Medical.**Summer Complaints**At this season, various diseases of the
bowels are prevalent, and many lives are
lost through lack of knowledge of a safe
and sure remedy. **PERRY DAVIS' PAIN
KILLER** is a sure cure for Diarrhoea, Dys-
entery, Cholera, Cholera Morbus, Summer
Complaint, &c., and is perfectly safe.

Read the following:

BIRMINGHAM, N. Y., Feb. 28, 1881.
PERRY DAVIS' PAIN KILLER was used to afford
relief for cholera and dysentery. J. E. CANNON.The very best medicine I know of for cholera,
cholera morbus, and dysentery. It is perfectly
safe, and it is a sure cure every time.MORGAN, Iowa, March 12, 1881.
I have used your Pain Killer, and it has cured
my cholera morbus and dysentery. J. E. CANNON.For twenty years I have used your Pain Killer
in my family. It has cured many cases of
cholera morbus, and dysentery. J. E. CANNON.Have used PERRY DAVIS' PAIN KILLER for many
years. It is a safe, and it is a sure cure every
time. J. E. CANNON.We have used your Pain Killer, and it has
cured my cholera morbus and dysentery. J. E. CANNON.Nearly every family in this section keeps a bottle
of this medicine as a household necessity.I have had several cases of cholera morbus
and dysentery cured by your Pain Killer. J. E. CANNON.During a residence of twenty-three years in India,
I have given it in many cases of cholera, dysen-
tery, and cholera morbus, and have never known it to fail.No family can safely be without this
invaluable remedy. Its price brings it
within the reach of all.For sale by all druggists at 25c., 50c.,
and \$1.00 per bottle.**PERRY DAVIS & SON, Proprietors,**

FIGHTING A RAILROAD LEASE.The Intervention of the Courts Asked
in Behalf of Stockholders.HUNTSVILLE, Ala., Sept. 1.—John
W. Grayson, a stockholder of the Mem-
phis and Charleston Railroad filed a bill
late yesterday in the Chancery Court in
which he asks to have the lease held by
the East Tennessee, Virginia and
Georgia Railroad annulled, and desires
the court to have a statement of ac-
count made between the two roads, and
that all the net earnings since the lease
made be turned over to the Mem-
phis and Charleston stockholders be-
cause he claims the lease to be illegal.
He also prays that the receiver be ap-
pointed to take charge of the Memphis
and Charleston road and operate it for
the benefit of the stockholders, and
further asks that the directors be re-
sisted from paying out the sum, for the
annulment of the lease, and that the
directors be enjoined from issuing
\$5,000,000 in new stock which they
were instructed to do at the last
meeting of the stockholders. At that
meeting Grayson was present and sub-
mitted a written protest against the
payment of any bonus to the East Ten-
nessee, Virginia and Georgia road for
the lease held by them.**Yellow Jack on the Rio Grande--**
Thought to be on the Decrease--Fearful
Mortality at Matamoros.GALVESTON, Sept. 1.—A News Mata-
moros special says the epidemic is de-
creasing very slowly. During the 24
hours ending at 9 a. m. yesterday there
were six deaths in the city, all of fever.
Of these, two were soldiers. There are
now little short of two hundred cases
in town. Thirty-seven of the sick are
in the military hospital. During the
month ending at 9 a. m. yesterday there
were 214 deaths from yellow fever,
which is a terrible mortality for a city
of 5,000 inhabitants. In Brownsville
during the past week 23 cases of fever
have been reported. The official report
for the 24 hours ending at 10 a. m. to-
day, gives sixty new cases and two de-
aths. A. S. Soudou, representing the
firm of Rice & Brown, of New Or-
leans is down with the fever. Dr. E.
Mellon was stricken down yesterday.
Subscriptions are being received from
numerous sources for the sick.**The Kansas Democratic Convention--**
Its Position on the Prohibition Ques-
tion.EMPORIA, Kan., September 1.—In the
Democratic State convention yesterday
the majority report favored the repeal
of the prohibition laws and at great
length stated their evils. The minority
report was submitted and after an im-
moderate discussion, which occupied al-
most the entire forenoon, it was adopted
with very slight amendments and
standing as the platform of the con-
vention. The platform favors the re-
submission to the voters of Kansas of the
prohibition amendment to the consti-
tution at the general election of
State officers in November, 1883.
Hon. John Martin, of Topeka, was
nominated for Governor, but he de-
clined the honor for personal reasons
and Geo. W. Gillette of Atchison, was
placed at the head of the ticket. The
ticket was filled up as follows: Lieut.
Governor, Frank Beck; treasurer, Chas.
E. Gifford; auditor, W. E. Brown; at-
torney-general, General Hayden; state
superintendent, D. E. Louiz.

