facts should so harrow Brother Bradshaw's feelings, unless it is because the OB-

subject of general remark. It was the best behaved crowd that has ever assembled in this place. There was no drinking and not the first sign of any boisterousness.

The Jug Breaking.

Oates' hall presented an animated scene last night, the occasion being the jug breaking. For several months the Gleaners have been going around with

small stone jugs, soliciting nickles and dimes for the new Baptist church building, and yesterday all the jugs were collected and it was the ceremony of breaking them and counting out their

cotents which was celebrated last night. The large hall was fairly crowded and at 9 o'clock, the programme was opened with the "Cross Exercise," by the infant class. It was very well executed and was received with great favor by the audience.

The Song, "Where hast thou gleaned," was rendered by Misses Minnie Wriston, Rosa Franklin, Nora Gleason and Laura Nazarenus. This was followed by an exquisite solo, "Ruby," by Miss Minnie Wriston.

Miss Fannie McRae and Mr. George Jordan sang a duette, "Oh, Could I Teach the Nightingale.'

The recitation "First Settler's Story," by Miss Lula Liddell, was well delivered and was decidedly entertaining. This was followed with the "Jug Song," by the Gleaner's society, and after this the jugs were broken. While the committee were breaking the jugs and counting out the change, the crowd fell upon the ice cream, cake and other good things arranged by the ladies. When all the jugs had been broken, Rev. O. F. Gregory announced that the combined collections amounted to \$99. It looked bad to see it come so near the coveted hundred and yet

fall short, and the deficit of \$1 was instantly made up. The proceeds from the sale of cake and cream amounted to about \$75 more. So the jug breaking was really a substantial affair for the church.

Resolutions by the Fire Department.

At a meeting of the Charlotte Fire Department, held Thursday night, the following resolutions were unanimously adopted :

WHEREAS, The fire department of the city of Charlotte, being composed entirely of volunteer organizations, recognize with pleasure and experience much encouragement from manifestations of sympathy and interest by our citizens, and embrace the occasion afforded by this united assemblage of the Hornets, the Pioneers and the Independent companies to express their ac-
