A COMMON-SENSE REMEDY.

SALICYLICA.

No More.

Rheumatism, Gout or Neuralgia

IMMEDIATE RELIEF WARRANTED.
PERMANENT CURE GUARANTEED.

Five years established and never known to fail in a single case, acute or chronic. Refer to all prominent physicians and druggists for the standing of Salicylica.

SECRET:

The only dissolver of the Poisonous Uric Acid which exists in the Blood of Rheumatic and Gouty Patients.

SALICYLICA is known a common sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been conceded by eminent scientists that outward applications such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

SALICYLICA works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER

that SALICYLICA is a certain cure for Rheumatism, Gout and Neuralgia. The most intense pains are subdued almost instantly.

Give it a trial. Relief guaranteed or money refunded.

Thousands of testimonials sent on application.

$1 A BOX. 6 BOXES for $5.

Sent free by mail on receipt of money.

ASK YOUR DRUGGIST FOR IT.

But do not be deluded into taking imitations or substitutes, or something recommended as "just as good!" Insist on the genuine with the name of WASHBURNE & CO., on each box, which is guaranteed chemically pure under our signature, an indispensible requisite to insure success in the treatment. Take no other, or send to us.

NO USE FOR THEM.

Concerning Certain Relics of the Past ---Dogs that Have had Their Day.

George Stephenson's "Rocket," and the magnificent locomotives of to-day, are built upon the same general principle, yet the machine with which the great engineer astonished his age, is interesting now only as an illustration of the beginning of the invention. There were plasters with holes in them long before BENSON'S CAPCINE POROUS PLASTER surprised both the public and the physicians; and the triumph of the Capcine is founded upon the partial successes, or the utter failures of its predecessors. Everything of value in the old porous plaster is retained in the Capcine; but at this point all comparison ends and contrast begins. For example:

The old plasters were slow in their action; the Capcine is quick and sure.

The old plasters lacked the power to do more than to impart a light, temporary relief in cases easy of treatment; the Capcine penetrates the system and permanently cures the troubles for which it is recommended.

The old plasters depended for any good results they might attain upon an accident of their makers and the naked faith of their wearers; the Benson's reaches its ends by means of the scientific combination of the rare medicinal ingredients which it contains.

In brief, the old plasters, like Stephenson's discarded engine, are switched off the track, while the Benson's goes on its way winning golden opinions from all sorts of people.

Yes, in this very fact lies the leading danger to the people who buy and use this reliable and scientific remedy. "Hypocrisy is the tribute vice pays to virtue." Imitation is the concession failure makes to success. Benson's Plasters are paralled in name and style.

Beware of swindles. The genuine have the word CAPCINE cut in the center. Price 25c. Seabury & Johnston, Chemists, New York.

GRATITUDE.

DENVER, COL., Aug. 29, 1882.

GENTS—I cannot find words with which to express my gratitude to you for the cure your Swift's Specific has effected in my case. I was afflicted with the horrible blood disease for three years, and after spending some time at the Hot Springs, considered my case a hopeless one. I used only one dozen small bottles of S. S. S., and there is not a sign of the disease remaining. My sores are all healed, my throat is entirely well; I am rid of that terrible disease. Being a drug clerk, I have seen so many hundreds of men dosed with Calomel, Iodide of Mercury and Iodide of Potash, until they were made complete wrecks, that I shudder to think of the misery which has been brought on the human family by the use of Mercurials for Blood Diseases. It is a crying shame that physicians will not acknowledge the merit of your GBAND Blood Medicine. Use my name as you wish. I refer you to my present employers, or to Messrs. Collins Bros., St. Louis. J. H RAIF,

Broadway Pharmacy, Denver, Col.

If you doubt, come to see us, and we will CURE YOU, or charge nothing. Write for particulars and a copy of the little book, "Message to the Unfortunate Suffering." Ask any Druggist as to our standing.

☞ $1,000 REWARD will be paid to any Chemist who will find on analysis of 100 bottles of S. S. S., one particle of Mercury, Iodide of Potassium, or any Mineral substance.

Railroad Commission Bill.