Adjourned.

Applauding Registers for Utah.SALT LAKE, Sept. 1.—The Utah com-
missioners have made appointments of
twenty-four registers for twenty-four
counties under Edmund's law. These
appointments consist of seven gentiles,
seven Mormons, and ten of whom are
Mormons. Judge Hodge, a Democrat
and strong anti-Mormon, received the ap-
pointment for Salt Lake county. These
registers have the appointment of as-
sistants for every precinct, and the ap-
proval of the commissioner. There is
great dissatisfaction among the gen-
tiles over the composition of registers
and they cannot see how the con-
fusion can reform the territory and per-
form the duty for which they were sent
here by placing Mormons in the respon-
sible position of registers, the duty of
registers being to exclude polygamists from
the registration lists.**Ocean Steamer Aground.**LONDON, Sept. 1.—The coast guard,
W. Wicklow, of the eastern coast of
Ireland, telegraphs that the British
steamer Lake Nepeghar, Capt. Camp-
bell, which sailed from Liverpool yester-
day for Montreal, is aground on Ark-
low Bank. One boat containing part
of the crew and a number of passengers
of the steamer arrived at Wicklow at
9 o'clock this morning. Five boats are
yet missing. The steamer will proba-
bly prove a total loss.**Sixty New Cases at Brownsville.**BROWNSVILLE, TEX., Sept. 1.—Sixty
new cases of yellow fever reported yester-
day and two deaths, the latter Mexi-
cans. Dr. Mellow is down with the
disease. Many cases of fever exist on
the ranches along the route to Corpus
Christi. Three deaths are reported from
Matamoros and few new cases. The
weather is very warm.**Beveries of an Editor.**

St. Louis Post Dispatch.

In a weary, heart-broken way, the
democratic editor of the Indianapolis
Sentinel soliloquizes thus:
What is more delicious than sleep,
and where do men sleep better than in
the tomb? We are told that there is a
more beautiful world than we are now
inhabiting, and that death unbars the
doors and lets us into it. If so, why
shrink at death or seek to prolong this
life?This sounds very much like the mus-
ing of a man who has recently surged
up against a straight flush with an ace
full. For further details inquire of
General Schenck.**A Colored Cotton Broker.**Wilmington Review.
A colored man claiming to be a cot-
ton broker of Liverpool, was arrested
yesterday on the charge of obtaining
money under false pretenses. He came
here about two weeks ago and repre-
sented himself as having a considera-
ble amount of money in United States
bonds, and succeeded in borrowing \$41
from Burrell Ames, the mail contractor.
The man failed to square his ac-
count with Ames, and it was subse-
quently ascertained that he had no
bonds. He was bound over to await
an investigation this morning.**Draw Out the Candidates.**

Raleigh Times.

Let the people all over the State put
this question to the candidates for the
Legislature: Will you give us free
schools with first-class teachers ten
months in the year, that are as good for
our children as for your own children
to go to? That's the question. Slip it
to every candidate, and if he does not
come up right on it, off with his head. Now
don't fail in this. The people must be
educated, no matter what the tax.An unpleasant catalogue constantly being print-
ed, in which human infirmity is speeded as head-
ache, nervousness, dyspepsia, neuralgia, paralysis
and age, can be entirely expunged from the re-
cords, by the use of Dr. Benson's Celery and
Chamomile Pills.**A Suicide.**

Sallisbury Watchman.

Mr. John Richwine, aged about 55
years, a native of Pennsylvania, but
since the death of a wife and three children,
left his home on Friday, the 18th inst.,
and went into the woods and hanged
himself. His family became alarmed
at his absence when he failed to return
at night, and the next day, and days
following, diligent search and inquiry
was made for him, but all in vain. His
remains were found on Monday last,
about 150 yards to the right of the rail-
road track, two and a half miles to-
wards the Yadkin river, in a dense
thicket. His flesh had been devoured
by birds and dogs, and his bare bones
lay scattered around for some distance.
His head was still in the noose of the
rope, which was fastened to a small
pine tree, only five feet above the
ground. His death must have been
produced by the most determined per-
severance. His coat was lying near the
tree and but little soiled. His other
clothing were all polluted and torn.
His son identified his clothing, pocket
knife, pocket book, &c., all of which
were found in his pockets. His bones
were collected together by Coroner At-
well and buried on the spot where
found.It is not certainly known what cause
led to this suicide, though it is con-
jectured that destitution—poverty—had
much to do with it. The deceased had
a large family, most of them small
children, whom he supported by house-
painting. He was a soldier in the Fed-
eral army and was entitled to a pen-
sion, and the preliminary papers for
drawing \$2,000 per year were in this
place on Saturday, the next day
after his disappearance. But it appears
that he was in pressing want with no
relief at hand on the fatal day, which
must have been the cause of his self-de-
struction.**A Candidate Who Had to Ask His**

Wife.

