He had said he would not be taken alive and was prepared to de dirty work. alive and was prepared to do dirty work but officer Carr, with true detective instincts, gave the thief a little surprise before he could get to his fire arms and bowie knife. A fine breeck-loading shot gun was found in the house in which Johnson was arrested. The gun has been identified as the one stolen from Masters George C. Worth and Frank Huggins, near Greenfield mill-pond, several months ago.

Salisbury Watchman: Rev. Mr. Murdoch has entered on his 11th year as pastor of the Episcopalian church.

It is intended to make an exhibit of ores from Rowan county, at the Denver. Colorado, Mining Exposition. This will be the grand event of 1882—the exposition opens August 1st, and closes September 31st. Those who desire to show their minerals will confer with J. J. Newman, Dutch Mine, or to T. K. Bruner, at Watchman office, at once. We regret to learn that a difficulty

occurred yesterday between Green Cauble and Burrell Brown, in which the former sustained serious damage. Cauble is a one-eyed man, and as is too common with him, was under the influence of liquor. He received a blow from Brown with a stick which it is thought destroyed the one good eye, rendering him totally blind.

The Democratic Platform. The following is the platform adopted by the Democratic convention at | The legislature would of course redis-

Raleigh on the 5th inst,: We congratulate the people of North Carolina on the era of peace, prosperity and good government which has been unbroken since the incoming of a Democratic State administration; upon the pure and impartial administration of justice and the honest enforcement of the laws; upon the efficiency of our common school system and great advance made in education, and the general improvement and enterprise manifested in every part of the State, and we pledge ourselves to exert all efforts to advance the material interests of all sections of the State in the future as we have done in the past. And we chal-lenge a comparison between a Democratic administration of our State affairs and the crimes, outrages and scandals that accompanied Republican misrule. Affirming our adherence to Democratic principles, as defined in the platform adopted by the National Democratic Convention, held at Cincinnati in 1880: Resolved, That we regard a free and fair expression of the public will at the ballot-box as the only sure means of preserving our free American institutions, and we denounce the Republican party and the interference of its federal officials for their gross frauds upon the elective franchise, whereby whole districts, States and the Union have been deprived of their just political rights; and we believe the corrupt and corrupting use of federal patronage, and of public money drawn by taxation from the people, in influencing and control-ing elections, to be dangerous to the liberties of the State and the Union. Resolved. That we are in favor of the

entire and immediate abolition of the internal revenue system, with its attendant corruptions, and that we denounce the present tariff laws as grossly unequal, unjust and vicious. We favor such a revision of the tariff as will produce a revenue sufficient for the economical support of the government, with such incidental protection as will give to domestic manufactures a fair competition with those of foreign production. That there should be an immediate repeal of all laws imposing a direct tax for the support of the gov-ernment of the United States, but if it should prove impracticable to abolish the internal revenue system with all its attending demoralization, fraud and corruption, then we urge upon our Senators and Representatives in Congress the importance of so amending the law that the revenue officers who now re-ceive in salaries in North Carolina alone

more than \$500,000 shall be elected by the people of the localities to which they are assigned.

Resolved, That the course of the Democratic party since its accession to power in North Carolina in furtherance of popular education is a sufficient guaranty that we earnestly favor the education of all classes of our people, and that we will advocate any legislation looking to an increase of the fund for that purpose that will not materially increase the present burdens of our

Resolved, That the question of prohibition is not now, and never has been, a party question in North Carolina, and never been endorsed by the Democratic party, and the people of the State at the general election, in the year 1881, having by an overwhelming majority voted against prohibition, and the Supreme Court having decided that the prohibi-tion act is not and never has been a law, we regard the matter as finally settled, and any attempt to renew the agitation is merely a weak effort of designing persons to divert the minds of the people from the dangerous principles and corrupt practices of the Re-

publican party.

Resolved, That while we are not wedded to any particular form of county government, we recognize the fact that a large part of the taxes of the State are paid for the common benefit by the white people of our eastern counties, and that we consider it the bounden duty of the white men of the State to protect these people from the oppressive domination of ignorant blacks, and pleage ourselves to such legislation as

will secure this end. And whereas it is seriously suggested that a vigorous effort will soon be made to compel the State, by judicial proceedings, to pay the fraudulent and unlawful special tax bonds, amounting to \$22,000,000, issued under legislation passed by the Republican Legislature in 1868 and 1867; therefore,

Resolved, further, That the Democratic party will resist such recovery and the payment of such bonds by every lawful means. C. F. & Y. V. Railway.