The following is the majority report of the committee of the Senate on the Railroad Commission bill:

The General Assembly of North Carolina do enact:

SECTION 1. There shall be in and for the State of North Carolina a board of railroad commissioners, to consist of three competent persons, who shall be elected by the general assembly. The term of office of said commissioners shall be four years from the date of their election, and if a vacancy occur in the board, the governor shall appoint a commissioner to fill such vacancy until the next session of the general assembly, when an election shall be held to fill the unexpired term. It shall be the duty of the governor, when the election of said commissioners has been certified to him by the chief clerks of the two houses of the general assembly, forthwith to issue to such commissioners the proper commissions of office. The said board of commissioners shall have power to appoint a clerk and prescribe duties. Before entering upon the discharge of their respective offices the said commissioners and their clerk shall take and subscribe before the clerk of the superior court of Wake county an oath that they will support and maintain the constitution and laws of the State, and faithfully and impartially perform the duties of their offices; the said oaths so taken and subscribed shall be filed in the office of the Secretary of State. No person in the employ of, or holding any official relation to, any railroad corporation, or owning stock or bonds in any railroad corporation, or who is any manner pecuniarily interested in any firm or corporation having business relations with any railroad corporation shall hold either of said offices. Each of said commissioners shall be a resident and citizen of this State.

SEC. 2. The annual salary of said commissioners shall be three thousand dollars, and that of their clerk twelve hundred dollars, to be paid quarterly out of the treasury. The principal office of said board shall be in the city of Raleigh; and said board, or a quorum thereof, shall meet at least once a month at their office in Raleigh, and a record of their proceedings shall be published in their biennial report to the Legislature. Said commissioners shall be supplied with necessary postage, stationery, office furniture and appliances, the expense thereof to be paid out of the treasury quarterly.

SEC. 3. Any two of said commissioners shall constitute a quorum for the transaction of any of the business or duties of said board, and may hold meetings at any time and place within the State. All examinations or investigations hereinafter provided for may be held and taken by and before any one of said commissioners, if so ordered and directed by the board, but the proceedings and decision of said single commissioner therein shall not be deemed final and conclusive until approved and confirmed by the board.

SEC 4. Said board of commissioners shall have power to administer oaths in all matters relating to their duties, and shall have the general supervision of all railroads and railways, and shall examine the same, and keep themselves informed as to their condition and the manner in which they are operated, with reference to the security and accommodation of the public and the compliance of the several corporations with the provisions of their charters and the laws of the State, and especially as to whether any of said railroads unreasonably and unjustly discriminate as to freights charged by them. It shall also be the duty of the said board of railroad commissioners to investigate the causes of any accident on a railroad which in their judgment shall require investigation, and the result of such investigation shall also be reported upon in the biennial report of the commissioners to the Legislature; and it is hereby made the duty of the general manager of each railroad in this State to inform the said board of any such accident immediately after its occurrence.

SEC. 5. Before proceeding to make any such examination or investigation of the condition or operation of any railroad in this State, or any accident thereon, in accordance with this act, said board shall give reasonable notice to the corporation, person or persons conducting and managing the same, of the time and place of entering upon said examination.

SEC. 6. And such board of railroad commissioners shall have power, for purposes provided for in this act, to examine the books and affairs of any railroad or corporation, or to compel the production of copies of books and papers, subpœna witnesses, administer oaths to them, and compel their attendance and examination, as though such subpœna had issued from a court of record of this State. The fee of witnesses before such railroad commissioners shall be one dollar for each day's attendance, and five cents per mile travelled by the nearest practicable route in going to and returning from the place where the attendance of the witness is required. All the subpœnas shall be signed by the secretary of the commission, which shall state the number of days which each witness attended, and the number of miles traveled. The expenses herein incurred shall be paid out of the treasury as other expenses provided for in this act.

SEC. 7. Whenever any such examination of the affairs of any railroad corporation shall take place in which such board shall require the examination of the books and affairs of such company or corporation, or the subpœnaing of witnesses who are in the employ of such company or corporation, the board or a commission thereof shall sit for such purpose in a city or town of this State where the principal business office of such railway corporation may be situated.

SEC. 8. The board of commissioners, however, shall have the power to require copies of books and papers, or abstracts thereof, to be sent to them to any part of this State. And the provisions of this act shall apply to all railroads and railways, and the corporations, receivers, trustees, directors or others owning or operationg the same; and also to all sleeping and drawing room car companies or corporations, and to all other associations, partnerships, companies or corporations engaged in transporting passengers or freight upon any railway as lessees or otherwise.

