Medical.

Summer

Complaints

At this season, various diseases of the

bowels are prevalent, and many lives are

lost through lack of knowledge of a safe

and sure remedy. PERRY DAVIS' PAIN

KILLER is a safe cure for Diarrhoea, Dys-

entery, Cholera, Cholera Morbus, Summer

Complaint, &c., and is perfectly safe.

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.

PERRY DAVIS' PAIN KILLER never fails to afford

instant relief for cholera and dysentery.

NICHOLVILLE, N. C., Feb. 12, 1881.

The very best medicine I know of for dysentery,

cholera morbus, and cholera in the stomach. I have

used it for years, and it is sure every time.

J. H. WATSON.

MORGONA, IOWA, March 15, 1881.

I have used your PAIN KILLER in several cases

of cholera and cholera morbus, and it gave almost

instant relief. I have used your PAIN KILLER

for twenty years, and I have never known it fail

in any family. I have used it many times for bowel

complaints, and I can truly say that it is a

perfectly safe and reliable medicine. No doctor

should allow it to be out of the family.

J. H. WATSON.

GEORGETOWN, N. C., Feb. 12, 1881.

We began using it over thirty years ago, and it

is the best medicine I know of for cholera and

cholera morbus, and it is perfectly safe.

CONWAY, S. C., Feb. 22, 1881.

Nearly every family in this section keeps a bottle

of this medicine in the house.

U. S. CONSTITUTION.

CRENSHAW, MISSISSIPPI, Feb. 8, 1881.

I have known PERRY DAVIS' PAIN KILLER almost

from the day it was introduced, and I can truly say

that it is a perfectly safe and reliable medicine.

U. S. CONSTITUTION.

I had been several years afflicted with cholera

morbus, accompanied with intense pain, when I

used your PAIN KILLER, and found it to be a

perfectly safe and reliable medicine. No doctor

should allow it to be out of the family.

J. H. WATSON.

During a residence of twenty-three years in India,

I have seen a number of deaths from cholera,

and I can truly say that it is a perfectly safe

and reliable medicine. No doctor should allow it

to be out of the family.

NOON DISPATCHES.

BY THE ASSOCIATED PRESS

THE KEWANEE BANK ROBBER

ARRESTED.

A St. Louis Doctor and the Cashier Im-

plicated in the Robbery.

CHICAGO, August 30.—Edward N. Welch,

who was arrested three or four

days ago at McDonough, New York,

for robbing the first national bank of

Kewanee, Ill., passed through this city

this evening en route for Kewanee in

charge of the detective who arrested him.

Reporters for the press were not

allowed to see him, but the detective

agency which has charge of this case in

effect is that Dr. J. S. Scott, of St. Louis,

but formerly a resident of Kewanee,

planned the robbery, and that Welch

acted as his partner in it; that Pratt, acting

cashier of the bank was a party to it

and that instead of a large sum in gold

missing being carried away in a wagon

with other money, Pratt himself

carried it off on his person, and

most of the money was hidden in a

box which he carried with him. Welch

refuses to give the name of the man who

helped him in the job but the detec-

tives are confident that they will get

the right man. Welch says that Dr.

Scott introduced him to Pratt and that

some time ago Pratt had a check drawn

on the bank by Welch. When it was

discovered that the payment was thought

to be the result of Pratt's ignorance.

Welch had no money in the bank. Scott

is said to be chiefly known in Kewanee

as a poker player. The agency here re-

ceives information from the doctor at

St. Louis. He is to be brought here.

Collision Between the Greeks and

Turks—Fears About the Cholera.

ALEXANDRIA, August 30, 1:40 P. M.—

Gen. Hamley, with a brigade of High-

landers from Hamleh, under Gen. Ali-

son, is now embarking here.

A Greek iron clad has left here for

Volos in consequence of a collision be-

tween Turks and Greeks at Turlo, on

the Greek frontier.

Much uneasiness is felt here owing to

the existence of cholera, on several

vessels now coming to Alexandria from

Aden.

The Line of Communication Estab-

lished Between the Greeks and

Turks—Fears About the Cholera.

LONDON, August 30.—A dispatch to the

Daily Telegraph from Ismailia says:

"We have nearly established our line

of communication with Del el Kebir.

The railway along the route is nearly

completed and several trains have al-

ready been sent forward. Gen. Wol-

seley and his entire army are marching to

the front.

Arabi Pasha Fortifying.

ALEXANDRIA, Aug. 30.—It is stated

that Arabi Pasha is strongly fortifying

his position at Damamhour. All was

quiet at Cairo up to the 26th inst.

Dairying in the South.

Wm. J. Kemp, in Southern World.

The production of butter in the United

States for last year was about 4,000,000

barrels, and the demand for the best

grades five times as much as the

supply. Now with the superior advan-

ces of the new dairies, especially in

Georgia there is no reason why the pro-

duction shall not be doubled in the next

five years, or rather the production of

butter for the year 1887 should not be

1,000,000 pounds.

The States of Georgia, Tennessee,

Alabama, Mississippi, Florida and the

two Carolinas in that time should pro-

duce 250,000,000 annually after their

first five years. There are various reasons

why the South will ultimately be the

greatest producers of extra fine butter.

But the most important to my mind is

the fact that the South is especially

well adapted for dairying. In winter

in five will we have to feed over

three months in the twelve. With pro-
