

BUSINESS NOTICES. WOMAN. Hope for Suffering Woman. Some-thing New Under the Sun. By reason of her peculiar habits, and her peculiar ailments, woman has been compelled to suffer not only from the ordinary ailments, but from the most peculiar, and of consideration from the part of those with whom she stands connected in her social organization. The frequent visits to the physician, the frequent use of medicine, the frequent use of the most powerful remedies, the frequent use of the most powerful remedies, the frequent use of the most powerful remedies...

The Charlotte Observer. Index to New Advertisements. Burgess Nichols - Furniture, Bedding, &c. D. C. Flow - Candidate for County Surveyor. HOME BRIEFS. No mail yesterday, on account of a misconnection at Danville. Lincoln Superior Court adjourns today. The docket was very light and uninteresting. A vein of brown ore, seven feet thick, has been struck at the Capp's Hill mine. Col. Wm. Johnston was sufficiently recovered yesterday to be able to take an airing in his carriage. Cotton was a little "off" yesterday, the best coming under 10 cents. The market closed weak. The county campaign winds up at Pineville today, and the candidates (or the dear people?) will have a rest. The friends of Mr. John M. George announce that gentleman this morning as a candidate for constable for Charlotte township. Prof. John Holliday, of Boston, was in the city yesterday on his way to the Silver Valley gold mine in Burke county, in which property he is largely interested. Don't forget the charity ball at the Central Hotel to-night. Dancing will commence at 9:30 o'clock. There will be a bountiful supply of refreshments. A letter from a friend in Matthews, describing the speaking at that place, came to hand rather too late to be serviceable, but it is appreciated all the same. The candidates were at Sharon yesterday and they report that a large crowd was present and that the people are beginning to manifest a good deal of interest in the political issues. We were showed yesterday evening a huge onion of the white Italian variety. It weighed 1 1/2 pounds and was raised by Mr. W. Eddins, in his garden in town. John Means, the Lib candidate for constable, invited the chief and all the police force to a supper at his hotel out by Elmwood cemetery, but when night came, they couldn't find John. The attempted theft of a bale of cotton from the depot platform, mentioned in these columns yesterday, suggests the necessity of having a watchman employed as a safeguard, not only against thieving but against fire. James Charleston and Martin Dyle, two hack drivers, were before the mayor yesterday on the charge of cursing at the depot. James was fined \$5 and Martin's case was continued until this morning. Mr. Will Robinson was non est at the mayor's court yesterday morning, and the shooting scrape investigation was postponed. It was subsequently learned that the defendant was taking an airing in the country. A meeting was held last night by about thirty-five young colored men to discuss the propriety of putting out another ticket for county officers. They oppose the present Liberal combination. It may or may not have significance. Miss Emma Hill, an accomplished young lady of Greenville, S. C., and who has many friends and admirers in this city, was married Wednesday night to Mr. Chas. T. Watkins, a well known Richmond merchant. Mr. Lindsay Adams' big corn shucking took place last night, two and a half miles from the city. It was an old fashioned ante bellum time, with plenty of corn, both liquid and solid, lots of darkies, and to crown all, a cart load of pumpkin pies. We were misinformed in regard to the cotton mentioned yesterday as having been captured by constable Orr as stolen cotton. It was merely seized by writ of claim and delivery and the report about it having been stolen was untrue. The boys have got up a pool on the mails now, for the latest thing. The betting is lively and odds are given against the mail coming. So far, those who staked on the mails are out of pocket. Last night the pool showed two bets to one that there would be no mail again to-day. Candidate for County Surveyor. We announce a candidate of the Liberal party for the position of county surveyor, this morning. The candidacy of Mr. D. C. Flow is caused by the declination of Mr. M. D. L. Biggers, nominated by the Republican and Liberal conventions for that office. Reproving His Wife. Jailer Griffith yesterday opened the portal doors of the jail and welcomed old Joe Givens, colored, who arrived to stay ten days for reproving his wife. Joe is 65 years old, and three weeks ago he married a dusky maiden whose years in the land are so few as 24. Their honeymoon was quite brief and yesterday Joe's misused young wife went before Justice Davidson and had her liege lord sent to jail for ten days. Marriage Yesterday Afternoon. At 3 o'clock yesterday afternoon, a few relatives of the contracting parties, assembled at the residence of Mr. James N. Gray, on Ninth street, to witness the marriage of two popular young people - Mr. William G. Boshamer and Miss Maggie R. Gray. The ceremony was performed by the Rev. J. T. Bagwell. Immediately after the wedding, the happy couple took the North bound train for Danville. They will also visit Raleigh before returning to Charlotte. The Depot Captured by Freight Cars. It has been many days since the Air-Line depot presented such a lively scene as it did yesterday at the time of the arrival of the north train. All the side tracks were filled with freight cars, and two freight trains were standing on the main track waiting for a chance to move on. When the passenger train arrived, it had to stop about fifteen minutes before room could be found for it to move up to the depot, and right behind it came one more freight train. There was a regular block of trains for an hour or more, and it required skillful engineering in moving them about and starting them off. The freight business is exceedingly heavy at present and the railroad company find that they have scarcely enough cars to meet the rush.

