The curiosity at Mr. Harrison Watts' cotton office yesterday was a cotton stalk nine feet long. It was raised by Mr. Willis Vail, on Mr. T. L. Vail's place, near town.

Mr Willis E. Pegram left last night for Atlanta, where he takes a position in the Air Line depot. Willis is one of Charlotte's most popular boys and all will regret to lose him.

The Farmer and Mechanic, the best weekly paper in the State, except THE OBSERVER, comes out this week wearing a new and exceedingly handsome head. We are glad to note the friend Shotwell has our hopes that great as its success has been, it will be still greater in the future.

A Small Robbery. Last Thursday night the market house of Mr. A. W. Vogel, on Tryon street nearly opposite the Charlotte Hotel, was entered by a robber who broke open the cash drawer and robbed it of all its contents; amounting to \$1.50 in specie. A ten dollar Confederate bill and a 1/2 cent copper were also taken. Nothing else in the house was disturbed. Entrance was made by prizing open the back door.

The Charity Ball.

The charity ball given last night at the Central Hotel was quite a success in all respects. The floor was well filled with gay and festive couples who tripped the traditional fantastic unwearied until after 1 o'clock. The receipts from the sale of tickets amounted to \$150 and added to this the receipts of the refreshment tables, and the Home and Hospital will realize a very handsome little sum.

The Italian Harpers.

There has been a marked improvement noticed in the music of the Italian harpers this season. They now give nearly all new music, and it is better even than the old. This band is conceded to be the finest string band in the State, and it certainly deserves that reputation. The music at the ball last night was splendid, and was the best, we believe, the band has ever given. Our Charlotte band deserves a good word

and we gladly give it.

Colored Democratic Club. Through the efforts of Capt. F. A.

McNinch, a large club of colored Democrats has been organized in the city, with Gray Toole, president; Jas Harris, vice president, and Ed Sparkling, secretary. The organization of the club was effected with thirty-one enrolled members and many others will come in at the next meeting of the club. The entire thirty-one members went to Pineville to attend the Democratic celebration last night. Gray Toole had a speech prepared which he was to deliver should be get an opportunity.

It shows the receipts of cotton from September 1st, to October 27th, 1881, to be 5,897 bales, and the receipts for the same date this year to be 15,026 an excess this year over last, of 9,129 bales. The receipts for the cotton week ending yesterday 2,871 bales and the receipts for the same week last year were 1,520, an increase of 1,351 bales over the receipts of the same week in 1881.

CONDUCTORS' LIFE INSURANCE. Torchlight in Stoney Lonesome.

How the Men of the Rail Provide for Themselves --- Something About the Late Meeting of the Association, and

a few Incidents. Conductor John Dodson, who has just returned, with his wife, from the meeting of delegates to the Railroad Conductors' Life Insurance Association of the United States and Canada, held at Milwaukee, Wisconsin, in a pleasant chat with the reporter told some things that may be of interest to the public. The association was organized in Cincinnati, October 22, 1868. for the purpose of assessing each mem ber \$1.00, to be paid to heirs of each deceased member or to each member entitled to the same on account of "total and permanent disability for performing the duties of conductor." The total amount of benefits paid from organization to the present time was \$950,599; total number of benefits paid 419; and average amount of each, \$2,269. Passenger and freight conductors are included in the organization. Twentythree members were disabled, killed or died last year, representing roads from Boston to San Francisco, and from Quebec to the Gulf of Mexico. The only salaried official is the secretary. He gets \$1,200 and office expenses, and resides at Columbus, Ohio, where, also, reside the members of the executive committee. All cases of disability, certified to by two surgeons or physicians, together with a history of the case certified to by a division secretary and five members best acquainted with the case, are referred to the executive committee and a surgeon or physician selected by that committee. The decis-

