BY THE ASSOCIATED PRESS BURNING OF THE ERIE RAILWAY ELEVATOR.

Five Lives Sacrificed -- Loss \$410,000. Buffalo, N. Y, August 25.—The loss by the burning of the Erie Railway Company's elevator is estimated at full \$300,000, and is covered by a general policy of insurance carried by the Erie Railway Company. The roof of the elevator was blown off by an ex-plosion, the cause of which is unknown, at 11 o'clock. The building was at once fired and burned to the ground. Engineer John Bonnar, John Kemp and Henry Lee are supposed to have been burned up. Timothy Driscoll had his burned up. Timothy Driscoll had his burned up. skull smashed in and his right leg broken, and will die. These are all that are known to have been in the

building at the time of the fire.

BUFFALO, N. Y., August 25.—The loss of life in the burning of the Erie elevator is now, at 11:40 a. m., definitely ascertained to be five. John C. Bonnar, engineer: John Kemp, Mac Ernest, Chas. Autonbach, bin sweeper; James Lee, Jr., weighmaster. Timothy Driscoll, sweeper, was not burned, he was blown out of the building and so seriously injured that he cannot recover. Two bodies were recovered this morning but they were so frightfully scarred as to be unrecognizable. At the time of the accident twelve men were in the building engaged in blowing and screening a cargo of wheat. Nothing positive is yet known as to the cause of the explosion though the supposition is that it was due to an explosion of gas. The entire loss is estimated at \$410,000. The elevator is estimated at \$250,000; grain \$160,000. Insurance is given at at \$190,000 on the building, with a general insurance policy on grain.

### Trouble in a Texas Congressional Con-

Austin, August 25 — The Democratic convention for the 10th congressional district was thrown into confusion by refusal of the delegates pledged to the support of Hon. Columbus Upson to enter the convention on the ground that Hon. John Hancock, opposing candidate, had not acted in good faith. It is charged that Hancock, replying to ne letter from Upson, gave him assuranco that he would not be a candidate. Hancock is in New York, but his friends denythe charge. Efforts at reconciliation have been made with only the effect of widening the breach, Hancock's following will probably nominate him by acclamation.

A Pleasure Boat Caps zed at Smithville -- Two of its Occupants Drowned -- The Third Saved With Difficulty.

A telegram from the Signal Service Observer at Smithville, received last night gives intelligence of a sad accident which occurred at that place yes-day evening, shortly after 6 o'clock. Capt. A. Garrison, of Fayetteville, Tony Caselett; an Italian musician of this city, one of the band of harpers engaged at the Hotel Brunswick, and Ben Murray, a colored waiter employed at the same hotel, were enjoying a sail on the river, and when at a point nearly opposite the hotel and but a short distance from the shore, the boat from some cause unknown at this writing, upset and sunk. Of its occupants, Tony Caseletti, the Italian, and Ben Murray, the colored waiter, were drowned, while Capt. Garrason was saved with difficulty. The sunken sail boat was a small one, used frequently by pleasure parties at Smithville, and is said to have been ballasted with iron. The bodies of the drowned men had not been recovered at last accounts.

### A Beedeviled Collector.

Greensboro Patriot, Geo. B. Everitt swears that he is "the worst be deviled man in seven States." After whipping out the Keogh-Casey combination he has tackled the administration and swears that he will die in the "last ditch." Sometime ago, Mr. J. W. Fllannigan, a general storekeeper, MINERAL LAND living in Graham, was removed, and his place filled by a man who was willing to tote Everitt's colors. Flannigan appealed to commissioner Raum at Washington and the department ordered his reassignment. He applied to Everitt yesterday for the keys, showing Raum's commission. Everitt refused to deliver the keys, intimating that Raum might go to the North pole, and that he, Geo. B. Everitt, was running the collector's office in the 5th district, Flannigan is in town and has telegraphed for further instructions. In the meantime Everitt holds the fort and says he'll "be cussed" if he don't stand up for his rights. The combination say that other changes objectionable to Everitt will be made by Raum, and that he will finally be forced to resign.

A Matter of Importance, Greensboro Patriot. It is not generally known that a judgment, after ten years, loses its lien on the lands of the judgment debtor and is barred by the statute of limitations. There is a large number of judgments on the dockets of this and other counties; which are about run out of date and will be lost to creditors if not attended to at once.