The Firemen's Monumental Fair. Last night the committee from the fire department on the fair in aid of the monument, held a meeting at the residence of Col. H. C. Jones, and decided that the fair will be held in Sanders & Blackwood's hall, on the dates as previously agreed upon, the 14th, 15th and 16th of November. They are greatly encouraged by the interest the ladies are manifesting in the fair. It is proposed to end the fair with a skating carnival and general masquerade. It has been decided to have the monument ready and in place by the 20th of next May, and the cost of the monument will depend largely upon the amount of money realized by the fair. It is to be hoped that the \$1,000 already in hand will be swelled to \$2,000 or \$2,500, and enable the firemen to secure a monument that will be a credit not only to themselves, but to our city. Money by Express - New Rates. Mr. George King, agent of the Southern Express company in this city has received a schedule of special rates lately adopted by the company for the remittances of small sums of currency by express. The rates charged will be as follows: On sums of \$20 and under, 15 cents; on sums over \$20 to \$40 inclusive, 20 cents; on sums over \$40 to \$50 inclusive, 25 cents; on sums over \$50 to \$75 inclusive, 40 cents. These rates apply solely to shipments for points where the Southern Express company, or the Texas Express company, has an agent in the States of Virginia, North and South Carolina, and all the Southern States. The Express company is getting business down to a fine point in the matter of money remittances and the postoffice department will have to wake up or get left. The above rates are official and we call the attention of the State papers to it, as many of them have printed an inaccurate report of the special rates, having the figures ten per cent. higher than they ought to be. Col. Myer's Campaign. Col. W. R. Myer, the Republican candidate for the Senate, from all accounts has not made a very brilliant campaign. At Berryhill township, he censured the magistrates for turning out a set of commissioners who refused to grant licenses to bar rooms. He also argued that the special tax bonds was an honest debt and compared them with the bonds issued by Mecklenburg county for the Air Line road, and went on to charge the Democrats with repudiating them. At Long Creek township, he told the people that if he had been a member of the last Legislature, he would have voted for the prohibition bill, and further, that if he is elected this time, and the same number of petitions were sent up, he would vote to again submit the question to the people. Col. Myer got tired going around talking to little township meetings, and announced that whenever there would be a good white crowd, he would meet them.

The P. neville Celebration - Special Train. There is to be a large political meeting at Pineville to day and tonight, fireworks and tar barrels at night. During the day the county candidates will entertain the people, but the big part of the celebration comes in at night, when Hemphill, of South Carolina, and Dowd, Osborne, Waddell, Bailey and others of this State and city will address the people by torchlight. A cannon has been secured from which to fire salutes and they will have a rip-roaring time generally. Besides the crowd going from this city, the people from all the surrounding country will be there and the celebration to-night will be the grandest one of the campaign. An effort has been made to secure a special train to leave here at 6:50 o'clock in the afternoon and return immediately after the meeting. The fare for the round trip will be only 50 cents. Mr. T. M. Pittman requests us to state that those who wish to go will please leave their names at the law office of T. M. Pittman or at the Charlotte Hotel by 12 o'clock, that the necessary arrangements may be made. The little daughter of the editor of the Times, a daily star and morning paper, relieved of a severe cough by three doses of Dr. Bull's cough syrup. A twenty-cent bottle of this valuable remedy will cure the worst cough. Candidate for County Surveyor. Mr. D. C. Flow, the nominee of the Liberal party for the position of County Surveyor, having withdrawn from the contest, I hereby announce myself an independent candidate for that position. Although the office to which I aspire is not political in any sense, I have no hesitation in saying that my sympathies are with the Liberal party in this regard, and that I expect to vote the entire Liberal ticket on the day of election. D. C. FLOW. Mint Hill, Mecklenburg county, Oct. 26, 1882. For Constable. The friends of Mr. John M. George, hereby announce him as a candidate for constable in Charlotte township. VOTERS. COL. WM. JOHNSTON. I hereby announced a candidate for Congress in this, the Sixth, District, Oct. 4.

Independent-Republican Candidate for Clerk of Superior Court. TO THE VOTERS OF MECKLENBURG COUNTY: At the earnest solicitation of my many friends I hereby announce myself as an independent candidate for Clerk of the Superior Court of Mecklenburg County, N. C. In submitting my claims to the voters of the county, I do so as a Republican, and leaving it to be determined by the people of Mecklenburg county, at an election to be held on the 7th day of November, 1882, as to their choice. My record in the past may be a guarantee for my organization to gratify the wishes of a few office-seekers. In the masses of the Liberal party (so-called) are anxious for the defeat of the Bourbon Democrats they will vote for Republicans. C. CALLAHAN, Oct. 1.
