## No Whiskey!

Brown's Iron BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

Brown's Iron BITTERS is guaranteed to be a nonintoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Res view, says of Brown's Iron

Bitters:

Cin., O., Nov. 16, 1881.

Gents:—The foolish wasting of vital force in business, pleasure, and vicious inches gence of our people, makes your preparation a necessity; and if applied, will save hun-dreds who resort to saloons for temporary recuperation.

Brown's Iron BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debil-ity, overwork, rheumatism, neuralgia, de consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

## GOOD NEWS! GOOD NEWS! WHY, that little JULIAN over al Beall & Co's Whas started a FISH and O'BTER Belivery Waster and save he will guarantee from these of

Opera House, Thursday, December 2 ist.

HOME BRIEFS.

W. Flemming returned t) the city yesterday from New York. Miss Josie Frankenthal is visiting friends in Adanta and will remain there for several weeks.

Four droves of horses and two of hogs are now quartered at Wadsworth's stables.

Albert Fipps, the insane colored man who was sent to the county poor house last Monday, made his escape Tuesday night and is now at large.

From a private source we learn that a banking association has been formed in Salisbury and that a National bank will soon be an institution in that town.

The "Tourists" bills were posted yesterday by our efficient paste slinger, Nat Gray, and are decidedly the most attractive bills that have adorned the boards of the city this season.

Travel on the railroads has been exceedingly heavy this week. Every train that has come into the city has been crowded. A great number of Northerners are going through to Florida. The mayor yesterday fined Al-

bert Bost \$3 50 for using profane language. Jim Kimball, for disorderly conduct at the depot, was fined \$10. Jack Hayes, for committing a nuisance, Was fined \$1250, making a total of \$26 for one morning's session of the court. During the excitement in Lincolton the other day, the military were joined by citizens with shot guns and all sorts of weapons. After it was all ever, a good deal of fun was poked at one citizen who appeared on the scene with his shot cun and bird dog.

Mis. H. M. Norment, who lives about four miles from the city, on the Carolina Central railroad, came to town | house and locked up and will be tried vesterday and claimed the chickens this morning. The man, in admitting stolen by Alex Davis and brought to that he had forged the note, stated that the city in bags. Davis was yesterday he had very frequently written orders sent to jail in default of ball for his ap-1 of the same kind and signed Mr. Ray's pearance for trial by the Inferior court | name to them and that Mr. Ray had The Augusta (Ga) Evening always honored them. Mr. Ray has

News says of some Charlotte people "Capt and Mrs John G Young of Charlotte, will make their home in Augusta and are cordially welcomed. Capt. Young is with Mr W J Pollard, and Mrs Young arrived Saturday. She is sister of Mrs George T Goetchius, and has already many friends in our city." Shipping Hogs to Charlotte by Rail.

Mr. A. A. Talley from Cocke county, Tenn, is stopping at Wadsworth's stables with two car loads (189) hogs. They were loaded at Morristown, Tenn, and shipped through to this place. Traders in East Tennessee and Western Virginia would do well to look to the advantage they have in shipping direct over the Western North Carolina Railroad to Charlotte, the best distributing point in the South. When the railroad gets completed from Cincinnati to Morristown via Knoxville, traders from Lexington, Danville and Paris, Ky, will have a much shorter route than at present to this point.

Opera House. On Monday December 18th, we are to have a visit from the prettiest, brightest and most be witching little singing and dancing soubrette on the stage, "Marion Elmore," in her new play, "Chispa," a romantic stage picture of life and love in the great Redwood forests of the Santa Cruz mountains, of California. Miss Elmore is spoken of by our exchanges in the highest terms and with her bright eyes, wonderfully graceful dancing and merry laugh, is winning her way deep into the hearts of all who hear her. Miss Elmore is supported by an exceptionally strong company, some of the characters being entirely new to the stage. The pathos of the play is very touching, the humor uproarious and the sentiment beautiful. It is seldom we have an opportunity to see companies of this kind and we hope the theatre going people of Charlotte will turn out and give the little lady a royal welcome.

Death of Lieut. Allan Jordan, U. S. A. Mr. Robert Jordan yesterday morning received a telegram from Wyoming, stating that his brother, Lieut. Allan Jordan, who was stationed at Whipple Barracks, Wyoming Territory, died suddenly Thursday evening and that his body would reach the barracks yesterday. The telegram gave no particulars whatever, but the intimation that Lieut Jordan's death occurred suddenly and at a distance from the barracks, leaves the inference that the was most probably killed in a skirmish with the Indians. The deceased officer is 32 years old, and graduated from West Point in 1879 and immediately thereafter was sent to his station in the West. About a year ago he was sent to Washington City on business and obtained leave to come South to isit his relatives and friends. He was a gallant young officer, and one of the most popular and highly esteemed men in the United States service.

