Murdered by an Insane Wife.

WORTHINGTON, IND. August 26 .-Wm Chapman, an elderly gentleman, was murdered here last evening by his insane wife. Preparations had been made to send her to an insane asylum and her husband had been watching her for several days. It is supposed that he was so fatigued he fell asleep, when she cut his throat from ear to ear with a razor. Her two daughters hearing a noise hurried to the room, but found the door locked and their lives were threatened if they broke in. They called assistance and the murderess was secured.

Enlisting Albanians.

ALEXANDRIA, August 26.—It is stated on good authority that two thousand Albanians have been enlisted for service in Egypt in the quarantine and other departments, as it is feared that native troops cannot be trusted. The troops are urgently required at the quarantine station at Mosswell, near Suez. The attitude of the Bedouins there is threatening.

The Egyptians Pull Out and Abandon Their Camp.

Wolseley Reports a Victory -- He Routs the Enemy, Captures Guns, Rifles, Amunition, &c.

LONDON, August 26.—Sir Garnet Wolseley's dispatches, dated Ismailia 25th, evening, report that Friday's operations against Arabi were entirely suc-cessful. He flanked the Egyptians at Moshameh railway station which he took, routing the enemy with considerable loss, taking five Krupp guns, seventy five railway carriages laden with provisions, and a large quantity of am-

unition and rifles. Wolsely's losses were not over a doz-en killed and wounded, but forty-six cases of sunstroke occurred, one fatal. Wolseley gives high praise to all his soldiers. Following up his advantage he took possession of a lock on the fresh water canal, which gives command of a safe route across the desert to the cultivated lands of the delta.

Wolseley Wants More Troops. London, August 20 —The Standard says it has reason to believe that Gen.

Wolseley has applied for more troops, This, it adds, probably means the third division of the ormy corps now mobilizing at Aldershot.

The Cornell-Conkling Controversy,

The Cornell-Conkling-Gould controversy in New York is getting lively and interesting. The charge brought by the Albany Journal that Mr Conkling, as the counsel of Jay Gould, was a party to the attempt to bribe Goy Cornell to sign a bill relieving the Manhattan Elevated Railroad from back taxation, has brought out the countercharge that Cornell got up a "blind pool" in American District Telegraph in connection with Gould, Sage and others; that to carry out his speculation he drew, as treasurer and vice-president, thirty thousand dollars of the company's money, and that on the strength of the names of Gould and Sage he en-gineered the price of the stock up from sixty to eighty-two dollars per share on a par of one hundred dollars, sold out, and has not yet paid over their proportion of the profits to his associates. Further, that after carrying up the price of the American District Telegraph stock to the highest point he could and pocketing his gains, he turned round, put out a line of shorts, and by the assistance of a rival company then started with the old general manager of Gov Cornell's company as the executive officer, the District Telegraph stock was forced down to fifty dollars a share, and has since sold much lower. This ventilation of the doings of politicians and speculators has by no means in-creased the chances of Gov Cornell for a renomination, while it has certainly added nothing to the reputation of Mr.

An Important Case.

Ruleigh News and Observer. Argument in the case of the Western North Carolina Railroad vs. the Georgia and North Carolina Narrow Guage Railroad, praying for an injunction to restrain them from occupying the loca-tion of the first named road through Red Marble Gap, Cherokee county, was concluded Thursday before Judge A A McKoy, at chambers. Judge Schenck and Fab II Busbee, Esq. appeared for the Western North Carolina Railroad. Gen. Phillips, of Georgia, Mr Posev. of Cherokee county, Messrs Battle & Mordecai appeared for the other road. Argument was concluded rate in the evening, when the Judge took the papers. He intimated that he would grant the restraining order, but said that he did not have sufficient jurisdiction to grant the injunction prayed for. Maj Joseph W Wilson, Mr Eager, of Boston, Mass, and others testified by affidavit. The case has excited special interest, the ground of contention being the seizing by the other road of the project-

ed route of the Western North Carolina Railroad through Red Marble Gap, Cherokee county.

Imagine how I felt to be told that I would have to lose my foot, or to give up all business? Fither of the remedies would have ruined me. Mind you, this was the advice of one of the best doctors in the State of North Carolina, and this conversation took place last February. I continued to burn as he advised. last February. I continued to burn, as he advised, with caustic until September, but found no bene-fit at all from his treatment. I was then advised by my friends to try Mrs. Joe Person's Remedy. I ordered half plats from her, and took the first d se on the 17th of September, using the Wash also, and now I am a well man, the sore is entirealso, and now I am a well man, the sore is entirely cured, and I can walk as far, dance as much

the sales have been very fair, and so far as I can the sales have been very fair, and so far as 1 can learn the Remedy has been very satisfactory to my customers who have used it, especially so in the case of a little girl of this city, ten years of age, who was troubled for a long lime with sores breaking out over the face and neck having the appearance of Scrofula, and which had resisted the usual alterative treatment for a long time. She took four bottles of the Bitters last spring, when the sores entirely disappeared, and up to this time she has had no return of them, her skin looking as fair and clear as any one's. [From the Epringfield Republican.] A GENEROUS ACT

That Will be Appreciated by all Who Care for Their Complexion and Skin.

It is not generally known that the nervous system has a wonderful influence over the skin, but this is a fact known to medical men who have given much of their time to the study of diseases of the skin. No one can have a clear and fair complexion unmixed with blotches or pimples

who is very nervous. Whatever tends to a healthful condition of the nervous system always beautifies the complexion and removes roughness and dryness of the skin. Some skin diseases are not attended by visible signs on the surface, but an intolerable itching

that renders life miserable. We copy the following deserving and interesting compliment from the Tribune, which says: "Dr. C. W. Benson's New Remedy, 'Skin Cure,' is received by the public with great confidence, and it is regarded as a very generous act on the Doctor's part to make known and prepare for general use his valuable and favorite prescription for the treatment of skin diseases, after having devoted almost his entire life to the study and treatment of nervous and skin di-eases, in which he took great delight. He was for a number of years Physician in charge of the Maryland Infirmary on Dermatology and anything from his hands is at once accepted as authority and valuable. The remedy is fully the article to attack the disease, both internally, through the blocd, and externally through the absorbents, and is the only reliable and rational mode of treatment. These preparations are only put up for general use after having been used by the Doctor in his private practice for years, with the greatest success, and they fully merit the confidence of all classes of sufferers from skin diseases." This is for sale by all drug-gists Two bottles, internal and external treat-ment, in one package. Don't be persuaded to take any other. It costs one dollar.