It is the common observation that the standard natural health and normal activity, among American women, is being lowered by the influence of false ideas and habits of life, engendered by fashionable ignorance and luxurious living. It is a happy circumstance that Mrs. Lydia E. Pinkham has come to the front to instruct and cure the sufferers of her sex

Goldsboro Messenger: On last Monday morning Dr M E Robinson's negro man, Rufus, while feeding the doctor's horses was attracted by peculiar cries behind the stables, and on investigation he found a negro baby a few hours old, enclosed in a tow sack and lying in a ditch; there was not sufficient water in the ditch to cover the child completely, otherwise it would never have escaped the horrible death intended for it by the brutal mother that gave it birth. The police were soon informed of the outrage, and in a short time officer Swaringen had detected the mother, but when he entered the yard she gave chase and took shelter in a friend's house in Webbyille; when the officer reached the place she was in too critical a condition to be removed, consequently no disposition has as yet been made of

Fayetteville Examiner: On Thursday last the lightning struck a gum tree on the plantation of Mr James P Robertson, and passing down the tree to within ten feet of the ground left the trunk of the tree and passed down some fence rails leaning against it, and killed eleven hogs lying in a bed close by. The electric fluid left very little trace on the tree or rails.

#### Would Pay Ten Dollars per Bottle for it.

Brunswick county, Va., Nov. 5, 1881. I have been entirely cured of a most fearfu looking and painful sore on my ankle, by the use of M s. Joe Person's valuable Remedy. It came more than twelve months ago, very much like a ring worm. I painted it with tinc, lodine. It be-came a very painful and bad looking place, then commenced to try everything I could think or near of, until it became so very painful that I could scarcely walk. Then I went to the best doctor in the whole country for advice, who told me be could cure me if I would take to my bed and there remain for four or five weeks, and if I did not do this pretty soon it could not be cured at all: the bone would become diseased, and my foot would have to be taken off. Imagine how I felt to be told that I would have to lose my foot, or to give up all business? Fither of the remedles would have runed me. Mind you, this was the advice of one of the best doctors in the State of North Carolina and this convention. North Carolina, and this conversation took place last February. I continued to burn, as he advised, with caustic until September, but found no benefit at all from his treatment. I was then advised by my friends to try Mrs. Joe Person's Remedy. I ordered ha'f pints from her, and took the first d se on the 17th of September, using the Wash also, and now I am a well man, the sore is entire ly cured, and I can walk as far, dance as much and jump as high as any man. Put me back to the first of September, let me know as much as I now do of the merits of Remedy, and I would not hesitate to pay ten dollars per bottle for it if I could not get it for any less. I think more of it than any medicine I ever heard of. It is not only the best remedy in the world to purify the blood, but I believe it will cure all skin and blood diseases, and it will certainly cure a love of strong eases, and it will certainly cure a love of strong drink. It gives me pleasure to furnish this for publication, as I know there are many sufferers who would be cured, cruld they know of and ob-tain Mrs. Joe Person's Remedy.

Baleigh, N. C., Sept. 27th, 1881. Mrs. Joe Person, Franklinton, N. C.

Dear Madam: In reply to your letter asking what I think of your Benedy. I would say that the sales have been very fair, and so far as I can learn the Remedy has been very satisfactory to my customers who have used it, especially so in the case of a little girl of this ciry, ten years of ago, who was troubled for a long time with sores breaking out over the face and neck having the appearance of Scrotula, and which had resisted the usual alterative treatment for a long time. She took four bottles of the Bitters last spring, when the screen entired disappearance and up to when the sores entirely disappeared, and up to this time she has had no return of them, her skir looking as fair and clear as any one's.

[From the springfield Republican.] A GENEROUS ACT

That Will be Appreciated by all Who Care for Their Complexion

It is not generally known that the nervous system has a wonderful influence over the skin, but this is a fact known to medical men who have given much of their time to the study of diseases of the skin. No one can have a clear and fair complexion unmixed with blotches or pimples who is very nervous.

Whatever tends to a healthful condition of the nervous system always beautifies the complexion and removes roughness and dryness of the skin. Some skin diseases are not attended by visible signs on the surface, but an intolerable itching that renders life miserable.

We copy the following deserving and interesting compliment from the Tribune, which says: "Dr. C. W. Benson's New Remedy, 'SKIN (URE,' is received by the public with great confidence, and it is regarded as a very generous act on the Doctor's part to make known and prepare for general use his valuable and favorite prescription for the treatment of skin diseases, after having devoted almost his entire life to the study and treatment of nervous and skin di-eases, in which he took great delight. He was for a number of years Physician in charge of the Maryland Infirmary on Dermatology and anything from his hands is at once accepted as authority and valuable. The remedy is fully the article to attack the disease, both internally, through the blood, and externally merit the confidence of all classes of sufferers was a brother of Dr J A Horn, of this county.