SEC. 9. Whenever in the judgment of the railroad commissioners, it shall appear that any such corporation has violated any constitutional provision of law, or neglects in any respect or particular to comply with the terms of the act by which it was created, or unjustly discriminates in its charges for services or usurps any authority not by its act of incorporation granted, or refuses to comply with the provisions of any of the laws of the State, or with any recommendation of the board of commissioners, they shall give notice thereof in writing to such corporation and if the violation or neglect is continued after such notice, the board may forthwith present the facts to the attorney-general, who shall take such proceedings thereon as may be necessary for the protection of the public interest.

SEC. 10. Whenever in the judgment of said railroad commissioners, after a careful personal examination of the same, it shall appear that repairs are necessary upon any railroad in the State, or that any addition to the rolling stock, or any addition to or change of the stations, or station houses, or that additional terminal facilities shall be afforded, or that any change in the rates of fare for transporting freight or passengers for the purpose of preventing unjust and unreasonable discrimination, or that any change in the mode of operating the road and conducting its business is reasonable and expedient in order to promote the security, convenience and accommodation of the public, the said board shall give notice and information in writing to the corporation of the improvements and changes they may deem to be proper, and shall give such corporation an opportunity for a full hearing thereof; and if the corporation refuses or neglects to make such repairs, improvements and changes within a reasonable time after such information and hearing and shall not satisfy said board that no action is required to be taken by it, the said board shall present the facts in the case to the attorney-general for his consideration and action, and shall also report the same facts in a special report or in the biennial report to the legislature. And for the purpose of carrying out the provisions of this act, the attorney-general is hereby authorized, directed and impowered to institute the proper action to annul the charters of such railroads as violate the provisions of this act.

SEC. 11. Every railroad corporation shall at all times, on request, furnish the said board of railroad commissioners any necessary information, required by them, concerning the condition, management and operation of its railroads, and particularly with the rates of fare for transporting freight and passengers upon its road and other roads with which its busines is connected, and such railroad corporations shall at all times, on request, furnish to such board of railroad commissioners copies of all contracts and agreements, leases or other engagements by such corporations entered into with any person or persons, corporation or corporations. But said commissioners shall not give publicity to such information, contracts, agreements, leases or other engagements, if, in their judgment, the public interests do not require it, or the welfare and prosperity of railway corporations of this State might be thereby otherwise injuriously affected.

SEC. 12. Every officer, agent or employee of any railroad company who shall, upon due notice, neglect or refuse to make or furnish any statement or report required by said commissioners in their judgment necessary to the purposes of this act, or who shall wilfully hinder, delay or obstruct the said commissioners in the discharge of the duties imposed by this act, shall be guilty of a misdemeanor.

SEC. 13. No personal examination, request or advice of said board of railroad commistioners, nor any investigation or report made by it shall have the effect to impair, in any manner or degree, the legal rights, duties or obligations of any railroad corporation or its legal liability for the consequence of its acts, or of the neglect or misnamagement of any of its agents or servants.

SEC. 14. The said board of railroad commissioners shall make a biennial report to the legislature of their doings, including such statements, facts and explanations as will disclose the actual workings of the system of railroad transportations in its bearing upon the business and prosperity of the State, and such suggestions as to the general railroad policy of the State, or the amendment of its laws, or as to the condition, affairs or conduct of any railroad corporations as may seem to them appropriate.

SEC. 15. And it shall likewise be the duty of such commissioners to take testimony upon and have hearing for and against any proposed change or the general law in relation to railways, if requested to do so by the Legislature or by the committee on railroads of either house of the general assembly. There shall be printed as a public document of the State five hundred copies of the biennial report of the railroad commissioners, with the returns of the corporations, for the use of the said commissioners, and to be distributed to such railroad corporations and other bodies of persons interested therein, in the discretion of the commissioners.

SEC. 16. That said commissioners may prescribe a time schedule for passenger trains on all railroads in this State, or doing business therein.

SEC. 17. Said railroad commissioners or either of them shall have the right, in their or his official capacity, to enter and remain during business hours in the cars, office and depots, and upon the railroads of any railroad company within this State, in the performance of official duty; but said railroad commissioners shall not directly or indirectly, solicit or request from or recommend to any railroad corporation, or any officer, attorney or agent thereof, the appointment of any person or persons to any place or position, nor shall any railroad corporation, its attorney or agent, offer any place, appointment or position or other consideration, to such commissioners or either of them, nor any clerk or employee of said commissioners or their clerk or clerks receive or request any pass, present, gift or gratuity of any kind from any railroad corporation; and the request or acceptance by them, or either of them, of any such place or position, pass, presents, gifts or other gratuity, shall work a forfeiture of the office of said commissioner or clerk who shall be guilty thereof. Any violation of this section, or any part thereof, shall also be deemed a misdemeanor and punishable as such.

SEC. 18. And any commissioner who shall secretly reveal any information gained by him from one railroad company to any other railroad company or person, shall be guilty of a misdemeanor.

SEC. 19. Any commissioner convicted of any misdemeanor, as specified in this act, shall forfeit his office, and upon a certified copy of the verdict and judgement in such conviction being exhibited to the attorney-general, he shall institute proper proceedings to vacate the office of such commissioner.

SEC. 20. The annual expenses and salaries of said railway commissioners and their clerk, including office rent and all other expenses provided for by this act shall be borne by the several corporations owning or operating railroads within this State, according to their gross income to be apportioned by the State auditor. On or before the 1st day of June, in each and every year, the said auditor shall assess upon each of said corporations its just proportion of such expenses, in proportion to its gross income received from transportation for the year next preceding that in which the assessments are made. Due notice of such assessments shall be given by the auditor to the respective corporations, and if the same are not paid within a reasonable time after such notice, they shall be recovered by the attorney-general upon motion in the superior court of Wake county, after a notice of ten days—the said motion to be in the name of the State for the benefit of the railroad commissioners.

SEC. 21. And in order to carry out the provisions of this act it is hereby made the duty of each and every president or chief officer of the several railroads operated or doing business within this State, to submit to the autitor of the State a sworn report or statement showing the total amount of gross earnings of said railroads as herein provided on or before the 1st day of June in each and every year. The provisions of this act shall apply to all railroads operated partly within this State, and in submitting the report herein provided for, such president or chief officer shall state therein the amount of such gross earnings upon that part of such road or roads operated within this State as nearly as the same can be ascertained or approximated.

SEC. 22. The amounts assessed upon the several railroads as in this act provided shall be paid by their president or chief officer to the State treasurer, and shall constitute in the hands of such treasurer the fund for the payment of the railroad commissioners herein created and provided for.

SEC. 23. All acts and parts of acts inconsistent or in conflict with the foregoing provisions are hereby repealed.

SEC. 24. This act shall take effect from and after its ratification.

The Pretty Lily.

New Orleans Times-Democrat.

The superiority of the United States in the beauty of our women is no longer a debetatle question. It is conceded on all hands. Even Offenbach, the most predjudiced foreigner who ever visited these shores, admitted without reservation that he saw more pretty women in New York than in London and Paris put together. He satirized and ridiculed most mercilessly nearly everything else he saw on this side, but when it came to the women he changed his tone to one of singular respect and admiration. Apropos of the subject, Mrs. Langtry the famous English beauty, has just left our city. At home she was one in ten thousand facile princeps in the contest for the award of loveliness. Here she is still a charming person, but not by any means queen regnant. We venture to say that in any of the audiences she has had at the St. Charles Theater, there have been a score of women superior to her in every attribute of beauty. At the carnival german on Friday night she was outstripped by dozens of ladies present. But all this is neither here nor there. Mrs. Langtry is quite as beautiful in this country as she was at home. She attached pre-eminence there by force of contrast; here she is in the ruck.

This is Better than Trying to Steal it.

WASHINGTON, Feb. 12.—The Senate judiciary committee to-day agreed to report for passage a bill providing for the purchase from George Washington Parke Curtis Lee, of the entire Arlington estate, comprising 1,100 acres, near Washington city, and including the national cemetery, at a tatal cost of $150,000. Accrued taxes, some $15,000, are to be paid by General Lee, who has agreed to the terms proposed by the committee.