The Tourists Coming. Mestayer's Tourists have engaged the opera house for December 21st, and the announcement will be received with delight by our people. "The Tourists in their Pullman Palace Car," are the joillest party of tourists that have visited this city in many years. Their entertainment is one incessant flow of fon, and the audience has hardly time to catch its breath after one prolonged laugh before it is precipitated into another. Of plot there is little, and such as there is has no great interest, but the thousand and one somicalities by which the company almost tires the audience with laughter, holds even the idless attention until the curtain falls. The sketch, for it is only an amplified sketch-is full of surprise, and is a humorous compendium of the entire stage in samuch as in it are presented serious and comic acting, singing, dancing, selections from opera, broad burlesque and instrumental performances. Reason must not seek to inquire into the whys and wherefores of plot and incident; the spectator must simply be content to laugh and be merry.

Hornets' Nest Rollemen, Non Est. The rifles and other State property lately in possession of the Hornets' Nest Rifles, are to be turned over to the Polk Rifles. We are asked to give notice to every member of the company who has any property in his possession belonging either to the State or to the company to turn it over to the committee at once, or they will become personally liable.

Sermon by Bishop Lyman and Confir-

mation Services. A large congregation assembled at the Episcopal church last night to hear the sermon of Bishop Lyman. The eminent divine took his text from Matthew 21st 5v: "Behold thy King cometh," and preached a sermon of unusual power and eloquence and which was listened to with marked attention and interest by the congregation. After the sermon, confirmation services were held and the rite was administered to a class of sixteen persons.

Prize Drill, Shooting Match, Etc. The Polk Rifles of Pineville, having secured the arms of the Hornets' Nest Riflemen are going into the work of making their company one of the very best in the State with a vim. On the 20th instant they will have a prize drill, the plume to be awarded to the best drilled man in the company. They will also have a glass ball shooting match and the prize to the best shot will be a silver cup. At night a festival for the benefit of the company will be given. The public are invited to

witness the drill and shooting match

and attend the festival. Arrested on the Charge of Forgery. Yesterday morning a white man named W. J. Orment presented a note to Mr. S. Wittkowsky, which asked that the bearer be paid \$20, and was signed R. R. Ray. Mr Wittkowsky being a little suspicious of the note, called in Policeman Irwin, who began questioning the man as to its genuineness. Orment at first declared it to be genuine, but at last admitted that the note was a forgery and written by himself. He was escorted to the guard

and testify in the case.

The Festival at Laurinburg. The festival given this week by the young ladies of the Baptist church in Laurinburg, was quite a successful one, resulting in securing a church fund of \$200. Among the ladies who took an active part in the festival and to whose efforts its success was due, were Mrs Dr Stewart, Mrs Baker, Mrs J H Trimble and Mrs Lucas, and Misses Mary Stewart, Sallie Stewart, Sallie Lucas, Mollie Hines, Nola Williams, Mary Petteway, Minnie Moore and Eva Woody. Miss Annie Petteway kept the postoffice and a most charming postmistress she made. In the raffling, Mr Archie Johnston won the first silver cup, Miss Ida Meachum the second, and Mr Petteway the third. Mr J Lucas won the silver butter dish. The music was furnished by the Laurinburg band, led by Prof J W Philips, of Fayetteville. Among the incidents may be mentioned the feat of Mr D K F Everitt, who got away with five quarts of oysters. An exceedingly pretty and vivacious young lady had all the boys charmed and paying every attention to her the whole night, treating and flirt ing, until about time the festival closed, they discovered that their fair charmer was none other than a youthful boy, dressed, powdered and primped fit to kill. The festival was a most pleasant one, and was a credit to the ladies who

The West Point Terminal---Annual

Meeting of the Stockholders. The annual meeting of the stockholders of the Richmond and West Point Terminal Railway and Warehouse Company was held in Richmond Thursday, in the office of the Richmond & Danville Company, R. T. Hubbard, Esq., in the chair, and R. Brooke, Esq., secretary. After calling attention to the report of the general agent of the company, and the statement of the auditor, the president, in his report, gives a brief general description of the various railroad properties owned and controlled by the Terminal company, and in conclusion says:

The gross earnings of the roads controlled by your company for the months of October and November show an increase of 22 per cent, thus realizing, to a certain extent, the anticipations of largely increased business. It will be gratifying to the stockholders to learn that during these two months the net earnings, over ordinary operating expenses, have increased over 43 per cent over the same period of last year, showing that the large expenditures made in improving the properties during the year have rendered practicable the handling of the larger business with greater economy, thus demonstrating the increased earning power of the

roads. The report of the general agent, as given by the State, shows the capital stock paid in as follows: \$7,500,000 less \$8,600, the amount, \$7,500,000 being 30,-000 shares, at par, \$3,000,000; 20,000 shares at par, \$2,000,000; 100,000 shares at \$25 per share, \$2,500,000, making 150,-000 shares at an average of \$50 per share, \$7,500,000 (par value, \$15,000,000.)

Thus the capital stock of the company consists of 150,000 shares, of the par value of \$100 each, and was issued fullpaid stock, as authorized by its charter a : amended February 21 1882. Of this the Richmond and Danville Railroad Company owns 75,100 shares, and other stockholders 74,900 shares. The report also gives a list of the railroad properties owned, controlled and operated by the terminal Company, the total mileage being 1,541. The properties include the Virginia Midland, the Western North Carolina, the Charlotte, Columbia and Augusta, the Columbia and Greenville, and the Georgia Pacific, 150 miles of

the latter being in operation. On motion the following officers were elected: W. P. Clyde, president; T. M. Logan, vice president. Directors; Robert Harris, A. S. Buford, John A Rutherford, M. Bayard Brown, T. M. Logan, A Popular Man's Experience.

Yesterday morning as Dr. Gregory's cook entered the kitchen to get break-

fast, she was astonished to see the figure of a man leaping from the window. Her astonishment was still further increased at finding everything in the kitchen, including chairs and tables, piled up in the middle of the floor ready to be taken away. It would have required a dray wagon to carry off all the things which the enterprising burglar had sorted out. It was about daylight when the cook entered and disturbed him, Dr. Gregory wishes us to tell the thief that if he will come again and inform the doctor of his coming, a wagon will be placed at his service and the doctor will help him to load up the things. After leaving Dr. Gregory's premises, the same thief, it is supposed. went to the house of Prof. Lasne, near by, and carried away all the coal the professor had on his premises, amount-ting to about half a ton. How the this could steel coal without making thief could steal coal without making noise enough to be heard is a mystery.

An exchange says: "Man's average life is 33 years." Dr. Bull's cough syrup will a ways live. The Other Side of the Case.

To the Editor of The Observer. In your Wednesday's issue was an account of a difficulty which took place between Jas McDonald, and his daughter, and myself and brother, SL Thornburg, which I think does us injustice. In the item it is stated that the daughter of Mr McDonald was "knocked down," which is incorrect, and that Capt Dickson and "sheriff" Henderson proved to be "good Samaritans," by their timely arrival.

My brother, S L Thornburg, struck Mr McDonald for an insult and I took his part in the fight. Miss McDonald came to the assistance of her father and attempted to take a piece of a bar post away from me, and in the struggle or its possession she tell down, not beng injured in the least. Capt Dickson never got out of his

buggy, and the "Pinchgut" "sheriff" took little or no part in the affair.

Respectfully,

F. B. THORNBURG.

FOUR LIVES SAVED.

Dr. Bull's cough syrup relieved four of my children of a most alarming attack of whooping cough from which their throats and necks become so swoolen as to prevent them from swallowing. Nothing would give them even temporary relief, until this syrup was tried. One bottle in one night saved their lives, I verily believe.

GEO W. EARHABT,

Captain of Police, Baltimore, Md.

named, and who is known to every one in Chicago, said to one of our representatives: "I am only too happy to say that I did use St. Jacobs Oil; my right leg was crippled in a most awful manner with inflammatory rheumatism, and my sufferings been summoned to appear this morning were extreme, I tried more physicians than I care dom from pain than if I did not have them in at-

tendance. I heard about St. Jacobs Oil, used it and was cured.-Chicago Times. Who is Mrs. Winslow As this question is frequently asked, we will simply say that she is a lady who for upwards of forty years, has untiringly devoted her time and talents as a Female Physician and nurse, principally ents as a remaie rhysician and nurse, principally among children, She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup, for children teething. It operates like magic—giving rest and health, and is moreover, sure to regulate the bowels. In consequence of this argiving rest and health, and is moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—try it now.—Ladles' Visitor. New York City. Sold by all druggists. 25 cents a bottle.
