Fifty-Two New Cases at Pensacola. NEW ORLEANS, Sept. 30.—Dispatch to Pensacola from Pensacola reports fifty-two new cases and eleven deaths.

AERIAL NAVIGATION. Mr. Starr's Wonderful Air-Ship Invention.

New York Dispatch to the Phil. Enquirer. George W. Starr, of Tennessee, is showing models of his new air-ship to interested persons in Cooper Square this evening.

The full-sized air-ship, designed by Mr. Starr, which will cost about \$1,200 to construct, will be in the shape of two cylinders, one in front, pointed, joined together so as to form a straight line, with a space between them large enough for a windmill to revolve. Its axis being parallel with the cylinders. Between the cylinders will also be suspended the power and the engine, and supplies of water and coal gas to feed the engine.

The length of the air-ship will be 132 feet, the diameter of the cylinders is 26 feet, the capacity of the cylinder for holding gas, 2,500 cubic feet, and the ascending power of the air-ship will be 132 pounds. A rudder at the stern will steer the ship, a small vane on an upright axis will serve to raise and lower it, and a weight hung longitudinally below it on a movable cap will govern its inclination.

Mr. Starr thinks that his invention will be especially useful for re-communicating in time of war, for carrying mails over rough country, and for the transport of cylinders, with cars suspended beneath can be drawn like a train of cars with the single propeller.

High Heels, Medically Considered. The heel is made too small and too high, and is displaced forward. Its narrowness makes women unsteady in their gait, like the Chinese. Their equilibrium is unstable. Its height is a trial to the eyes, and it causes an inclined plane, at the rear were constantly going down a mountain; and how fatiguing that is let any one say who has tried to walk on high heels. The foot sliding forward on to the toes doubles them up, producing painful curves on their upper surface. It throws the weight on the forefoot instead of the heel. It causes the spine to be curved, to which we lately alluded, that this twists the axis of the foot forward and often produces painful contractions of the calf muscles, the anterior tibial, and even the muscles of the thigh, due to extra work required by the abnormal posture to maintain the body in equilibrium, and prevent it from falling forward. Especially is the peroneus longus muscle put on the strain by these two defects. Let any one stand bare-legged on one foot, and watch the tendons of these muscles in a looking glass as they contract, and you will be disturbed. Every slight want of balance causes one or another to spring into strong relief, showing their vigorous contraction. Imagine this going on all day in both feet, and one can readily believe that walking and especially running (well-nigh a lost art among corset-bound and Chinese shod women) will be rarely indulged in except when necessity admits of no excuse.

Colored Candidates for Congress. Wash. Cor. Baltimore Sun. Among the Republican nominations for Congress in the southern States there are an unusually large number of colored men, but it is learned here that in almost if not every such instance the nominating conventions have been composed of majority colored men. Several colored men of prominence were also running as independent candidates for Congress in the South, notably in Virginia, North Carolina and Mississippi.

One of the most interesting candidates recently made of colored men is that of Edward Deas for the sixth South Carolina district, who is at present employed as a laborer in the government printing office. Lee and Smalls, the two colored men who were beaten today by Mackey in the contest for the Republican nomination in the seventh South Carolina district, are very well known here, having figured both on the floor of the House and in the departments of other public places. Both are of very unsavory reputation, but it is no more than just to say that their characters will compare most favorably with that of their white competitor, whom they accuse of obtaining the nomination by unfair means. It is quite apparent that many colored men are prompted to run for Congress in Southern districts because of the conviction that the House, if Republican, will seat them, whether they are returned as elected or not.

High Mass in an Episcopal Church. CHICAGO, Sept. 28.—Rev. Arthur Ritchie, (or Father Ritchie, as he is generally known by his parishioners), pastor of the Episcopal Church of the Ascension in this city, is an an extreme ritualist. Last Sunday a notice appeared in the religious announcements that the feast of St. Michael would be celebrated Friday with solemn high mass and that Bishop McLaren would officiate. This called out a card from the Bishop stating that no such office was recognized by the Episcopal Church. The Bishop has refused to take part in the services. Father Ritchie proposes to hold services without him, and it is generally believed that a separation of the parish from the Episcopal Church will follow.

DORSEY'S RELATIONS WITH GARFIELD.

A Story to the Effect that He Gave the President-Elect \$5,000 and was Offered a Seat in His Cabinet.

WASHINGTON, Sept. 27.—According to statements recently made here, ex-Senator Dorsey, of star-route fame, not only declined a seat in Garfield's cabinet after he had elected him President, but when the President elect wrote him a letter complaining that he was being eaten out of house and home by the great rush of visitors to the Capitol, Dorsey sent him as a present a check for \$5,000. While the Republican press has been calling loudly on Dorsey to resign the secretaryship of the national Republican committee, the carpet-baggers in Arkansas have elected him chairman of the Republican committee of that State, although he has probably not been in Arkansas a week at any time for the last half-dozen years.

In regard to the secretaryship of the national committee, it may be said that the duties are mostly nominal. The committee during the last two years has not held a meeting in any of the States. The present committee in all probability will not hold a meeting until the time comes to select a place for the next national convention. At that meeting, unless Mr. Dorsey shall in the meantime have been "vindicating" himself, he does not anticipate it by sending in his resignation.

The investigation into the charges of attempted bribery of jurors in the star-route cases, which has been in progress in the office of the district attorney, is now so nearly completed that the matter is expected to be brought to the attention of the police court in a few days. It is anticipated that the money will develop some facts of an interesting character.

That Circular. Statesville Landmark. Week before last we referred to a circular which Dr. J. Mott, chairman of the Republican State executive committee, has issued to his subalterns, touching the work of organizing his forces and supervising the election.

This circular has doubtless been sent into every township in the State in which a Republican could be found. We are enabled to give an exact copy of this circular, and lay it before our readers as follows:
