Keeping Grocery.

Wall Street News. In a town up the Hudson two farm-ers had an itching last Spring to go into trade, and after canvassing the object for a spell, they put in \$1,000 each and opened a grocery. Trade was dull, both had large families, and they finally concluded to dissolve partnership. In this frame of mind they consulted a lawyer, who asked:

"What is the value of the stock on hand?"

"About \$1,200."

Several of the above symptoms attend the disease, but cases have occurred when but few of them existed, yet examination after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the above

Persons Traveling or Living in Unhealthy Localities, by taking a dose occasion-ally to keep the Liver in healthy action, will avoid all Malaria, Bilious attacks, Dizzness, Nau-sea, Drowsiness, Depression of Spirits, etc. It will invigorate like a glass of wine, but is no intoxicating beverage,

board of health, and whilst our health board is in its infancy, its good influences are being felt throughout the whole State, and the time is not far distant, if properly nurtured, when it will be regarded as as indispensible part of our State machinery, and for the purpose of showing our recognition of the faithful performance of the many irksome duties connected with its existence by the eminent gentlemen who have been the guardians of it, I move that the House promptly table the bill.
