BY THE ASSOCIATED PRESS

The Governor of Texas Appeals for Aid

for Brownsville.

GALVESTON, Sept. 5.—The Governor

has issued the following appeal.

August 30, 1882. Hon. Mr. County

Judges, Mayors of Cities and Towns of

Texas: I have received a telegram

from Thomas Carson, Mayor of Brown-

sville, stating that there were 500 cases

of yellow fever in that city with an

increase of from 70 to 100 per day and

that the necessity for means to aid the

sick and destitute was increasing and

urgent. Any funds that have been or

may be contributed for the relief of the

suffering people of Brownsville can be

sent to Messrs. Ball, Hutchins & Co.,

Galveston, and can immediately be

drawn by wire for Thomas Carson,

Mayor, to be properly expended.

Signed, O. M. ROBERTS,

Governor.

One Editor Killed and the Other Ser-

iously Wounded.

LONDON, Sept. 5.—A Daily News

dispatch from Paris says M. Delpont,

editor of the Petit Courrier, was killed

by a bullet fired from the tower of the

Hotel de la Ville, during a duel on

Saturday, with a young man, who was

seriously wounded on the head and in

the arm, and also received three

shots on the back. The man will be

prosecuted but will certainly be acquit-

ted.

Turkey Comes into the Convention.

PARIS, Sept. 5.—A dispatch from Con-

stantinople, to-day states that the An-

gio-Turkish military convention has

been signed.

A Cyclone Moving.

WASHINGTON, Sept. 5.—The signal

office reports appearances that indicate

a cyclone moving from Havana. Its

position and course cannot be decided

at present.

Became a Catholic.

LONDON, Sept. 5.—A News dispatch

from Paris says Archbishop Guibert

administered first communion to Mlle.

Berthe de Rohan on Monday. No

members of the family were present.

The Political Mix.

Pittsburgh, Pa., Sept. 5.—A good deal

of talk has been going on in regard to

the political situation in this State.

It is said that the old parties

representing the five issues and that

the younger division is made on new

lines. The latter is the case in the

West, where we have expected less dis-

satisfaction. From the Pennsylvania

side to the foot of the Rocky Moun-

tains, and from the Canadian border

to Lake Superior, the prohibition ques-

tion is everywhere up for discussion

and settlement. In all the Northern

States of this great area, the Republi-

cans are in the majority, and the

prohibition party is the leading

party. That party proposed and

carried the prohibition amend-

ments in Iowa and Kansas. It profes-

s itself ready for a like experiment in

Indiana and several other States. It

has risked a political defeat by its

resistance to the liquor interest in

Ohio. Yet the representatives of the

temperance party got together in

Chicago, and resolved, for the third or

COL. CASH AT ROCK HILL.

He Wishes to Colonize South Carolina

With North Carolina and Virginia

Negroes.—His Speech Interrupted by

White People Throwing

Stones.—He Was Wounded.

Special to the News and Courier.

ROCK HILL, Sept. 3.—E. B. C.

Cash arrived here yesterday afternoon,

and last night attempted to address a

hundred and fifty people who had

gathered at his hotel to hear him. He

had not proceeded far before his speech

was unceremoniously cut short by a

mob of young white men, the

encounter occurring immediately

at the speaker's side. Cash was

denouncing the registration law in the

severest terms, declaring that it was

intended to defeat and defraud the

poor whites, and expressed his abili-

ty to prove it. He was asked to do so,

and this seemed to have been the

occasion of the attack.

At one time a big row seemed im-

minent, when Col. Cash rushed into his

room in the hotel, but soon returned. It

is said, armed for an emergency. Quiet

was restored, but he failed to finish his

speech.

The Greenback-Independent

candidate said enough, however, to

convince us that he will be a firebrand

in this State. He attempted to address

the negroes by expressing abhorrence

of the oppressions which he alleges are

heaped upon them by the State Govern-

ment, and by charging Hampton

with violence against the negroes.

He is opposed to an influx of "lazier

and spotted" Irishmen, but is in favor

of bringing the negroes from Virginia

and North Carolina down here making

of South Carolina, as he expressed it,

"A black New York." His presence

excited curiosity, but his speech has

aroused intense indignation. He

will be welcome to all the white

votes he gets here.
