KILLER is a sure cure for Diarrhea, Dys-entery, Cholera, Cholera Morbus, Summer Complaint, etc., and is perfectly safe, ing the Independent Movement.

AUSTIN, August 24.-In the Republi can State convention vesterday the con-test for the temporary chairmanship was between Webb Flanagan, who made himself famous at the last National Republican convention by ask-ing, "What the delegates were there for if not for office," and Cuney (colored) of Galveston. Cuney was elected. After the temporary organisation the conven-tion adjourned till to-day. Of the 410 delegates in attendance, 250 are colored, including the most in-

telligent of their race in Texas. They are particularly devoted to the independent movement and promise a solid black vote for Jones. This question, as well as the supremacy of Davis as Republican leader in Texas, are clearly established by the preliminary proceedings.

no less dangerous to the party. I cannot bring myself to believe that Mr. Blaine is in the state of mind he is re-

ported to be, and I sincerely trust that

Gen. Arthur has been misinformed. In

respect to Judge Folger I have made it

my business since I saw you to see Re-

publicans as well as Democrats of all shades of opinion, and to get from them

an expression as to the capacity, integ-

rity and fitness of the man. Now, out-side of Mr. Fenton, I do not believe there

are twenty men in the State of New

York but what put the most implicit confidence in Judge Folger's whole

character. Mr. Fenton has had reason

to hate Judge Folger, because it was through his great power and ability Fenton was destroyed in that State.

The allegation that Folger was in any

way connected with the Tweed ring is

to absurd to consider, for he was the

one particular man in the State who

fought the Tweed ring, and the whole

gang of thieves in this State, from the

beginning to the end, while at the same

time Mr. Fenton was hand in glove

with them. I believe Folger's personal
