The only sure remedy yet found is Brown's Iron BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why Brown's IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

Encouraging Political Outlook --- Dr. Mott's Failure -- Democratic Victory

The main battles of the campaign have been fought. The heat and strife of a bitter and determined political contest are over, and to day quiet and peace reign in the air, and it is an ap propriate time to take a glance at the field and see what the real situation may be. There is no denying the fact that from the outset the Democratic party has had heavy odds to fight against. The ingenious brain of Dr J J Mott, a cunning and bold political manipulator, set to work and got up a scheme that one time, by reason of its most plausible pretenses and cleverly concealed fraud, came well nigh proving successful. But the people are not easily fooled. When they began to revolve the question in their minds as to who is this man Mott, what has been his record in the past, and what is his object in trying to get up this so-called Liberal movement, it set them to think-Prayer meeting Wedn-sday evening at ing and they were not long in coming to the conclusion that there was something "rotten in Denmark." It required but a second look to show them that it was all a clumsy trick to entrap unsuspecting Democrats into voting to sustain the old Republican party and to keep it in power. Dr. Mott's programme was skilfully prepared, and it was, it must be admitted, a most formidable one. It was constructed with the special object of capturing recruits from the Democratic ranks and at the same time to retain all of the old Republican voters. If this end could be accomplished, it was easy to see that the Republican party would be in a fair way to gain a triumphant victory next mice and men gang aft aglee," and so it was with Dr. Mott's programme. ness of his scheme, and instead of rallying to his banners, hundreds of what might be called lukewarm and indifferent Democrats, were driven back into the old Democratic ranks. None save a handful of office seekers clung to Dr. Mott and they are doomed to go down in defeat with him next Tuesday. It

> hundreds of them have declared their intention to either stay at home and not vote at all, or if they vote to put in a good Democratic ticket. So it turns out that while Dr. Mott has failed to entice any Democrats, he has at the same time driven numbers of voters out of his own ranks and actually made the chances for Republican success weaker than they would have been had the fight been made on the old issues between the two old parties Truly Dr. Mott has made a woeful failure, but the Democrats should look upon him kindly all the same, as it is entirely owing to his manipulation of the campaign that success has been made easy for our

The prospects around us are bright. the indications now point the fact that in our own county of Mecklenburg the regular Democratic ticket will be elected by majorities ranging from 200 to 500. Not a single Republican will

get in. Reports from the neighboring counties are most cheering. The campaign in Catawba closed yesterday at Newton, where Major Dowd and Col. W. L. Steele addressed the people. We have word from Catawba that the Democratic ticket will receive over 1,500 majority in that county. Cabarrus will give the Democratic nominees handsome majorities; so will Union, while Cleaveland will come in with a majority of over 1,200. The Democrats claim that they will gain Richmond county this election. The outlook, on the whole, is brilliant. It only remains for every Democrat to turn out and do his duty and a glorious victory is ours.

A Big Fight in Rockingham Between Citizens and a Gang of Negroes.

News was received in the city last evening to the effect that about 3 o'clock yesterday afternoon a considerable riot between whites and blacks, occurred in Rockingham. From what we could learn it appears that a revenue officer, or a government employee, named F. S. Spears, came into the town with a squad of a hundred or more negroes and took them before the registrar to have their names registered. The registrar refused to take their names, for the reason that they were not residents of that township. Spears insisted upon having the names of his party registered, and the registrar as firmly refused to comply with the demand. The result was a big fight, which Spears and several negroes were badly used up. The fight appeared to have been a regular knock down and drag out affair. and if any fire arms were used our informant did not know of it. The registrar, of course, did not fight the crowd alone, but was backed by a crowd of friends. No one was seriously hurt in the fight, and all the participants were arrested and put under bond for trial

by the courts. The Wadesboro Fair. A very large crowd from Charlotte will leave next Tuesday night for Wadesboro, to attend the Dixie Fair, to be held on the 8th, 9th and 10th, and which promises to be a greater success this week than ever. Gen. Dargan, the "old war horse" of the Pee Dee section will deliver the annual address at the Dixie Fair. It is not necessary for us to say, for our readers know full well, that he has a wider range of information concerning the agricultural industries of this section during the past fifty years than any man now living. Hon. R. T. Bennett, Anson's worthy and distinguished son has been invited to deliver an address during the Fair and this announcement alone will be sufficient to draw a large crowd. On Thursday the business men of Wadesboro will close their places of business and attend the Fair. The railroads in this section will issue tickets to Wadesboro, during the Fair at half rates. The

The Race for Township Constable.

THE OBSERVER has advised he sugport of the regular nominees of the Democratic party for all the offices to be filled next Tuesday, but in the matter of township constable no one has been nominated and voters will be untrammelled by the edicts of any convention. Mr. John M. George, is a candidate for one of the positions to be filled Without prejudice to any of the other candidates we desire to say that Mr. George is a capable and industrious printer, who has worked in THE OB-SERVER establishment continuously for nearly ten years. Entertaining the opinion we do of him we would be glad to see him elected.

Mr. Arthur Butt and his Paintings. About the first of next week Mr A. L. Butt will start out on a tour of the States with his paintings, "Revelations" and "Bible Stories." He at first thought of going towards Washington City, commencing at Concord and taking in all the towns along the line, but he has lately received so many letters from the towns around Charlotte asking him to give them an early exhibition of his paintings, that he has concluded to visit the neighboring towns dirst and then strike out from home. He will probably go to South Carolina and then come back to this State and exhibit his paintings at Davidson College, Concord, Monree and adjoining towns before starting North.

About Ginning Cotton.

Much complaint is again made by cotton buyers in some localities of what is called gin cut cotton. Cotton ginned in this way not only depreciates it in the market, but its tendency is to injure the market where it is sold. It is ascribed to two causes, one being fast ginning, the other by ginning when the cotton is damp. It would be infinitely better for the farmers to have half the number of bales ginned daily and pay a larger toll than double the quantity at a smaller charge and have their cotton cut and napped by too rapid ginning, besides running the certain risk of selling it at a reduced rate per pound.

Cotton Thieves Arrested. Yesterday morning two colored men named Chas. Kerns and Israel Walker, were brought to town and committed to jail on charge of stealing cotton from Mr. Dave Alexander, in Mallard Creek township. Mr. Alexander had been missing his cotton for some time and his suspicions finally centered upon these two negroes, who were watched and caught in the act, having 800 pounds of cotton on their wagon at the time of their arrest. They were tried before Esquire J. P. Tomason, who sent them to jail in default of bail for their appearance at the next term of the Inferior Court for trial. A third party was implicated in the theft and though he made his escape he will no doubt soon be captured.

A Desperado Captured. Policemen Blackwelder and Boyte last night captured a formidable character in the person of Pink Byers, colored, disarmed him and put him in the lock-up. Pink had been raising a big disturbance in his house and his family sent for the police to protect them from his violence. Blackwelder and Boyte responded to the summons and arrested Pink a short distance from his home. When arrested the negro was found to be armed with a large pistol, one of the sort that shoots eleven times without stopping, a pair of brass knucks and a loaded stick. He hadmade threats against the police and had prepared himself to resist arrest. He is a bad character and deserves to be dealt with severely.

The brother who has not been to the seaside, Saratoga, or across the ccean, ought to have proof that he is appreciated by his people, and what better proof of this, asks the Biblical R corder, can a pastor have than a paid up salary and thorough co-operation in his work?