ion of the committee and of this surgeon is final. The loss of a leg or arm, blindness, and a few things of that kind insures a benefit without delay. Cases where time may possibly restore what has been pronounced life infirmispicuous in local politics, died in this ty, are laid over for further consideracity yesterday evening. His funeral tion and investigation, the object being will take place this afternoon at 3 to preserve the association from selfo'clock from the First colored Baptist | destructive taxation. The spirit of the association from the beginning, with a single exception, has sustained the executive committee. The exceptionecutive committee. The association, having returned to its ancient landmarks, is in a prosperous condition. The cost per member, for insurance, last year, was about \$25. Sixtyfive railways kindly offered to pass delegates and their wives to and from the convention, A special train of the Chicago and Northwestern took delegates from Chicago to Milwaukee. Conductors, by thus coming together, have a very wide field of free transportation. They learn from each other,

and from what they see, besides taking about a week's vacation. Excursions from the place of meeting and many other courtesies are tendered, making the trip extremely desirable for enlargement of pleasant acquaintance, besides the more important prime object of the meeting. Quite a number of ladies were in the party from various parts of

the United States. Conventions have been held in Cincinnati, Columbus, Ohio, Philadelpnia, Chicago, Louisville, Boston, St. Louis, New York, Atlanta, New Orleans, St.

Paul, Montreal, Mil waukee and Detroit.

Democratic Rally at Pineville. The rally at Pineville yesterday evening was a grand success, about five hundred people being present. Speeches were made by Messrs. Bailey, Dowd, Waddell, John G. Potts, also by Gray Toole and John Henderson, colored, who addressed their remarks especially to the colored voters, and were listened to with marked attention. Their speeches were highly complimented. The colored brass band of in what has been commonly known as | Pineville furnished the music for the occasion. The late hour at which we

Mr. Arthur Butt yesterday evening favored the members of the city press and a few friends with an exhibition of his paintings representing scenes in the old Bible. His paintings on Revelation have given Mr. Butt a wide-spread reputation and one well deserved, but his new paintings will make his name known throughout the land. In one sense of the word, Mr. Butt is a wonderful artist and his skillful brush works strangely beautiful pictures on canvass. In his new paintings, the first scene representing the "Beginning," is a remarkably impressive one. There are 30 scenes in all, the last two being gold paintings, one entitled the "Holy Place," and the other "Holy of Holies." Elijah in the chariot of fire, the Hebrew Children in the flery furnace, the ark and the animals, are specially fine productions. The public may safely Some interesting facts in regard to | anticipate something beautiful in the the cotton trade of Charlotte may be exhibition of these paintings at the had by turning to our market reports, opera house next Monday night. Drowned in a Spring.

A little six year old colored boy, son of Graham Davidson, met with his death vesterday morning by drowning in a spring, near his father's house in Pineville, a suburban settlement. About nine o'clock in the morning the body of the boy was found in the spring, lying face downward in the water. The surrounding circumstances indicated that it had been in the spring only a short time, as the body was warm when taken out. The spring is in a deep hollow, near the house of Joe Seahorn, and an abrupt embankment leads down to it. It is supposed that the little boy was playing on this embankment and slipped and fell, striking his head on some of the numerous rocks and falling insensible into the spring, which was a very shallow one. A wound was found on the back of the boys head, evidently made by its coming in contact with a rock in his fall No one was with the boy at the time, so far as any one knows, but Dr. Wilder advised the unfortunate lad's father to notify the coroner and have an inquest held over the body.

A citizen of the Quaker City, Mr. F. Freed, living at 122 Vine street, recently spoke as follows "Being afflicted with a distressing cough, Dr. Bull' cough syrup was recommended to me for reliet.

I am happy to say that a few doses not only gave
me instant relief, but effected a complete cure."

Next Tuesday night, 31st inst., Gov. Vance will meet the people of the countv at Stoney Lonesome, in Steele Creek township. The people of that portion of the county have arranged to make a grand thing of it. They will have a stock 817. torchiight procession and will illuminate the neighborhood of the speakers' stand with burning tar barrels. Besides Gov. Vance, Col. H. C. Jones, Capt. R. P. Wariug, Col. A. M. Waddell and Messrs. Baily, Grier and Osborne will deliver addresses. When Stoney Lonesome sets about doing anything, she does it well, and this Tuesday night celebration is to be a big affair.
