NORTH CAROLINA CONSTRUCTION BONDS.

The Settlement of the Bonds of the

State issued for the Purchase of Stock

in the North Carolina Railroad.

RALEIGH, N. C., June 14, 1882.

His Excellency Thomas J. Jarvis, Governor

of North Carolina:

SIR: The undersigned, appointed commis-

sioners "to adjust and renew a por-

tion of the State debt," by the act of

1879, chapter 128, have the honor to

submit to your consideration, and that of the

Treasurer of the State, the accompanying

agreement entered into between them

and those of the former named as

Railroad whose names are signed thereto.

In its essential principles this agree-

ment does not differ from that formerly

submitted to you, and by which the

last General Assembly, in the year

1879, authorized the purchase of

stock of the North Carolina Railroad

Company, and the issue of bonds

to the amount of \$2,000,000, for the

purpose of purchasing the same.

The principal of the bonds so

issued, and the interest thereon, are

to be paid out of the dividends

of the North Carolina Railroad

Company, and the interest thereon

is to be paid out of the surplus

of the same, after the payment

of the principal of the bonds.

The agreement provides that the

dividends of the North Carolina

Railroad Company, for the year

1881, shall be paid to the

holders of the bonds, and that

the interest on the bonds shall

be paid out of the surplus of the

same, after the payment of the

principal of the bonds.

The agreement provides that the

dividends of the North Carolina

commissioners, with coupons attached

thereto, falling due on the first day

of July, 1878, or the first day of

October, 1878, as the case may be,

and all coupons falling due subsequent

to that date, in case any said coupons

have been detached from said bonds

and are not delivered therewith, the

amount of such detached coupons shall

be noted on the certificates of the

commissioners, and shall be paid to

the holders of the bonds, and the

amount of such coupons, in exchange

therefor, whenever the same shall be

presented, and the balance due on

coupons not so paid, shall be paid

out of the balance of dividends

of the North Carolina Railroad

Company, and the interest thereon

shall be paid out of the surplus

of the same, after the payment

of the principal of the bonds.

The Statistics of Illiteracy.

WASHINGTON, June 23.—The statis-

tics of illiteracy of the voting popu-

lation of the United States are attract-

ing much attention throughout the

country, and are believed to result in

some action by Congress designed to

cure this great and glaring evil.

The following petition, signed by the

Governor and other State officers of

Massachusetts, and signed by the

Legislature and leading citizens of that

State, has been laid before the two

houses of Congress:

"We, citizens of the State of Massa-

chusetts, implore you with the danger

threatening our republic because of the

appalling illiteracy of the voting popu-

lation as revealed in the last census for

the enlightenment of which many of

the States are unable to make adequate

provision, and believing it to be the

constitutional duty of Congress to

provide for the safety of the republic

no less in time of peace than in time

of war, and that the enfranchisement

of the freedmen imposes an obligation

upon the government to qualify them

for the safe discharge of the duties

with which they are charged, do earnestly

pray that our representatives in Con-

gress assembled will take prompt and

efficient measures to avert this danger:

That moneys raised from such sources

as Congress may in its wisdom deem

best for the purpose, be appropriated

to the common schools of the States

and Territories, in such manner

as shall not supersede or interfere

with other sources of aid, and that

such moneys be used to secure

its application to this object with

equal justice to all classes of citizens."