At the Republican convention in
Winston last Saturday to nominate for
the Legislature and the county offices
Mr. Tavis, a full-blooded German, and
hard-working, reliable citizen was nom-
inated for the House. Calls were made
for him, and he arose, smiling and lu-
ciferous, and said in a very broken
English and said in very broken
English as he rubbed both hands, "I
kush you zehntimen very much in-
deed, I makes a shew of it, and look at
seat." Chairman Goslen said from the
stand, "Of course you accept the nom-
ination and can make your speech some
other time." "Vell," said he, rising, "I
don't know so well what I am doing
on it, and must first ask my wife about
it." And the convention adjourned
with matters standing just that way.
The nearest old German was bound to
consult his wife.**The Case of Sergeant Mason.**WASHINGTON, August 30.—The case
of Sergeant Mason is again before the
Secretary of War on a supplemental re-
port from Judge Advocate-General
Swain, which was submitted yesterday
afternoon. This report is in reference
to the petition filed with the President
by Mr. Bigelow, of Mason's counsel, for
the release of his client from the Al-
bany penitentiary on the ground that
he is illegally confined. It is under-
stood that Gen. Swain adheres to his
previous opinion that the proceedings
of the court-martial were irregular, and
that his confinement under its sentence
was illegal. The report taken by Gen.
Swain is that the act of Mason was not
an assault with intent to kill as shown
by the evidence, and that if it was it
was a military offense, and that it was
court. It is known that the Secretary
of War entertains a contrary opinion.
No action will be taken in the case un-
til the return of the President.**Reduced Production of High Wines.**CINCINNATI, August 30.—The manu-
facturers of high wines in the territory
north of the Ohio river recently re-
solved to reduce the production of high
wines to the extent of forty per cent.
of their capacity as registered by the
government. The compact was not to
be binding until the manufacturers agreed
to the reduction, which agreement
was to be announced by the execu-
tive committee. Telegrams were re-
ceived by Cincinnati manufacturers to-
day to the effect that the compact of
every distiller had been obtained to the
plan, and that it would go into effect on
September first. It will be binding till
next spring.**Hornford's Acid Phosphate for the Ill**

Effects of Tobacco.

Dr. C. A. Hornford, of New York, has used
it in cases of impaired nerve function with ben-
eficial results especially in cases where the system
is affected by the toxic action of tobacco.**Sparkling Eyes.**Rosy cheeks and clear complexion only accom-
panied by good health. Fine eyes, more than
anything, makes pure, rich blood and brings
forth the vigor, strength and beauty. La-
dies try it.—Bazar.**I Would Pay Ten Dollars per Bottle**

For It.

Brunswick county, Va., Nov. 5, 1881.
I have been entirely cured of a most fearful
leucorrhoea and all its attendant troubles, by the use
of M. J. Joe Person's valuable remedy. It came
from the State of New York, very strong, very
ring worm, I painted it with fine iodine. It be-
came a very painful and bad looking place. I
continued to try everything I could think of, but
it did not get better. I became so very painful that
I could scarcely walk. I then went to the best doc-
tor in the whole country for advice, who told me
he could cure me if I would take to my bed and
have him remain with me two weeks, and if I did
not do this pretty soon it could not be cured at all.
I then took a bottle of the remedy, and it cured
me. I have now a very healthy and happy wife
and have had many children. I think more of it
than any medicine I ever used. It is not only the
best remedy in the world to purify the blood,
but I believe it will cure all skin and blood dis-
eases, and it will certainly cure a case of stru-
mum. I give you my pleasure to furnish this re-
medy to all who are afflicted with this disease, and
who would be cured, and I will know of it and
tell you. M. J. Joe Person's Remedy.

Very truly and respectfully,

J. M. MASON, JR.,
South Gaston, North Carolina.**Sores Breaking Out Over the Face and**