The Guiteau Autopsy .- A Dispute Among the Doctors.

CHARLOTTE, N. C., SATURDAY, JULY 8, 1882.

Raleigh News and Observer: Mr. T.
B. Kingsbury, editor of the Star, has been constituted an associate member of the American Institute of Philosophy of New York.

We are informed that the rain storm was so severe and heavy Thursday afternoon that the "Shoo Fly" train from Goldsboro was stopped near Clayton and the engine was unable to move the train during the storm. The flashes of lightening were terrific. The cuts along the line were flooded with water to such a degree that the engine was compelled to feel its way slowly. It is feared that the rain storm did the crops along its course much damages.

which provided that the brain of Guiteau should be taken out by Brs. Lamb, Hartigan and Sowers, and taken to the National Museum for final examination by "parties selected by Rev. Dr. Hicks and Col. Corkhill, United States district atterney." Dr. Lamb construes this memorandum as referring solely to the custody of the brain, and he does not recognize Drs. Hartigan and Sowers as officially connected with the autopsy report. They propose, however, to prepare a report giving their observations upon the condition of the brain, but will express no opinion upon the question of Guiteau's sanity. Dr. Hicks says he has seen Dr. Lamb's report and agrees with its conclusions.

Democratic State Convention. Greensboro North State, Rep

The Democrats yesterday, at Raleigh, nominated Judge Ruffin for the Supreme Court and Judge Bennett for Congressman-at-large. Judge Gilmer and other nominees for Superior Court Judges were endorsed.

Judges were endorsed.

There is no disguising the fact that the ticket is about the strongest that could be put in the field. Judges Ruffin and Gilmer are familiary known to everybody in Middle North Carolina, and command the respect and possess the confidence of all our citizens.

Our Superior Court recently decided that no State officer can be lawfully elected whose election is not provided for by statute. In view of the fact that there is no election machinery provided of for electing a Congressman-at-large, ed for electing a Congressman-at-large, it is believed the Governor and council of State will call the legislature to sit in extra session. This, if done, will change the whole political situation.

act; pass some general license law, which would satisfy the anti-prohibit-ion people and satisfy the temperance advocates; and repeal the present county government system. We would then have no political State campaign; the prohibition question would be eliminated, and the question of county government would be settled.

This is the strategic move which we have feared. It is a noteworthy fact that the Democrats have called no con-

trict the State; repeal the prohibition

gressional conventions. Judge Bennett's Resignation.

The following is the resignation of Judge R. T. Bennett:
RALEIGH, N. C., July 5, 1882.

Hon. Thomas J. Jarvis, Governor of

North Carolina. Sir: I have the honor to tender my resignation of the office of Judge of the Superior Court of North Carolina for the fourth judicial district, and ask that you accept it, to take effect on Sat-urday, the 8th current, at 12 m. I regret the necessity of remaining an hour in a judicial office after being nominated to a political one, but I have in hand "appeals" which I have not been able to dispose of in the midst of my engagements, and which my successor can not do. I must finish them

Mrs. Winslow's Soothing Syrup. Rev. Sylvanus Cobb thus writes in the Boston commend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents unknown rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething slegs, on any consideration whatever. -WOMAN,-Better than the Smiles of Kings.

To bring health and happiness to the homes of suffering women is a mission before which royal favor sinks into insignificance. What earthly benefaction can compare with one which protects from "That dire disease whose ruthless power Withers beauty's transfent flower?" which gives ease for pain, joy for sorrow, smiles for tears, the roses of health for the pallor of disease, the light, elastic step for dragging weariness, nights of soft repose for heavy hours of tossing re-tlessness, bounding vigor for larguishing duliness, the swelling lines of full grown beauty for the sharp and withered form of emaciation, a long life of mental, physical, social and domestic enjoyments for a few sad days of pain and gloom, ending in an early grave? Such is the mission, such are the results of Dr J. Bradfield's Female Regulator, which is hence truly and appropriately styled "Woman's Best Friend."

"Whites," and all those irregularities of the womb so destructive to the health, happiness and beauty of women, disappear like magic before a single bottle of this wonderful compound. Physicians prescribe it. Prepared by Dr. J. Bradfield, Atlanta, Ga. Price: trial size, 75c; large size, \$1.50. For sale by all druggists.
