Summer **Complaints**

At this season, various diseases of the bowels are prevalent, and many lives are lost through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhæa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is perfectly safe. Read the following:

Rend the following:

Bainbridge, N. Y., March 22, 1881.

Perry Davis' Pain Killer never fails to afford status relief for cramp and pain in the stomach.

Nicholville, N. Y., Feb. 2, 1881.

The rery best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is sure cure every time.

Moingona, Iowa, March 12, 1881.

I bave used your Pain Killer in severe cases of gramp, colic and cholera morbus, and it gave almost instant relief.

Carnesville, Ga., Feb. 23, 1881.

For twenty years I have used your Pain Killer in my family. Have used it many times for bowel complaints, and it always cures. Would not feel safe without a bottle in the house.

Baco, Me., Jan. 22, 1881.

Have used Perry Davis' Pain Killer for twelve years. It is safe, sure, and reliable. No mother should allow it to be out of the family.

Oneida, N. Y., Feb. 19, 1881.

We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.

Conwayboro, S. C., Feb. 22, 1881.

Nearly every family in this section keeps a bottle in the house.

STATE NEWS.

Durham Plant: A protracted meeting is being held at Mt. Moriah Baptist church, eight miles south-west of Dur-

Deputy Sheriff Farthing came down Monday morning with thirteen prison-ers from Hillsboro jail. There were twelve men and one woman.

We regret to learn of the death of M:s. Tillett, wife of Mr. James W. Tillett, and daughter of our esteemed friend Mr. W. T. Noell. The death of this good woman was sudden and quite unexpected, and falls heavily upon her many relatives. The magistrates met in session Mon-

day at 12 o'clock for the election of a board of county commissioners. A motion to reduce the number from ten to five was voted down, only two voting in favor of the proposition. The election was then held, resulting as follows:
D. P. Paschall, G. A. Barbee, W. A.
Jenkins, D. Cameron, J. G. Latta. This is a good board.

Wilmington Star: We learn that a considerable revival is in progress in the Zion Methodist church, in Brunswick county. Several Wilmingtonians were present at the services on Sunday, which are said to have been very interesting and betokened a good state of feeling. Three ministers are assisting in the meeting.

in the meeting.

Prof. J. H. Bailey, formerly a well known showman, and proprietor of the "Bailey Troupe," "Bailey's Varieties," etc.; also, at one time a hotel proprietor in this city, but more latterly a professor of the art of dancing, died at his residence in this city, after a lingering illness, on Sunday last. Prof. Bailey had many warm friends, and leaves a wife and quite a number of children.

Greensboro Bagle: The interest in the Teacher's Institute continues to grow daily. To-day there were seven-ty-five teachers present and a larger number of visitors than usual. Greensboro Patriot: There are one

hundred criminal cases on the Stokes county Superior court docket. Another attempt was made to rob the mail between Danbury, Stokes county, and Germanton, Saturday night. But Jack Duggins, the carrier, fortunately met some gentlemen as he was being pursued who frightened the robbers away by shooting at them, But Jack swears he won't carry 200 pounds of mail, bare footed, forty miles to be chased over fences, rocks and thorn bushes for sixty cents a day and board mself and six children, unless Congress makes an appropriation for an escort or sends him a shot gun.

Ralliegh News and Observer: Many mill dams, particularly in the Southern part of the county, have been washed away. Another bad result of the heavy Mr. David C. Dudley, who was so

terribly wounded six weeks ago, is getting well again. The negro who struck him has never been captured. The State Colored Normal school at Franklinton began its term yesterday. Rev. M. A. Hopdins, col., is in charge as principal, with S. A. Ward as assistant. There were yesterday 32 pupils present, and the number will soon reach 100, when two or more teachers will be employed. The term is to continue eight months.

National Extravagance.

for 1883 is \$294,243,097, or \$77,532,621 more than for 1882, and over \$101,000,-(0) more than for 1881. These figures, so eloquent of extravagance, have excited a general ontery of indignation and led to labored efforts to cipher them down to more modest proportions. One item after another of the list of appropriations is taken up to be obscured by a cloud of explanations, until it becomes a question whether obvious fact, after all, possesses as strong a title to belief as plausible fiction. For example, there is an appropriation for pensions for 1883-of \$100,600,000, the excess over the appropriation for the same purpose the appropriation for the same purpose for 1882 being \$41,117,694, besides \$1,750,000 for additional clerical service in paying pensions. The Congressmen who are responsible for this large increase urge that the pension laws demand that much inconey, and declare that no party cap afford to attack the pension list. They omit to state that it is within their power to repeal the silly and unrighteous arrears of pensions act, and unrighteous arrears of pensions act, passed through Congress at the instance of a lobby of fraudulent claim agents, which makes such an expensive pension list possible. The gist of the complaint of the people is that the outflow of money from the treasury would not have its present enormous volume if their representatives were possessed of statesman like views and the moral courage to act them out. If personal and party aims were once forgotten, it is plain that when any given law called for the imposition of an excessive burden on the tax payer, means could be found for changing the law. The ex cess of the river and harbor bill for 1883 is about \$7,196,075. For the postoffice the excess is nearly \$4,000,000, and Baltimore, for example, gets little or no benefit from it; for the legislative, exec utive and judicial departments over \$2,360,000; for the sundry civil expenditure about \$2500,000; for the army and navy each nearly a million; for miscellaneous matters, \$23,066,938; for deficiencies, \$4,565,904. The following tab'e presents in one view the contrasts between the appropriations of 1882 and

should proceed next to cut down the personnel of the expensive internal revenue system throughout the country, lessen the army of men in the departments at Washington, and thus be enabled the better to reduce the high tariff duties, which, with an economical administration of the government, need not be more than haf as high as at present. Economical expenditure, with governments as with individuals, is apt

to promote contentment with a small income, and the growth of various estimable virtues unknown to the prodigal drones of the political hive.

CHARLOTTE, N. C., THURSDAY AUGUST 10, 1882.

The Cherokees.

Mr. Perry M. Knight, a formey resident of Greenville, is now in this city. Mr. Knight is a superintendent in the educational department of the Cherokee Indians, who occupy tracts of land in Jackson and Swain counties in North Carolina. He gives some interesting statements in regard to this tribe, which numbers about two thousand people, and confirms entirely the suppositions advanced sometime ago by the Daily News in reference to Bushy head. He says that that individual is the owner says that that individual is the owner of quite a productive farm and states that after making one of his trips through the country he usually has a quantity of "old clothes" to sell of trade off. He says that Bushy Head never gives anything to the tribe, and that his reputation among them is very unfavorable. Jarret mith is the name of the chief of the tribe, he having been regularly elected by council. Smith is a half-breed and trakes a good official. The tribe is in quite a prosperous condition and is increasing. One interesting feature is the "companies," being organizations of small bodies of Inorganizations of small bodies of Indians numbering about ten or twenty. which work for about two days in a week for any farmer who will hire them to put in his crop. A squad or "company" of twenty Indians can put in or gather an ordinary sized crop in a couple of days, and for this the who'e "company" charges but two dollars and a half. This money is placed in the hands of a treasurer who keeps it until a member requires aid or is in want.

Mr. Knight says that the schools are in a flourishing condition, and that a large attendance of children is received by means of a system of fees. Each child who will attend school regularly is given five cents a week, and the order of things is thereby reversed, the pupil being compensated by the teacher. The latter, however, is paid by the govern-ment, which has a contract for ten years with a Society of Friends to teach the Cherokees. Mr. Knight is therefore in the employ of this Society. He says that some time ago it became necessary to compel a large number of Indian men and women who were living to-gether with families of children, to marry, in order to legitimize their offspring. Accordingly there was a grand wedding day, and about three hundred copie were united in the sacred bonds requiring the services of three ministers, who were kept busily employed for several days.

I Would Pay Ten Dollars per Bottle for it.

Brunswick county, Va., Nov. 5, 1881 I have been entirely cured of a most fearful looking and painful sore on my ankle, by the use of M s. Joe Person's valuable Remedy. It came more than twelve months ago, very much like a ring worm. I painted it with tinc. iodine. It became a very painful and bad looking place, then I commenced to try everything I could think or hear of, until it became so very painful that I could scarcely walk. Then I went to the best doctor in the whole country for advice, who told me he could cure me if I would take to my bed and there remain for four or five weeks, and if I did not do this pretty soon it could not be cured at all; the bone would become diseased, and my foot would have to be taken off Imagine how I felt to be told that I would have to lose my foot, or to give up all business? Fither of the remedies would have ruined me. Mind you, this was the advice of one of the best doctors in the State of North Carolina, and this conversation took place last February. I continued to burn, as he advised, with eaustic until September, but found no benefit at all from his treatment. I was then advised by my friends to try Mrs. Joe Person's Remedy. by my friends to try Mrs. Joe Person's Remedy, I ordered ha'f pints from her, and took the first d se on the 17th of September, using the Wash also, and now I am a well man, the sore is entirely cured, and I can walk as far, dance as much and jump as high as any man. Put me back to the first of September, let me know as much a+ I now do of the merits of Hemedy, and I would not hesitate to pay ten dollars per bettle for it if I could not get it for any less. I think more of it than any med cine I ever heard of. It is not only the best remedy in the world to purify the blood, but I believe it will cure all skin and blood diseases, and it will certainly cure a love of strong eases, and it will certainly cure a love of strong drink. It gyes me pleasure to furnish this for publication, as I know there are many sufferers who would be cured, c uld they know of and obtain Mrs. Joe Person's Remedy

I would say that the sales have been very fair, and so far as I can learn the Remedy has been very satisfactory to my customers who have used it, especially so in the case of a little girl of this cly, ten years of age, who was troubled for a long time with sores been done out over the fore and need having the breaking out over the face and neck having the appearance of Scrotnia, and which had resisted the usual alterative treatment for a long time. She took four bottles of the Bitters lat spring, when the sores entirely disappeared, and up to this time she has had no re urn of them, her skin looking as fair and clear as any one's.

Fatal Cattle Disease.

Dr. James E. Reeves, of Wheeling, secretary of the West Virginia board of health, has received information from several counties in the State announce ing the presence of a fatal infectious cattle disease. In some respects it resembles pleuro-pneumonia. The symptoms are not the same as described among sick cattle of Brooke county, heretofore reported. Dr. Reeves has ordered specific reports and post-mor-

tem examinations. Great excitement prevails in Heidel-Great excitement prevails in Heidelberg township, in the vicinity of Reading Pa, owing to the rapid spread of a disease that is killing many cows. Over thirty have ded during the past few days on six different farme, and many new cases are reported. Some say it is rinderpest others pleuro pneumonia, while others contend that death resulted from eating mildewed grass.

The matter has been reported to the State authorities, as the local veterinary surgeons can not stay the disease. ry surgeons can not stay the disease.

Much is made by the apologists of the majority of the deficiency bills, some of which the party which was in power when the appropriations for 1882 were made thinks ought not to be paid at all. Retrenchment is demanded. It is useless to say that the expenditures of past years have been great, and the country is growing in wealth, and for that reason the appropriation bills should grow also. The past has been an era of inflated currency and extravagance. It is the general wish that, beginning with appropriations, Congress should proceed next to cut down the
